I love you brothers, you my inspiration.
inspiring me to do more.
now I love more and hate no more.
us against the world, oh man the spirit we have.
we shall prosper and conquer the world.
our relationship will last until forever.

my blood brothers, I pray that this relationship is meant to be forever. nothing
can separate us.
we are here to stay, injury to one injury to all.
we are the brothers of peace, we are soul brothers.
let us be thankful to our dearest god to bless us with this relationship and this
opportunity.
together we shall live forever more.
we represent rainbow nation.
I salute to my fellow blood brothers.
four brothers is our story.

You Gave Me Nothing

I fought for you, and you gave me nothing.
I sacrifice for you and you gave me nothing.
I support you and you gave me nothing.

your pillar is what I am to you.
comfort you when you depressed.
give you hope when you despair.
pick up the pieces when you messed up.

I am not expecting you to do the same.
you carry on like that.
you need me but I don't need you, but it's fine.
I don't know why, but I won't give up on you.

my friend, I am not your friend,
but you are my friend.
you are not my ally but I am your ally.
you are not my foe.
