With A Pain In Her Heart

She woke up with a pain in her heart.
Pain of missing you.....
Pain of losing you.....
Pain that is killing her

It is slowly stabbing her vulnerable heart.

She couldn't understand why,
It is so hard to let go of a hand.
A hand...Full of mysteries and lies.

Her life scrambled,
When you begun to dance.
A mystic dance she could not jive.

The dance floor was full of colorful beams,
Man without a face dances in the stream.

It was such a nightmare to be on that floor of teams,
For you would loose yourself fighting as one man team.

You And I

You and I –
In this astounding
Blaze
We'll take
Each others hand
And paint our love
In a pallid wall

You and I –
In this enchanting
Flight
We'll soar high
In unison
Taking parallel lines
As direction

You and I –
In this baffling
Fate
We'll unravel the riddle
Like allies
And let destiny seize us
To wherever we ought to be

You and I –
In this stiff
Mountain of Everest
We'll climb the icy terrain
In the vein of an expert
And be on the summit
To have our liberty

You and I -
Is there really you and I?
Made for us in veracity
Or we still have to wait
In eternity?
'Coz in your eyes I can see
Your dreams of you and me

No way to run
No where to hide
For you have captured my heart
In this vindictive life of mine

You'Re The Only One

As the sun shines in the east, my love will never fade,

For you light up my world, when the clouds are gray.

You give me inspiration to rise on my bed,

For your face is the only one I want to see to begin the day.

You're the only one I need to make my life complete,

For you are only the missing pieces to make my dreams come true...

All of these words I say to you are true my love.

For I asked Him and He have given you to me.

Never doubt it...I know...

'Coz I could still remember the first time I saw your face,

And you gave your most wonderful smile...

The world stopped from turning...

For you had captured my heart eternally.

As the breathe of earth whispering to the sea,

And the waves kiss the shore...

My love for you will be crystal clear and heaven's bless.

For you're my rainbows in the sky touching the mountains after the rain,

So let our love shows as the season plays...

You're my song in every lonely night,

That sings to my heart like a lullaby.

So let our love dance in the symphony of life...

You're the flower that blooms in the garden,

That gives me sweet butterflies.

So let our love fly like the birds in the sky...

Let our love binds us together even in another lifetime...

Loving you always...
