# A Little Boy Named Snoopy

There was a little boy named Snoopy  
He was always snooping around

He would go one place and then another  
One day, he looked and saw a beautiful vase with a cork

He picked up the vase, removed the cork and rubbed the vase  
A beautiful genie girl came out

Snoopy was afraid, but she said, 'Snoopy, don't be afraid'  
'Tell me, Snoopy, what would you have me give you? '

He said, 'I would like everyone to have health, wealth and  
happiness  
'That is a wonderful request and it is granted. Thank you, Snoopy'

# A Prayer For Clancy

God in Heaven Above  
My son, Clancy, You love

Bless him for all the things for me he has done  
Even including all the fun

He and I have done many wonderful things together  
And day by day, they get better

When he and this life do part  
I will take him in my heart

# An Aborted Child

Mommy, why didn't you want me?  
I would have been the most wonderful child to be

I could have given you joy  
As much as can be given by a little boy

As I was growing up, I could have done many things for you  
And always for you, I would have been true blue

I love you, Mommy  
I will be waiting for you in Heaven where it is always sunny

Chick-a-Ree, Chick-a-rum  
Hear my drum go Bum, Bum, Bum

When we reach the top of the mound  
We see how beautiful our country does abound

# Christmas Time

Christmas Time, Christmas Time  
Holy, Holy, Christmas Time

This is the time when Jesus was born  
So that, we no longer would be forlorn

He came to be the Savior of the World  
To help us be more spiritual in the world

Jesus is Love  
He came to teach us how to love

Some day, we will be with Him in Heaven above  
And there we will continue to love but with Divine Love

Commandments

# Curly

There was a goldfish named Curly  
He always got up for breakfast early

He would swim to the top of the tank  
So he would not be last in rank

# Did You Ever Think?

Did you ever think of how your body works  
Most of the time, it works without quirks

To me a quirk is an illness  
A quirk is not good for your body's business

One way to not get quirks is not to get mad  
And also do not get sad

Of course, God has given us medications  
And they come from trees, leaves and flowers  
which we must take care of with dedication

God wants us to be good stewards of our land  
and produce  
So that all the goodness does not reduce

Say your prayers every day  
So God will help us do His Way

God in Heaven help us, we pray  
To do all things Your Way

# Did You Realize?

Did you realize that everything that God made was for you?  
Read the Bible and find out it is true

He made the sun to shine  
All things that grow are yours and mine

He made water for us to drink and other uses  
You can mix fruit with water and make fruit juices

You drive a high speed racing boat on water  
The joy you get from racing will be all that will matter

God gave us a woman as a helpmate  
And to love her and never each other to hate

Did you ever realize that you should thank God for all He has given you?  
You should love God, your family, wife or husband and your friends, too

# Disestablish

When your life is going according to your chart  
Do not disestablish

When your marriage is going well  
Do not disestablish

When your children are doing well in all things  
Do not disestablish

When your business is successful  
Do not disestablish

When your car engine is purring  
Do not disestablish

When you are getting along with your neighbor  
Do not disestablish

When your bills are getting paid on time  
Do not disestablish

When your garden is growing well  
Do not disestablish

When you have good friends  
Do not disestablish

When you have good employees  
Do not disestablish

# From Age To Age

As we go from age to age a different avatar we have each age  
An age is 26,000 years long

Each age we have a new avatar (messiah) like Jesus Christ  
Each messiah teaches us things we need to know

The present age Pisces ends December 21, 2012.  
When Pisces ends, Aquarious will begin

The symbol for Pisces is the fish  
The symbol for Aquarious is a man with a pitcher of water

The end of the present age is not the end of the world  
Dear Friends, God's Big Picture is not completed

# Good Ole Dad

I'll miss him when he goes to the Other Side  
I will bide time until I am by his side

He taught me many a thing  
That made my heart sing

He taught me how to love others  
Because they are my sisters and brothers

He taught me about family life  
How to love family and wife

Although, I am still single  
He taught me to keep coins in my pocket to jingle

I'll miss him, Good Ole Dad  
I'll try hard not to be sad

# Gratitude

Very few people now-a-days say 'Thank yoy'  
I wonder where thankfulness has gon, don't you wonder, too?

What can we do to bring it back?  
So it will no longer stay in the sack

I have an idea-Each time someone gives you a gift  
or does something for you, say 'Thank you'  
If you do this all the time, perhaps it will catch  
on and many more will say 'Thank you'

When this idea of mine becomes a reality  
Then everyone will have gratitude as a reality

The first moment of your birth is your birthday  
You have only one-All the rest are only anniversaries

This gives one more time to become an Ascended Master  
If you become an Ascended Master on Earth, you are known as an Unascended Master

An Unascended Master does not have to return to Earth  
His mission is completed and he has learned all of his lessons

He would go to an eating place  
To have dinner with his lady love Grace

After dinner, the loggers would go to the bars  
To have their drinks of beer, brandy, whiskey or rye  
But do not drive cars

# Long Suffering

God is long-suffering  
He gives us time to realize many things

We are on Earth to learn lessons  
It takes whatever time it takes

After we have learned all our lessons  
We do not have to come back to Earth

Some of the lessons we must learn are to conquer fear  
To learn love, compassion, patience and to conquer hatred

In all, there are about thirty lessons to learn  
So, it takes whatever time it takes

If my recall is correct  
One learns a lesson each time he is on Earth

I have learned all my lessons  
So, I do not have to come back to Earth

To help get rid of all our fears

But, never the less, it is very grand

Depending on what knowledge is needed

The fourth man was Jesus who was communicating with the fiery salamanders to

# The Love Of Jesus

Jesus loves you that is true  
Because of all the things He did for you

He came to you as a baby true  
To show you He was human, too

He helped His foster father, Joseph, build houses  
for their neighbors  
So they would have no labors

He also traveled the country wide  
On a camel, a gift of merchants, to ride

There was a time Jesus saved a child from a fire  
Because all the people were afraid of the fire

He was nailed to the cross  
So that you could the Bridge to Heaven cross

If you really loved your neighbors, too  
I am sure you would have done all the things that  
Jesus did for you

Many people have forgotten the power of prayer  
This poem is to remind them of prayer

When you prayer, be in a peaceful mood  
And all your prayers will be heard by God and reviewed

There are times when God says 'No'  
Because there is someone who needs what you asked for more than you do

When you pray, pray for yourself and others  
Because they are your sisters and brothers

# The Rabbit With The Indigo Fur

There was a rabbit with indigo fur  
He wanted to have white fur like the others

The rabbit asked God for white fur like the others  
God said, 'No'

The rabbit asked God, 'Why'  
God said, 'Because I want you to be the first indigo rabbit in the world'

The rabbit said, 'As You Will God'  
I will do as You say and so it was

# The Right Side Of The Road

Stay on the right side of the road  
Whatever you do, be careful of what you do  
There will be no accidents for you to do

Stay on the right side of the road  
Whatever you do, be careful of what you do  
You will not force someone in the ditch so they won't sue

Stay on the right side of the road  
Whatever you do, be careful of what you do  
Be sure to help a needy motorist is something you can do

Stay on the right side of the road  
Whatever you do, be careful of what you do  
Give someone in need of a ride is something you can do

Stay on the right side of the road  
Whatever you do, be careful of what you do  
God will Bless you for whatever you do

# Three Feet To Heaven

We are only three feet from Heaven  
Three feet above in another dimension

All your deceased pets, family and friends  
are awaiting your arrival  
There will be a party for you upon your  
arrival

If you recall Jesus saying about Earth  
'This is not My Home'  
What He meant to say was Heaven is His Home

It will be a great joy to be with Jesus in Heaven  
Because Heaven is your home, too

# Trixie

When I was very young, we had a collie named Trixie  
She was a nice dog and I liked my Trixie

One day, she got the wrack  
And she left and never came back

I miss her very much  
But, I know I will see her dog-spirit in Heaven as such

## Wise Sayings

Do all the good you can do in a minute  
Because you will never relive it

Help all your friends  
And you will never get the bends

Did you ever realize that each time you praise others  
for the good they have done  
You are also praising God

You have unlocked the door of my heart today  
Snuggle in and stay

Give your love to others without fetters  
Let it flow for bettters

No one can change you  
The only one who can change you is you

# Zippy

There is a little boy in the next house whose name is Zippy  
He always wanted to be a hippy

When he saw what some hippies do  
He changed his mind and said will not do

Then he wanted to be a railroad engineer  
So he could take people far and near

When he grew up, he became a railroad engineer  
He was the best and everyone gave him a big cheer

When he retired and stayed at home  
Many people came to visit him and he never had to roam
