A Deep Empty Hole In My Heart

A Deep Empty Hole in my Heart

This pain is over coming.
I can't take much more of this.
I feel so numb all the time.
I am so weak and I can't fight this off.
I scream out for someone to help me.
I wish this feel would go away.
Please god to take this pain away from me.

I hate the fact that I have to go threw this depression all by myself.
Now I am on the floor in pain because of the numbness that will not go away.
I feel so sad all the time.
I wish I couldn't feel like this anymore.
No one care about me anymore.
I find that nothing makes me happy anymore.
So many times I try to make myself happy and Fails all the time.
I miss being with my love.
I wish that you could come back to me.

I try so hard not to think about you.
Every time I try to think about you I always end up hurting myself.
When I do Started to think about you and always end up feeling so numbness.
Than comes the darkness from my heart.
Than I fall into a deep depression.
I am so sorry my love that I feel like this.
I wish that you could take away all my pain.

I hate feeling so numb.
Please I wish someone could help me.
I wish you could understand what I am going threw.
Please Understand That I love you so much.
And I wish that I could be loved by you.
Please my love Come back to me I need you here with me.
Every time I try to tell you something you always have to start fight about it.

Sometime I do wonder if you really love me.
Or you are just saying that.
I just want to know that truth on how you feel about me.

Believe me when I say I do love you.
And I don't want to lose you.
This is only thing I wanted you to know before I try to commit suicide.
I hope you could forgive me for everything I have done and said.
Even Now it still broke my heart to say this to you in person.
That is why I am writing this note for you.
I love you my love.
Bye my love.

Alone In The Dark

Alone in the Dark

I am so alone in the dark.
I am trapped between dark and light.
I am the only one here.
I wish I could move on to the afterlife.
But I can't.
Why am I trapped here in no where?
The keeper of the underworld is trying to take my spirit for the keeping.
But I don't want to leave this world, because I am not finish with it.

I am alone in dark.
I am still trapped here.
When I can I move on to the afterlife.
The Creation knows that I have been a good person in life.
I shouldn't be here in the dark.
I should be in the creation's light, not in the keeper's darkness.
I wish the creation's light would be enough to lead me to the creation but it is not enough for me.
Please creation help me through this pain.
I want to be in the in the creation's light.
I pray to you oh- Creation please help me.

I am alone in the dark.
I don't want to spend eternally in the underworld.
I see a light it might be the creation's light.
She is hugging me in her hope.
I feel happy that I am being the creation.
Now I am at peace.
The keeper can't hurt me any more.

I am at peace finally.

Is it because I lost my faith in you?
Maybe its because I am a fallen angel or what?

your side.

I will be never happy in tell you bring me back to heaven and let me become an

You know the story how I was betrayed by god.

I wish I would never be in heaven again.

My tear starts to fall down my face.

Like the rain that comes now it's gone.

Like my heart.

I can't believe that I am a fallen angel and god never let me into heaven again.

Anything that I did you he was from my heart.

I just have moment in heaven to say good bye to all of friend I am got dead tonight and heaven will not caught who do I look to bring me down very safely who is out there.

April Showers

April Showers

I was walking through the woodlands and then it started to rain.
It is in the end of April.
The rain starts falling.
I thank God for given us the rain for plants.
God answer my pray.
The sun is shining down on me, but it is still rain.
I started to walk to my house, and step into my garden and notion that the flowers are coming up.

Every time a rain dropp fall, I cry.
I can feel the rain before it fall.
I know when the lord is going be send us the rain.
The April shower fall again.
It is passed midnight, and the April showers are still fall.
I can hear the rain fall, and it is beautiful sound.

I tended to my garden while the April Showers are falling.
I go into my house, and make some tea, and sit down watching the April showers fall.
I noticed the weather is changing into a storm.
The April Showers has turned into violent storm, I ask God to protect my beautiful garden from harm.

This violent storm will not harm my beautiful garden.
Night has passed morning is here.
The storm is done.
The rain stops falling.
I step outside, the mud is every where.
My flowers in my garden are blossoming thanks to God and Mother Nature that given us the April Showers.
The sun is shining down on my beautiful garden.

It is in this middle of the day, and the April Showers was falling again.
I look up in the sky, and I see a beautiful rainbow.
Now I know it is the end of April.
The April Showers has ended.
It is May now.

The trees are blossoming now.
The grass is green.
The weather is warming up.

I go outside to tend to my garden once again, and I felt a rain dropp touch my skin.

I run into the house once again before a raindropp touches the ground.

The April Showers doesn't end.

This is the April Showers.

Christmas Holiday

Christmas Holiday

It is November and the leaves are turning colors.
It is raining again.
Why is it raining again?
It make me sad when I hear the rain fall from the sky.
I am lying down on my bed listen to the rain.
I hate the rain because it makes me sad, and depressed but I love listen to the rain.

It almost time for Christmas.
That mean there will be snow coming soon.
November pass by like dust.
There is snow, and it is wet and cold for me.
We celebrate the Wicca holiday and Christmas holiday.
We light the candles and we chant.
After we chanted we sat down and eat some fish.
My other family are happy but I am depressed again.
So I keep quiet and eat the rest of my food.

There is snow fall down on the ground.
It is a white Christmas.
It is after midnight and it is still snowing.
I wish I could go home and be alone in my room.
I start getting restless and tired.
So I go in the bathroom and to cry.

No one motioned that I was cry in the bathroom.
No one come to see what is wrong with me.
No care about me.
I am still in the bathroom just wishing I could go home.
Three hours has pass by and we are still here.
I am tired of by here.
I just want to sleep on my own bathroom.
So I go in the kitchen and sit down at the table eating more fish.
So I went to the couch and lying down, and fall sleep and I was dreaming about wolves.
The dream was nice and sweet.
I wish that really happen in real life.

Than someone woke me up.
I love white wolves in the snow.
The snow is coming down fast and heavy, and I wish it was not a white
Christmas.
The snow down throughout the night.
So I go back to couch and fall back to sleep.
I was dreaming about that white wolves in the snow again.
They are so beautiful in the snow.

It is Christmas morning and we are opening up presents and we are standing
around the Christmas tree.
After we opening up our presents we sat down at the table eating a big
breakfast.
We started to sing Christmas carol and I start to feeling little bit depressed so I
went into the other room.
The only thing I want to do is to go home and lying on my bed but I know its not
going to happen.

It is Christmas day and we are still at my aunt's house.
Three hours has pass by and it is time for dinner time.
We are eating some turkey and with vegetables and cranberry sauce.
Everybody is laugh and joking around.
No one motioned how unhappy I have been this pass Christmas.

I just keep to myself and continue eating my food.
After we ate our food, we sat at the and we play a board game for the rest of the
night.

That was my family Christmas holiday.

Here At The Cottage Again

Here at the cottage again

I am so emotional right now ...
I wish all of my pain could go away.
And I am at the cottage again, sitting down writing this poem.
And thinking about my depression and how emotional I am.
It has been 11 months since my dark lover has leave me.
And I haven't been myself since he leave me.
My wrist is scar free for 10 months.
But sometime I wish I could just kill myself and not worry about my life any more.
My heart is black and cold.

We are at the lake for the second time.
The fire is bright and the weather is cold but beautiful.
I have all the time in the world to relax and not think about you.
The water is so clam and quiet.
It finally day time and I don't sleep at all last night.
I was up all night thinking about you.
And I know that you have pass on.
And now I know you are one with the earth.
And I am happy about that.

A month pass by and I am standing over you tombstone.
Tears fall down the my face.
Now I can't stop crying.
I don't understand why I cry so much when I see your tombstone.
I am tired of cry all the time.
It a full moon tonight and every other night this week.
The weather is still cold and I am still emotional.
So I start writing in my diary again and again.
Trying to understand what is make me emotional all the time.

So I make cup of tea and I light up the fireplace.
And I start thinking about life.
Than I start to cry because every time I think about my life, I start thinking the things I regret doing when you were still alive.
The one thing I do regret doing is letting you leave me that day when you die.
I feel so sorry for letting you dead.

I am so sorry for hurting you.
I love you very much.
And I never wanted you to leave me.
Now I am hurting from the lose of you.
Your death really damaged me.

I cry all the time.
I wish that you were still alive to take care of me.
I wish I could stop crying over your death.
I am still at the cottage.
The fire is bright and the stars are out.
And my family is with me.
My family has no idea how damaged and depression I am.
I wish that they could understand whut I am going through.

They will never understand whut I am going through.
I cry a lot since you have dead.
And no one understand me.
I wish my family and everybody else could understand me.
It's raining outside.
There is a full moon tonight and it is so bright.
There is black crows outside in the rain.
I lock myself in my room tonight and I am crying again.
I miss you.
I miss being with you.

I cried myself to sleep last night.
And now it's daytime and it's still raining.
I just wish for this pain to go away.
I am still here at the cottage.
I am one peace here at the cottage.
I wish you could be here with me.

Please I wish you could be with me.
I am so lonely without you.
I cry all the time because you are not here me.
Please come back to me, not in person but in spirit.
It always rains down here at the cottage.
I am in back pain right now.
I am depressed too.
I wish I had someone to take care of me.
Please goddess bring someone into my life.

Someone who could take care of me.
I am so lonely here at the cottage.
It's fall and the leaves are turning colors.
I may have left the cottage but my spirit has remained here at this place.
My memories of your death would remain with me forever.
But now I have to live my life without it.
This is the last time I will be here at the cottage.

Good bye my lover.

Here At The Lake

Here at the lake

I am at the lake and I hoping to see your face again.
Here at the lake its so beautiful and peaceful.
It take away all of my pain and depression, and all the sadness in this world.

Here at the lake.
I don't have think about you.
I don't have cry every time I think about you.
I feel so free out here.
It feel like the clear air has healed me just for this weekend.

Here at the lake.
The water is nice and clean.
Right now I feel so at peace.
Sometime I wonder why you can't stay with me.
Sometime I wonder why you can't stay in this relationship with me.
When I am at home I feel so lost and rejected by you.
When I am at home, I cry when I think about you, because I know I will never be with you again.
And never able to see your face again.

Here at the lake.
I feel much better here at the lake.
At night it is so clear and pitch black.
The stars are so bright.
The fire is burning so bright.

Here at the lake.
Sometime wonder why you left me.
I hope know that I loved you, and I hope you know what you are doing.

I still wish you could be part of my life still.
Now I know you could never be part of my life never again.
I am here at the lake when we both meet.

Here at the lake.

The pain is non thinkable.
When I try to think about the pain it got lost in my mind.
My whole arm plus my wrist is so weak.
The pain is very painful today I cannot feel anything.
Why do I feel this way?
I can still hear the wolves crying.

Sometime when I hear the crying of wolves I sometime cry with them.
Please god something as come over me, and now I need your help with this.
A Disease I have now, and this disease will take my life.

No life no death just a very painful death.
Now I crying while I am pray to god.
So now my tear turn to blood.

A world without me will fall into darkness.
This world is terrible now.

Why I am alone, disappearing.
Why god, or is there some else there right now.
Can they hear my cries?
I need someone to hear now.
Because I am dying and I need your power to make me young.

In The Darkness

I am in the shadows.
I am hide in the darkness.
I am harmless in the darkness...
Please god helps me...
Why am I here?
Please god just take me to heaven.
I just want to be free from the darkness.

Man comes to at night.
In than he hides in the Darkness.
And than he sucks my blood.
What is he?
Why has he come to me?
He say he want me.
But why does he want me.
I feel good when I am in his arms.

I see heaven in his eyes.
Why do I feel this way?
Touching you making me feel something I never felt before.
I have been unhappy even since you left me here alone.
The deep sadist in my heart ...its deeper than anything even felt before.
I wish that I had someone to help me.
However, I don't have anyone.

I cut my wrist and than my wound started to blood.
Than my love came back and saw me on the floor.
Before killing myself I wrote my love a letter.
I left a black rose at the side of the note.
A tear dropp down from my loves face when he is reading my note.
An guardian angel come toward him.
The guardian angel whispered to him your wife as commit suicide.

Please help her get into heaven.
The guardian angel whispered to him I would do whatever I am able to do.
I can't hand be part from her.
For that reason, if I can be with her, I will kill myself.
Therefore, I gap a cable, and I hang myself.
I will go to hell for all of my sin.

Farewell terrible world.
That was my last words to everyone.

I am no one.
I am now a spirit.
I am in the afterlife, wait for god to send me to paradise to be next to my wife.
I can't wait for her to come to me.
I feel so lonely without my love.

I just would like to be with her
Why God?
Why can't I see her?
I would die for her.
Please can I see her, just want to see her for a moment.
I will be so happy if I can see my wife for a moment.
Please god?

I wish you could let me see my wife.
Please?
I want to be with her right now.
I can see my beautiful wife.
Heaven is beautiful at this moment, we are together now.

My Broken Heart

My broken heart

My life has been big lies.
I can't take much more of his lies.
He lies about what he has been doing.
He lies about where he works.
Now I know truth now.
There is nothing he can do about it.
I just left him to die there.
I don't need him anymore.
Our whole relationship was just a lie.

But my love for you is poison by your lies.
But sometime you make me sick with your lies.
But sometime I think that still needs be my side.
But I wish you can love the way I love you.
I scream for you to help me.
But you don't answer me back.
Why?
Do you hate me so much?
That our love is a one big lies.
When you lie to you, you just broke my heart.
I can't talk to you any more.
I can't be your side any more.

You don't wanted me be your side.
You don't think I am beautiful any more.
You just yell at me all the time.
I cry all the time.
Just to take away my pain.
I wish you can talk to me about this problem.
Why do you hate me?
I try so hard to love you.
I still want you to love me.

Why did you just leave me alone?
Why did you just leave me alone?
Why are you selfish?
Why should I let hurt any more.

You tell me, that you wouldn't hurt me.
But you lie about that too.
Why do you lie about yourself?
You are so lucky I still love you.
I am now tired of your lies.
I hate you now.
You told to believe in myself.

You take that away for me.
I hate you for the way you broke my heart.
I scream out for you.
I cut just to know that I am alive.
I cry to know that someone out would hear my cries.
I run away from you because you are never here for me.
Why do I really belong in this world?
Do I really belong here with you?
You don't make me feel better.
You just make me feel like shit.

No more feeling like this.
Everybody broke a part of my heart.
Now I dead with an empty heart.
That everybody broke.
Bye you selfish people.

He was pale white, and hair was black and he take me by the hand and kiss it.

Another month has by and felt so happy being with you.

And than he finally ask me to marry him.

The wedding was beautiful and dark.

The first time in my life I realist how dark you really are.

He cut my wrist up and start drinking my blood and now I know whut he is.

He is my dark lord.

He is a vampire.

Every night he would go into my room, and try to bite my neck.
Normally she kept on saying no you can't do this to me I am your wife.
So the dark lord take a razor-blade to my wrist and cut up my wrist and drinking
my blood.

And after he drink my blood he take me into the other room and he left me there
and he lock me in my room.

He left me food and water beside the doorway.

Whut should I do?

Should I stay with him nor should I leave him right now?

Another month pass by and I am still in room.

I can taste blood and metal in my mouth.

It is pass midnight and he come into the room with a razorblade in his hand.

The pain you caused me never will go away.

The abuse you put me through never will go away.

The cuts on my wrist will never go away.

I will never leave this place alive.

I look outside my window and it is raining.

It is always raining here.

I hate watching the rain fall down.

My husband is never around any more.

And he keep me lock up with no food and water.

Years has pass by.

And I still in this room.

I am weak and tired and I am hate myself for getting in this relationship.

So I broken the window open, glass is everywhere.

My wrist is bleeding and try to get out of the room.

So I jump out the window.

And think I broken my legs jump the window.

I try to get up and I keep on falling down.

And than I notion my husband was outside and he notion that I was bleeding and
my legs broken.

So I start run away from him and than he start to run after me hold his gun.

So run faster.

I notioned that there was old Church so I run into the old Church.

And than I start to pray for forget.

I can hear gun shot coming from outside the Church.

So I start to pray some more so he could hear me.

Some how I knew he would shot me for leaving him.

I could just picture it how.

I wish he could leave me alone.

But I knew he can't do that the find me in the church and said that " I will never let you leave me and the next time you try and leave me I will kill you."

So take his gun and I shot myself.

Before I kill myself I tell him I will never be your NEVER AGAIN.

This is the end for me.

Sometime I wish I had a best life at the end.

There is a lot of things I doing regret in my life.

The Dark Master

The Dark Master

I remember the first time that I fell for you.
You were so dark and sad.
No color in your face.
You wore all black and your hair was black.
The moon was at its highest point when I decided to go for a walk.
And that is where I saw you feed on her, I mean you feed on a young girl from
my dreams and her blood went down his pale white arm.

He walked toward me and kissed me with his beautiful bloody red lips.
And he pushed me away from him.
The only thing I remember is he hit me across the face.
I fell to the ground and he coughed me and he takes me to his castle on the hill.
I woken up by an aloud howl from outside my window.

You were right by side me.
I try to ask he question but he just walked away.
He say to me "I should go back to sleep."
I walked up to the window and I notion that it was still night time.
So I tried to go back to sleep but few hours ago he came into my bed and started
to bitten my neck and than he kissed me good night and left me in a sheet of
blood, I can feel my rushing down my neck.
And kept on say "why I'm trapped in this castle with a vampire for a master and
a lover"
Why can't I go home?
I can feel your cold pale white hands going down my body.
When he touch's me, he always told me the he will always love me, and I could
never leave him.
Or he would kill me before I had a chance to walk out that door.

I don't care about him anymore.
I am tired of being his slave.
I am tired of be in his castle.
I am tired of be lock away like a wild animal.
I am not a wild animal who has to be in a cage.
His heart is made out of ash.
He has no soul.
He doesn't feel anything.

I tired to stand to him, but I failed badly.
He hit me cross the face for trying to leave him.

He has no soul.
He hit me for the last time.
I can't take it much more of his fucken bullshit.
He tried to lock me up again.
I screamed for someone that can help me.
But no one came to help me.
This time I was close enough the window.

So I take my head and broken the window.
Blood came rushing down from my head.
I tried to stop the bleeding but I failed.
My master came in the room and fined me on the floor, bleeding everywhere.
He tried to wake up but I have already passed on to the underworld.
Before I die I wrote a suicide note to my master.
The love I had for him it disappears like dust.
That is my love for him nothing but dust.

I disappear like dust.
No one will miss me.
I was nobody.
I was just dust nothing but dust.
I can't see anything, all I can see is the darkness nothing else.
There is no heaven or hell just darkness.

My life was a waste of time.
Good- bye my sweet master.
I hope you read my suicide note.
Good bye sweet life.

I am the wolf that you can hear howling in the dead of the night.

I am Nature.

I am the Mother of all living things.

I have lost everything because of humans.

I have lost my home.

The ancient time was simply time.

They used to worship me.

They used to ask and pray for my guidance.

Now they like destroying my home.

Now they like destroying my plant life.

Now they don't worship me anymore.

Now they just love destroying that is in their way.

Who would help me now.

Who would care about me now.

Who would worship me now.

I have no one.

I have no home.

All I have is this disease you call Global Warming.

If no one helps me.

I will be dead.

I have no one turn to, I have no one who cares about me and my home.
