## Daniel Mason(05/19/1994)

I grew up in the rough city of Detroit. Always was the troubled child, who seemed to be different from most. going into middle school my brother was incarcerated and i seemed to be locked up myself. I was always use to the simple but wild streets of Highland park, especially Barber focus school's grounds. But half way through the 7th grade i moved to a larger house more suited for my family. I then began to attend Commonwealth Community Development academy, where i discovered my freestyle rhyming abilities. I liked rapping so i figured i would like poetry and i do. In fact its my 2nd greatest past time next to high school wrestling. I've always had inspiration to my lyrics but now it seems my favorite inspiration is My girlfriend Nickey 's the reason I found the site and still write today.

# A Little Less Love Than Necessary

I had Been looking for new love since february  
Dont Believe who said love is hereditary  
See thoughts of living alone will be forever scary  
Somebody call cupid or my love fairy

See trying to make it work is like working to make it right  
But wrong is still wrong at the end of the night  
Looking in the sky for my heart, its out of sight  
But you forced my heart to take that flight

Dirty love is so unsanitary  
So is a little less love than necessary

# Black Tear

I seek the normal and find whats Perfect  
I live for hell But heat isnt worth it  
I tend to create konflikt But u dont deserve it  
You are forever mine no need to Be nervous

As i follow the laws, all Black everything  
How do i create the Brightness in every dream  
Open your eyes this is the life of every king  
I hunger for anger or do i hunger for Everything

Missing the Places where i lived in fear  
Aiming at the front door forgetting the rear  
Reminising the Times when you were here  
This is how it feels to cry a Black tear.

# Can'T Back Down

You told me that you loved me.  
How'd that sound.  
You said you'd never leave me.  
You can't Back down.

You gave me your heart.  
I made that pound.  
You said it's forever.  
You can't Back down.

You Brightened my days.  
Removed that cloud.  
Vowed that we would last.  
You can't Back down.

I wiped a way your tears.  
You were music to my ears.  
Team work, clean work no more fears.  
You can't Back down after all these years.

# Crazy

Im crazy beyond the look of my face  
Strange deep down in a mental place  
Incased in my brain but still cant think  
Its deeper than emotion because my soul sinks

Kinda blue kinda red such opposite colors  
So confused Im different from the others  
I dont shame or wanna change this crazy state  
Because deep down crazy is my fate

Im black Im white Im heaven Im hell  
Im every pshco story you have to tell  
Im blood Im heart Im soul Im flesh  
Im CINO so im better than the rest

CINO-You aint gone CINO body like me

Msg: sometimes Its Best to be crazy, when I'm crazy nothing can phase me and never will.

# Dear Father....Why Should I

Dear father why should i respect u  
because u added my name on ur back as a new tattoo  
or because u screwed my mama  
and now u want me 2 be u

why should i like ur girl  
she dont like me  
she want it 2 be u and her  
4get about me

why should i speak 2 her when i enter my home  
its my house she should speak dats where i belong  
why should i except the wrong  
who cares if the truth takes to long

why should i smile in her face  
how about when she puts her hands on me i put her back in place  
why should i bite my tounge  
and when u yell at me make her feel like she's won

why should I live this chicks life  
she's not my mom or ur wife  
why should i put down the knife  
she took away my love why not take her life

why should I be like u  
u live in the same place that i do  
why should i not respect this world  
it brought me a gift and yes she is the sweetest girl

why shouldn't I be me  
its da only person I know how to be

why should I listen 2 u  
is it because u don't want me 2 be better than u

guess wat pops.....I love u 2

Msg: This is truly not personal but a friend had a problem and the best way to let it go is to write about 'em

# Die Alone

Day after day cry after cry  
tear after tear why after why  
fear of the same thing lie after lie  
why.....why

hustle after hustle burnin muscle after muscle  
kill after kill death after death  
my fear is now true  
my only family has left

code after code breakin them all  
why today do i have to fall  
gold after gold green after green  
but without someone to share it with what does that mean

Day after day hour after hour  
diner after lunch shower after shower  
roses finally hit my grave  
flower after flower

see when im gone just carry on dont morn rejoice everytime u here the sound of  
my voice just know that im lookin down on u smilin and they can feel it dang so  
baby dont feel no pain just smile back

# Drugs

Drugs in da mind its not a mental state.  
ur not hooked fool u just makin one mistake.  
food at da table but drugs on yo plate.  
we can c it in ur eyes drug is ur fate.

Here we go again back to the drug rythem.  
dude a little punk until the drugs hit em.  
he think hes tuff but not enough to quit em.  
got pills in his pocket guess wat he'll do wit em.

ur da biggest ur da baddest ur also on coke.  
u did the drugs so well then ya son spoke.  
first word was daddy second word was choke.  
just like u did mama before the gun spoke.

she bled he's dead even uncle took two to the head.  
now babys growin up on wat da neighbors said.  
hush the rush before da drugs get at ya.  
drugs coming your way why not let 'em pass ya.

Drugs in da mind its not a mental state.  
ur not hooked fool u just makin one mistake.  
food at da table but drugs on yo plate.  
we can c it in ur eyes drug is ur fate.

now please listen sing along 2 da beat.  
as ur walkin down the street just socks on ur feet.  
had to sell ya shoes just to get somethin to eat.  
Your a Life loser You suffered Defeat.

Msg: Don't let Drugs Control Your life. You only have one.

# Especially You

There are things that man was never measured to do  
Living life in the front But only sights the rear view  
It takes more than a woman to make a true BI24D feel Blue  
But i have love for all women Especially you

I frown upon life all old and new  
Whispers of strong evil that hides the truth  
I Planned to dawg ho's it felt full proof  
But the lady showed me love Especially you

Blinded in all directions I only see the Past  
One thought to my future my life wouldnt last  
There are a million ways to die i thought that through  
But i want to die with a woman especially u

It takes love to Be real and hate to Be false  
sure i feel like a man But you are the Boss  
Living for People and suffering no loss But you  
I live for their love especially you

Daniel Mason

# Fire

Deep down Im always heated  
Within my fiery soul  
Trying to overcome this flamin road  
Why cant I be normal why cant I be cold

Im a hot head off the top of the dome  
Eyes so warm i can blink and melt Chrome  
I myself is full of sin  
Because i cant chill the fire within

I find myself blinded in the moment of battle  
Only thing i recognize is my bright flaming shadow  
Even when im still my shadow Fades away  
But im still so hot at the end of the day

Cliche' cliche' things are never my way  
Makes me think of the times way back in the day  
When I was cool and Bro you remained heated  
But without my Big Brother Im easily defeated

I was cheated as a child growing up so rough  
But without you bro things are so tough  
The day you left was the day I changed  
Its like in every way our blood has excahanged

Im hot your cold...tellin me to take it easy  
But I never thought Id see the day when you'd become cheezy  
Im old your new Im new your old  
because without my big bro i could never be cold.

# I'D Much Rather Kill You

If you fault me and then spit at me -or  
If you jump me and run and think i wont come looking-or  
If you think im scared of you  
I wouldn't hide i'd much rather kill you

If you hit up my boyz and im not there-or  
If you caught one of my boyz by hisself-or  
If you fight one of my boyz one on one of gaurd  
I'd much rather kill you

If you Shot at me and missed-or  
If you stab me and i survive-or  
If you hospitalize me and i can breath  
I'd much rather kill you

If you verbally physically or mentally abuse my fam-or  
If you hurt my best friends and I find out-or  
IF YOU EVER HURT MY GIRL  
I'D MUCH RATHER KILL YOU

Daniel Mason

# In The Eyes Of A Poet

There was a Boy living in the struggle But he neva tried to show it  
Living a Brutal life even when he didnt know it  
Growing up in detroit aint easy Believe me  
Wanna quit But my lil Bro's need me

There was a teen living in a dream so devoted  
Living By the streets trying to stay locked and loaded  
Growing up in the hood ain't Breeze  
You gotta fight for what you want or give him what he needs

There was a man Living in the world, so he qouted  
Seeing life IN THE EYES OF A POET

Daniel Mason

# Love Lasts.....With The Right Girl

You want love 2 last  
and have great compassion  
still doesnt last  
the right girl is missing in action

You laugh 2gether  
smile 2gether  
but still have needs  
da right girl is missing tru, indeed

shes perfect u say  
but y did she leave  
the right girl is coming  
relation ship achieved

msg: True love lies in the eyes because the heart is a muscel that can be changed. And all beautiful eyes remain the same.

# Never Giving Up

Its easy to leave  
by your side is where  
Ill forever be

Daniel Mason

# Never Gone

Sometimes you look up and don't notice me  
Sometimes I'm too far off in a sea  
Sometimes it seems as if I disappear  
But I have to say in reality I'm never gone

Sometimes you see me as a cheater and don't want to see me at all  
Sometimes you see me as a meanie and wish I was gone  
Sometimes I feel shamed and can't show my face  
But baby I'm never gone

Sometimes my anger seems to separate us  
Sometimes trust guides us in different directions  
Sometimes we fly and one doesn't come down  
But I promise I'm never gone

Sometimes I act like I'm not there so you can't see me watch you dream  
Sometimes our backs get turned  
Sometimes I might go too far ahead  
But Like Our Love I'm never gone

Daniel Mason

# One Hop At A Time

You've Been my Lola, I've Been your Bugs.  
When we met, there were secrets kisses and hugs.  
Pictures, camera flashes, and mean mugs.  
I was you King and you were my Queen Thug.

I would jump for you at the dropp of a dime.  
Even though you trampled my heart one hop at a time.  
I don't know which hurts worse your heart or mine.  
But we can heal them Both one hop at a time.

I don't know rather to dropp or to climB.  
But either way no soldier is left Behind.  
Without you I'm more ruthless then death three times.  
It's so wrong But so right how im left devine.

I could have said I love you in less than a line.  
But I had to address your grind and your shine.  
I hope you don't mind, But you've Been on my mind.  
So lets get this thing Back one step at a time.

Daniel Mason

# Pain

Weaker and stronger  
ups and downs  
smiles and frowns  
all over the town

harder and harder  
tougher and tougher  
like kyle massey  
life is rougher

further and further  
we seperate  
love is always on time  
but life is late

thou it seems  
that all hope is lost  
destiny says its over  
but WE are the boss

But the more i think  
The more pain i feel  
because together forever  
is my first broken deal

Daniel Mason

# Rape

Rape.....Is.....rape is painful to everyone who knows it  
But the rapist  
Rape can be sneakin a kiss it can be forcing a hug  
It can be a whisper in an ear a wrong look.....a lift of a shirt

Yea thats right a lift of a shirt without permission  
regardless of your intentions  
Its rape and rather you like it or not Im super cino  
look at my cape

For as long as you are my girl any boy or man who touches  
gets punished and it makes me sick to know that it doesn't bother u  
as much as it bothers me but its okay because that fool is gne see

Listen Im heated and im crazy and thats never gonna change  
and Im gonna pound on em like my name is derranged  
and why i like it its kinda strange but its the way my brain is arranged  
Im when im done the world is raisin in flames

Im bout to blow this dude up like whodomm whosane  
and i know wat u think yes Im freakin insane  
but its the sapist to blame gat ready for the whole world to know yo name

Daniel Mason

# Schoolgirl Fiction

Schoolgirl I see yo smile  
I can tell its for me  
because i been thinkin 4 a while  
with you is where I wanna be

Schoolgirl I see your eyes  
glowin and glistenin  
I heard your sexy voice and now i cant stop listenin

Schoolgirl I see yo walk  
and your always at the top  
but when ever u stop my heart just drops

School girl to make it short  
and sweet  
i just need to know are you the one for me

Daniel Mason

# Self Sacrifices

As a man it's kind of hard for me to fight this  
Living for your love But love not living where my life is  
Growing up smart I know what wrong from right is  
I know that love is right for me But not knowing if my wife is

Looking ahead trying to see where we'd land  
But how can I see the future not knowing where we stand  
Learning that everything new is not the new Brand  
Huh. To you im just a new man

Its oBvious we all make self sacrifices  
Trying to spell it out through these Poetic Devices  
But to afford the Best life you have to seek the Best Prices  
Damn These Self Sacrifices

Daniel Mason

# Since Day 1

You kept it real  
siince day one  
you made me feel  
since day one

I kept you close  
since day one  
I never let you go  
since day one

My love stood strong  
since day one  
i never did you wrong  
since day one

I love you a million times more  
since day one.. of you walkin out the door

Daniel Mason

# So Special

I awoke in the day with nothing to say.  
flyin to the skies realeasing decay.  
I heard my name as I floated away.  
BaBy don't go i need u to stay.

I clipped my wings.  
Dove into her arms.  
We smoked like kings.  
And flame like charms.

I live to die and die to live.  
I took your heart as excuse to give.

Daniel Mason

# The Bullet In Da Gun

Your face 2 face  
with a gun  
no point in runnin  
no need 2 race

But truth is the gun isn't scary  
Its wats inside  
that little golden bullet  
that one life ride

its the bullet that murders  
the bullet that kills  
its the flash before ur eyes  
its so un real

that bullet in the gun  
is like a dog in a cage  
u better not let 'em out  
or expect a rampage

But what u don't know  
about that bullet in the gun  
in ur eyes its killing  
in its eyes its fun

open ur eyes to the bullet in the gun  
2 reveal that the bullet has a face  
blank indeed  
but shadowful like an empty space

Kill or be held  
in the shotgun shell  
or become explosive  
with a story 2 tell

at the pluck of the trigger  
the release of the flame  
now u know.....this bullet has a name.....

Msg: Guns are and will always be for people with no Heart no Strength and no good Will

# The Love Of My Lover

We met at alibrary  
So duh ur smart  
But da look in ur eyes  
thats where ill start

When i look in ur eyes  
I c a sparkle  
I find u lost  
Like a small partical

when u look back  
i c nothing but compassion  
We have new love  
but its so old fasion

i feel inside  
da love of my lover;

# To Prove

To prove someone wrong you have to first be right  
then you have to have proof because without proof your nothing  
next you have to be man or woman enough to tell it to that person  
after you ve done those things explain how  
and tell them that u wish they were wrong

I know i do  
and for the record I dont wanna be right

Daniel Mason

# Too Little, Too Late

So luckily for me I beat Both cases.  
It feel good seeing familiar faces.  
Since my outdate we Been smokin like aces.  
But we dont get to talk on an everyday Basis.  
And we in two different places.  
Moving through the world at two different paces.  
Honestly I hate this.  
But how I know my love aint suffering replacements.

Every day a struggle Being locked in a BuBBle.  
Been faithful But I'm feelin like a dog on a muzzle.

Daniel Mason

# When She Cries

When she cries i truly feel it deep in my skin  
She cries with such passion from deep within  
I try to ignore it but i cannot win  
The look in her eyes that fill me with sin

How could I say that love comes and goes  
when since day one love never left my soul  
They say love comes from the heart  
but a heart can be changed and rearranged from the start

True love is in the eyes because eyes cant be changed  
even with contacts eyes are still the same  
she loves me I know it i can hear it in your voice  
I love her too Its not like i have choice

I miss her so dearly Hugs and kisses  
Cause Cino is nothing without the misses  
She is my baby this is true  
and honestly Im nothing without you

Your life in my eyes is a prize in itself  
Your smiley faced pics need to visit my shelf  
Im not going no where im here to stay  
I love you baby more and more each Day

Msg: Love can only happen if you want it to.
