# Breaking Up

Breaking up is a sharp pain to the heart  
Breaking up is a feeling of sadness and a pain that won't go away  
Breaking up is a sign to let you know it's your time to go  
Breaking up is something you can't run from

April 15 is a good time to be happy  
April 15 is a lease that is too short  
Breaking up is a lesson to learn about  
Breaking up is an unhappy feeling to go through

April 15 is the air we breathe  
Breaking up is something we will go through someday  
Breaking up is something you can't forget about  
April 15 is something to enjoy because it's too short

April 15 goes by fast  
Before you know it you are on your last month  
Breaking up is something to be afraid of  
Breaking up is a life long sadness for everyone

Breaking up is something you don't want to happen  
Breaking up is something you stand up to  
Breaking up is something that we all don't want to go through  
Breaking up is something old not brand new.

# Death

Death is a sharp pain to the heart  
Death is a feeling of sadness and a pain that won't go away  
Death is a sign to let you know it's your time to go  
Death is something you can't run from

Death is a call to heaven or hell  
Life is a lease that is too short  
Death is a lesson to learn about  
Death is an unhappy feeling to go through

Death is the air we breathe  
Death is something we will go through soon  
Death is something you can't forget about  
Life is something to enjoy because it's too short

Life goes by fast  
Before you know it you are on your last breath  
Death is something to be afraid of  
Death is a life long curse for everyone

Death is something we don't want to happen  
Death is something we have to stand up to  
Death is something that we don't want to go through  
Death is something old not brand new.

# Deeply Inlove

I like you you like me  
When I looked into your eye's you looked into mine's  
You are beautiful and sexy as hell  
I love you I know you love me too

When I walk by we always stare at each other  
I want you and you want me  
I need you need me too  
If you were in my life I would be so happy

Every time I see you I always get a powerful feeling deep inside  
I'm deeply in love with you  
I love you forever so much  
I will always be there for you in every location

I love looking into your pretty eye's  
I always think of your beautiful face in my mind  
I've been wanting to tell you how I feel and I know you have been too  
I know I would never regret fucking you

I've been wanting to feel your kiss as smooth as honey  
I always see your beautiful face in my dreams  
Everyday I always think of you  
I'm deeply in love with you.

# God Is Good

God has been good to me  
He cared for me when no one gave a shoot  
Don't you agree with thee  
God save me from going down the wrong route  
God always kept me from going off the deep end  
God is good  
God kept me from trouble even when it was right around the bend  
God always under stood  
He cheers me up when I'm feeling blue  
He keep's me flat on my own two feet  
He piece my life back together like glue  
He saved me from being homeless out on the street  
He always makes me believe  
With him I will always achieve.

# Good – Bye

I never got to say good –bye

So I say good-bye to you today

I never got to say good-bye

So I say good –bye to you yesterday

I never got to say good-bye

So I say good-bye to you tomorrow

I never got to say good-bye

So I say good-bye to you forever

I never got to say good-bye

So I say good-bye to you for now

Good-bye.

# Here I Rise

Here I rise from being a boy into a young man  
Here I rise to put all the playful games to the side  
Here I rise because soon I will be a man  
Here I rise to learn the responsibly of being on my own

Here I rise to take life more seriously  
Here I rise to take the journey of life  
Here I rise to take a chance of being a father someday  
Here I rise to admit to my mistakes

Here I rise to defeat the prince of darkness  
Here I rise to give my life to the Lord  
Here I rise to step out into this bitter world  
Here I rise to be a somebody and not an anybody

Here I rise to become a old man someday  
Here I rise to face the angel of death  
Here I rise to look God in his eyes  
Here I say I thank you for giving me life.

# How I Feel

Everyday I feel so cold and empty  
Pretending to be happy  
Fearing if I shed a tear everyone may know my fears

Always walking with my head down to the ground  
Always praying to the Lord  
Praying for a better day  
Hopping someday I will see my father

Maybe someday I'll be glad  
Feeling unwanted and not loved  
Being treated like a bum off the streets  
People walk by like they don't see me

Wanting to kill myself is all I ever think of  
Crying is all I can do  
Sitting up all night wondering if someone loves me  
Feeling deep down inside like someone is looking for me

All I ever think about is dieing  
Sometimes I wonder why my life is a living hell  
Faking a smile is all I ever do  
Why can't I just die?

Every night I always cry  
Wondering why my life ant what it use to be  
It feels like I'm slowly dieing deep down inside  
Everyday my heart break's little by little piece by piece.

# I Loved You

I loved you like a summer's night breeze  
I loved you like pretty colorful leaves in the fall  
I loved you like no one has ever loved you before.

# I Need Love

I need someone to love me  
I need someone to hold me  
I need someone to care for me  
I need someone's sweet love

I need someone who won't break my heart  
I need someone to keep my life from falling apart  
I need someone I can run to when life gets hard  
I need someone who will never hurt me

I need someone who won't be judgmental  
I need someone who I can share my love with  
I need someone who won't let me go  
I need someone to tell me they love me

I need someone to hold on to  
I need someone who will be there no matter what  
I need a lover who doesn't fight or fuss  
All I need is someone's love.

# I Wonder

I wonder where I will be four years from now  
I wonder if there will be someone there to love me  
I wonder if there will be someone there to care for me  
I wonder if I would be able to handle the responsibility of being on my own  
I wonder if I would make the right decisions on my own  
I wonder to myself

I wonder how I will turn out when I hit that cruel world  
I wonder if I have the confidence to serve out there on my own  
I wonder how far I will get in life  
I wonder if I will be a somebody instead of a nobody  
I wonder if my lonely life would bring me happiness instead of sadness  
I wonder every second every minute

I wonder if my life would have more good times than bad times  
I wonder if someday I will be a daddy  
I wonder if I will be loved by somebody  
I wonder if I will have something to call my own  
I wonder if I can handle the fact of being on my own  
I wonder I just wonder.

# If I Had My Way

If I had my way maybe you would still be here by my side  
If I just had my way maybe I wouldn't have a broken heart  
If I had my way there wouldn't be any reason for me to cry  
If I just had my way I would be the happiest man alive

If I had my way maybe I would have a better life  
If I just had my way I wouldn't have to worry about being hurt anymore  
If I had my way our love for each other will never end  
If I just had my way there wouldn't be any more good-byes

If I had my way there will always be a brighter day  
If I just had my way there will always be me and you forever and always  
If I had my way we will always last  
If I just had my way our love will always be a dream come true

If I had my way you and I would be together without any second thoughts  
If I just had my way I would feel safe knowing that you are not taking my love  
for a game  
If I had my way our love for each other would be perfection  
If I just had my way maybe my life would change.

# Let Me Know

Let me know you love me  
Let me know you like me  
Let me know I'm your man  
Let me know you care for me

Let me know you need my love  
Let me know you won't take my love for a game  
Let me know you need me in your life  
Let me know how far you are willing to go with me

Let me know you will always be there for me  
Let me know you won't let me go  
Let me know you will never break my heart  
Let me know the truth and never any lies

Let me know what you like and dislike  
Let me know what makes you happy  
Let me know what makes you mad  
Let me know what makes you sad  
Just let me know.

# Missin All The Ole Times We Had

Time and time again  
I think of you each time  
Just thinking of this one rhyme.  
Holding on feelings that I shouldn't be holding on to.  
Trying to get over the fact that we are through.  
Being friends is all we could say.  
I always be missing you each day.  
Everyone just tells me to pray.  
Not knowing what I should say  
So I pray pray that we will be together some day.

# Sitting In My Room

I'm sitting here as I stare out my window with a tear  
Slowly inhaling a stiff breeze brushing across my sad face  
Wondering if there's someone out there who really cares  
Dreaming of a happy life is all I ever do□

Waiting for a person just to say I love you  
Day in and day out I wonder how it feels to be loved  
Just feeling weakened by a restless power called love  
Praying to God just hoping he send me an angel from above

Why isn't there someone out there to just show me love  
It feels like my whole life is trap in a dark room  
Waiting to be freed by someone's strong simple love  
Not wanting to be forsaken by that four letter word

As I lay on my bed balled up into a knot I can hear my soul cry out  
All I need is someone's love  
Just thinking to myself if there someone out there who really loves me  
All I want is to be loved by someone honest and true

# Tell Me

Tell me you love me  
Tell me you need me  
Tell me your secrets  
Tell me your weakness

Tell me everything I want to know  
Tell me you wont let me go  
Tell me what I want to hear  
Tell me that you really care

Tell me I'm your number one  
Tell me what you do for fun  
Tell me what your heart desires  
Tell me that your love doesn't expire.

# Wake Up

We all need to wake up

Stop killing each other  
We should love each other  
We need to wake up and care for each other

We all need to love not hate  
We all should be there for each other  
We need to take people for who they are  
We all need to wake up and believe in each other

We shouldn't hate people cause of there color  
We need to wake up and smell the coffie  
If people change the world may change

Parents need to be there for there kids cause they need you  
We need to stop blaming our pass and move forward  
We all need to forgive and forget  
We all need to wake up and make a change

We all need to be strong not weak  
We all need to stick together like family  
People shouldn't judge each other cause of who they are  
We all should care for each other not be against each other

We all need to wake up and get along with each other  
We all should give to people who are in need  
We all should stand up for what we believe in  
If we all work together we can change this world.
