Answered Prayer

Answered Prayer

I dream of him last night
Departing from my sight
Like a mist of fog slowly fading
Right before my very eyes

Tears roll down on my face
As I watch him disappear from our place
I tried to stop him from leaving
But the voice within me is fading

Dear LORD I prayed
Please wake me up from this dream
Please don't let him fade away
For I love him truthfully

My eyes open unexpectedly
As I look at my side fearfully
Silent tears of joy on my face
For the LORD answered my prayer

Come Back Home

Come back home

So lonely I am right now in then
Knowing that will not seeing you again
I will miss your smile so warm and sweet
That makes my hearts smile and swift

Tell me darling what have gone wrong
Why did you leave me alone in doom?
My heart is aching and it is breaking
Dont know if I can leave alone

Please my darling come back home
I'll give my life, my love and all
Promise you darling I'll love you more
To make you stay with me till then

Comparison

Comparison

A poet without a pen
Is like a soldier without a gun

A pilot without a plane
Is like a hot air balloon without fire

And a place without you
Is like an orphan without a home

Dream

My love for you is always true
I care like no others do
I hope you'll see me in front of you
Smiling so sweetly like one lover's do

I made a scene to notice me
But it seems like you did not see
I dream someday that we can be
But I know it will not happen in reality

Freedom

Freedom

Like a bird freely flying
Up to the sky tumbling and gliding
Hearts warmly singing
For the freedom that overly fulfilling

Merriment exceedingly flowing
Bright as the skies insides feeling
Oh, freedom you are the light
Forever will be our guide

Friend Till The End

Friend till the end

I was busy collecting all kinds of gem
Without knowing that my precious one is missing

I was busy pleasing them
Without knowing that our
friendship is in stormy weather

How can I be so numb?
How can I be so dumb?

Im sorry for everything
Im sorry for all the things

I promise to be your friend
And I promise until the end.

Goodbye Dear Friend

Goodbye Dear Friend

Goodbye dear friend
Until we meet again
Promise to keep you in my heart forever
And cherish all the memories we have shared together

Goodbye dear friend
We may travel in separate ways
I promise forever our friendship will stay
I may find and meet somebody
But the friendship we have will reminds me everyday

Goodbye dear friend
I may be far, far away
But in my mind and in my heart
Forever you will stay

Goodbye dear friend
Until we meet again

Haiku - Whisper Of Wind

Haiku - Whisper of Wind

The whisper of wind
Trees are silently waving
Leaves slowly falling

Haiku (Nature)

Haiku (Nature)

Leaves plunge from the tress
As the wind sweeps them away
Snow begins to fall

Grasshopper jumping
Flying to the willowy plant
Mosquitoes whipping

Streams over the rock
Rain pouring, cricket chirping
Toads hide quietly

I Am

I am

I am not a poet
But for you I will try to be one
I am not a good singer
But for you I will sing to the top of my lungs

I am not her
But for you I will try to be like her
Because I love you
And nobody can ever change what I feel

You may not see me
But I can see you
She may not love you
But I will give you my love

Because I love you
And nobody can ever change that

How I wish that one day you can see me
That one day you can feel me
That one day you will return my love
That one day, maybe one day you will love me more than I love you.

I Miss You

I miss you

I miss your kiss

I miss your smile

I miss your love that makes me smile

You are my love, my destiny

That gives me strength to face the day

I love you more and more each day

So please stay right here with me

I cried at night when you're not here

I long to feel your face so near

That gives me warmth throughout the year

And melts my heart like ice in beer

My love please come and stays with me

I miss you so for everyday

I long to see your smiling face

And feel the warmth of your embrace

I Will Make A Stand

I will make a Stand

Today I will kiss my past goodbye
No more pain and no more cries
Today I will cast my worries aside
And start my day with a smile

Today I will make a stand
With my very own hands
And think of tomorrow with a smile on my face
with a heart full of hope
and mind full of understanding

Weep I shall no more
For today I will make a stand
to face what I have been dreamed upon
with our HEAVENLY FATHER'S helping hand

Leave Without Warning

Leave without warning

The rain subsided this evening
but my tears endlessly flowing
my heart is aching and bleeding
for you leave without even warning

what have I done to deserve such treatment
I have never made a move without your involvement
but still you left without even confiding
and it makes my heart hurt and even failing

I remember the night when we talked in our bed
the words you have said keeps recalling on my head
never have I thought that today you will leave
here from the place where we both have been made

The rain subsided this evening
but my tears keeps on falling
I wish you were here to stop me from crying
but you already leave without even warning

Legions Of Armies

legions of armies

Like legions of armies
People gathered around the city
Blinded by the false promises
By the politicians who are so damn filthy

Screaming up their name
As if they are gods in the city
So damn politicians smiling facedly
But the back of their mind taunting the legion of armies

Their words seems to be true but totally untrue
The legion was fooled
By the facade politicians promises
And here the legion is roaring as their lives depend on them

So damn politicians
Why cant you be so true?
Tell our legions what is the status of our nation
They may not want to know, but still they have to know
And it should be started from you

Life

Life

Life indeed is a full of surprises
You dont know what might happen next
Whether youre still standing and moving
Or forever be immobilized.

Do not expect too much in life
For we might be disappointed
When our expectation may not reach to each expected level
Just leave life the way it should be, no expectation and
most importantly be ready for all the surprises what life may bring you.

Lost Soul

My soul adrift
like a ship lost its anchor to the sea
no strong hold to stay permanently
to retrieve the anchor
an expert diver requires right away
so as my soul needs you to assist me..

Love Song

A song you are to me
With a lovely melody
That makes my mind at peace
And makes my heart uplift

Your smile is like star
That boosts my heart a far
Like a candle in inflame
That burns my very end

Come with me my love
Embrace the love we have
Let sing it with our hearts
Like lovers in the dark

A song you are to me
With a lovely melody
That makes me fall in love
Time and time again

Memories Of The Past Pain In The Present

memories of the past pain in the present

A splash of the ocean
Brings back the memory
Memory that wishes to be forgotten
But keeps hunting

Tears fell as the past replay
Fist clutching tightly
As the hearts grip solemnly
Tears continuously streaming
Like a narrow and shallow river

Wishing that it will all gone
Like the sand washes by the sea
But it seems that memories of the past
Pains in the present for all eternity

My Fantasy

My Fantasy

I wish to kiss your lips
And feel your sweet embrace
I long to feel your touch
And feel the warmth with love

You're in my fantasy
Almost in reality
Your lips press with mine
So sweet and taste like wine

Oh, dear I beg you please
Enfold me with your sweet embrace
Shower me with your butterfly kisses
And persuade me with your warm praises

Nature's Poem

Trees in the forest
Wild flowers rising in the wild vast
Enjoying the mist of morning fog;

As the sun start rising
Birds are blissfully chirping
And the flowers are happily swaying
Together with the soft swirling wind;

Oh, here comes the butterfly
Intensely watching
As the flowers gracefully swaying
Along with the soft swirling wind

Nightmare

My eyes closed and begun to sleep
I tried to fight, but I am weak
I haul up my arms and ask for help
But my voice disappearing underneath

I tried, and tried with no success
Hope is gone and waits for my fate
My body starts to deaden
And so are my feet
My minds shudder
And my heart slowly beat

Open Ears (A Poem To A Friend)

As I walked into your side
You look at me with lonely eyes
Wandered I what's on your mind
Straight I look into your eyes

I told you once that you can tell
Whatever problem you might feel
Here I am with open ears
To listen whatever you might tell

You look at me with tearful eyes
Doubts I feel inside your mind
I tap your shoulder and say its okay
Whenever youre ready just call on me

Relief of breath you have freed
A reassuring smile to you I gave
Whatever worries you have felt
I'm sure I thought that you will tell

And all I want is to be with you

Please stay

Sea Of Clouds

Sea of Clouds

Your love came to me
Like a massive waves at sea
I tried to run and flee
But you sweep my heart away

When the day turns to night
I dreamed you're at my side
We hold each others tight
And dance like fire outright

My love please hear my plea
Open your heart and feel
For the love I felt is real
Like a sea of clouds in hill

Senryu

Facetious smiling
Hearts smoldering wordlessly
Murky mind as cloud

Talking and talking
Not a soul is listening
Everybody's deaf

Morning's sweetest kisses
Taste like strawberry candy
Bite like a baby

Starry, starry night
Stars are twinkling so bright
Teeth like ray of light

Short Random Poems

Short Random Poems

Birds are chirping;
Children are singing,
while guitar is playing

Lonely hearts are longing;
Tears falling
Smiles fading

Rain, thunder and wind together;
They, You and Me singing all together
To bad rain never stop

Haiku shortly and truly amazing
Surely Heart and Mind are thoroughly bleeding
Rules are fantastically and perfectly tempting

Haiku, Keiko is my friend
She lives in Edo new Name Tokyo
Hour away from Kyoto, Japan

Thank You

Thank you

Thank you for coming into my life...
You have no idea how much you mean to me.
You have made my life more meaningful and reasonable.

By the time when I came into this place
I was empty and broken into pieces
And then suddenly you came up and ask lots of question
Question which is I never expected at all

You have made me think of you
You have me smile even if I am alone
Because of your question,
Silly question which is okay to me

Thank you for coming in and making me live again
Thank you for coming in and making me love again
Thank you for coming in and making me forget my bad past.
Thank you for coming in and loving me

I love you, I have never love like the way I love you
I love you so much, so much that I dont know how to express it
If you only know how much love I felt here inside my heart.
I want you to know that I love you so much

Until The Morning Dew

Until The Morning Dew

You are like a mist of fog
in the morning dew
so sweet and fresh like always new

While you sleep you are like crickets
Peeping over in our soft and cottony pillow
And I can't help myself but to whack you like a mosquito
So that I can sleep like a child until the morning dew

Waiting In The Distance Shore

Waiting in the distance shore

When the dusk approaches
into the sea of sand
my heart cries
as the memories of our trembling night together
resurface into mind
and loneliness froze my heart
as if it will be there forever

You are like a dream
slowly fading into the distance shore
leaving without a trace
like a wind passes by

But still I am hoping and waiting
that our hearts will meet once more
Like a river meets the salty water
from its long and twisting journey
and together will traverse into the distance shore

Wish

Wish

I wish upon a star
To reach you from a far
To hold your hand with mine
And feel the warmth in time

I look up to the moon
And wish to have a home
Into your heart alone
And give my love a room

As the morning sun begin
And the bird sings within
I bow my head and pray
To see your face someday

I wish upon a star
To reach your heart a far
And feel your love with mine
In a given place or time

Without You My Life Is Incomplete

Without you my life is incomplete

My life is incomplete
Without you I am weak
Without your love I am obsolete
And my heart is wounded very deep

Where are you my love?
Are you hiding from me?
Please come home now and stay
For I don't know how to leave happily

Can't you see, my heart is crying
Deep inside I am longing
Please return now
And stay with me

I miss you so very dearly
I wanted to hold you so badly
Come home now and stay with me
I promise I will love you till eternity

Life without you seems no life at all

The moon that will always be until the dawn is rising
