hi hi im a super nice person that is trying to make the best of life helping my friends with their probs and well everything that a great friend does and i like rock and metal music its the BEST! ! ! ! im also a funny person that likes to make people laugh :)

! ! Wont Quit! !

I wont and i dont plan to quit from trying to win your heart.
I'll do the impossible to win your heart.
I wont quit until my last breathe.
I'll sacrifice my life to get your heart.
Wining your heart is my one and only mission.
And i dont plan on quitting.

Edder Ramirez

? ? Confusion? ?

You're treating me like a yo-yo.

You pull me into you when you want to be with me, but you push me away when you and i are in public.

If you don't love me then i'll take my heart back.

If i take my heart back i'll drown in despair.

You treat me different when you are around your friends.

You say we are just friends and actually its much more.

Hope you still love me, because i do.

I love you forever! !

Edder Ramirez

A Heart

why do we lie to hurt so much?
it's so easy to destroy a heart
but never easy to get one
a heart is special and different
for each of us
my heart is like an unknown flower
so rare
moving swiftly
by the melodies of the wind
so delicate
with a slight pull it might die
a heart must be protected
never destroyed
if you pull someone's flower out
one day someone will pull your flower.

A Place Where You Belong

your body is cold hope is lost i cant let go
can i die with you so we can never grow old
cut the ties with this note you left behind
as i read the words i hear you telling me why

too late too late-i never said goodbye
too late too late-cant even ask you why
and now im wasting away in my own misery
i hope you've finally gone to a place where you belong

my sadness shows as your name is carved in stone
cant erase the words so the reality grows
i wish i died on that night right by your side
so just kill me now and let the good times roll

will you wait for me
will i see on the other side
you wont have to wait too long
will you come to me
will you take me to the other side
cause here i dont belong
cut the ties with this note you left behind
as i read the words i hear you telling me why

too late too late-i never said goodbye
too late too late-cant even ask you why
and now im wasting away in my own misery
i hope you've finally gone to a place where you belong

A Story Of A Girl

This is a story of a girl that i love so much.

I once met her sitting down by herself.

Her pretty face with sadness.

OH.....

Her beautifull face filled with sadness.

As i'm talking to her and say 'I'll be there for you.'

This is a story of a girl that i love so much.

As i made her laugh i fell in love.

This is the story of my girl

A Walk To A Tree

To the tree i walk
To the protective fort I was the wind
To the layback I was the calm river
Calm as the moonlight in the midnight
Midnight, a mysterious yet wonderfull time
Midnight crept by like i crept to the tree.

Edder Ramirez

Agony

This pain
This agony
I can't stand it
what happen to us?
You are gone
this agony
is all i have now
will it last forever?
why did you go?
all i have now is
this pain
this agony

All These Things We Hate

feelings happen but we really dont know why
some of them turns our dreams into tears
and we can only find
a place to hide
all these things we hate
the only thing we can do is see
and if this is supposed to be like this
why do most of us ignore the chance to miss
once more we tell lies
to feel happy, but
why cant we be straight up with honesty
all these things we hate
and the only thing we can do is see

Edder Ramirez

Alone

no more im taking this hatred from you
you make me feel dead when im talking to you
youll take me for granted when im not around
so burn all your bridges cause im not going down
this time i will be heard
im not gonna burn
its funny how the table,
how the table turns
you fake your damnation
you pray for salvation
cause your heart is made of stone
you can die and rot alone
i hope youre unhappy and hurting inside
i want you to choke when you swallow your pride
lay in your coffin and sleep with your sins
give me the nails and ill hammer them in right now
this time you wont be heard
you are gonna burn
its funny how the table,
how the table turns
you fake your damnation
you pray for salvation
cause your heart is made of stone
you can die and rot alone

you fake your damnation
you pray for salvation
cause your heart is made of stone
you can die and rot alone

this time you wont be heard
this time you wont be heard.

Am I Dead?

its so quiet.
i feel so cold.
am i dead?
i see a room.
There is nothing there only a picture of me.
Where am i?
has the world died?
Am i dead?
No....
i cant be.
i keep on walking this hallway so narrow, so long.
i see a door i open it.
im shock what my eyes are seeing.
i see myself....
im dead.
who killed me?
i run as fast as i can to find answers.
i find another room i see you, my love.
and im shocked what i found out.
my love you killed me.
why did you?
what ever the reason is i hope you feel happy for what you've done, because now
im dead.

Edder Ramirez

Angel Of Death

I live my life in misery.
I am here with you my angel of death.
To much sorrow,
No tomorrow.
Will you let me free,
Will you let me be.
You are sorrowful,
You are not merciful.
My life is burning with your dark flames.
To me you are an angel of death, chaos, and evil.
Is this what i deserve?
To be with you angel of death.

Edder Ramirez

Apart

you left a hole where my heart should be
i am twisted and broken
you've broken me apart
you made everything rot
with the misery you brought
all is falling apart
all these scars have left their mark
you've done your part
there's no turning back
searching for a cure for this breakdown
feeling unsure what will come next
hoping to find what i once lost

Edder Ramirez

As Time Passes

As time passes
As i am not with you
As i cry for you
The guilty of losing you
As time passes
you never disappear in my mind
As time passes
my wounds in my heart
become greater
As i am not with you
I look out the window
wondering what you are doing
As i remember about you
I cry for you.
I'll take my heart out
I'll give it to you
but
be quick because
As time passes
I am going to die

Edder Ramirez

Awakening The Demon

helpless that i am.
awakening the demon i cant control.
this rage that i feel.
this cannot be real.
wake me from this slumber.
possession is taking over.
breathe for me, stay with me.
let me regain control.
help me.
help me tame this demon i cant control.
im walking in the shadows.
where did i went to?
waking the demon i cannot.
please stop me from avenging this world.
there is nothing left in this world.
wake me from this nightmare.
breathe for me, stay with me.
awaken the demon.

Edder Ramirez

Beautiful Lie

An act of denial
Trying to not let go of the truth.
Hide behind that empty face.
Its a beautiful lie
Its a perfect denial
A loss of a life
Our ultimate defence is to pretend
Its a beautiful lie
Its a wonderful lie to believe in.

Edder Ramirez

Best Thing

One kiss can be the best thing.
One more life will be the worst thing.
I love you, but i don't really know you.
I won't let you go.
Loving you, will it be the best thing?
Is it worth it or is it worthless?
Waiting is the hardest part.
I just have to believe.
Being with you is the best thing.

Edder Ramirez

Breaking Out, Breaking Down

we can blame the world forever
we could just escape together
so are we breaking out or are we breaking down
we cant blame this world forever,
this world forever.

the end will never come
there's still a mountain left to climb
but we will overcome
the hurdle's place inside our minds
so close but still so far
each day bring us brand new scars
what are we fighting for?
we cannot live like this no more

cause in the thick of darkened days we know

we can blame the world forever
we could just escape together
so are we breaking out or are we breaking down
we cant blame this world forever,
this world forever.

just need some clarity
cant seem to open these eyes
dont want your sympathy
it took me time to realize
this is not what i want
or how i thought this life would be
this is not what we need
so take this s**t away from me

cause in the thick of darkened days we know

we can blame the world forever
we could just escape together
so are we breaking out or are we breaking down
we cant blame this world forever,
this world forever.

so are we breaking out
or are we breaking down
i guess the end is done
but we will overcome
we can blame this world forever

Edder Ramirez

Care No More

No more i care to live.
I'm full of misery.
I will return never again to this life.
No more i care to live, when i'm just born to die.
Will it be over soon?
I'm living in a world so cold.
I can't stand this anymore.
No more i care to live.
When there is no one to be with.
All this pain take my life away,
All this hate let me go away.
No more i will care to live

Edder Ramirez

Close Your Eyes

I lie on the ground,
and stare into space,
the stars start to move,
into the shape of your face.

I see you there now,
looking down at me,
with that cute little smile,
that I like to see.

You say 'close your eyes',
'tell me what you see',
I see only two people,
just you and me.

Edder Ramirez

Earth

What have we done?
How could we have done this?
Mother earth
We are sorry
we must preserve earth
or our time will come
for us to parish
this is one and greatest mission
safe earth with passion
this is what we must do
safe earth

Edder Ramirez

Empty

Fade in misery
Worlds so cold, Empty inside
In my dying heart

Edder Ramirez

Ending Love

Our love is ending, i cant believe it.

I cant believe its ending.

I just dont want it to end, but you leave me no choice.

I hope there was something else we can do to save our love.

The only thing left for us to do is to walk in seperate directions.

And never see each other again.

But yet we try to safe our love.

I will love you until my heart is black and blue.

Edder Ramirez

Escape This Hell

You say you feel so down,
You think everything is wrong.
We will make it through the day, just hold on.
We've done all the things that can kill us somehow and our souls will fall down.
But you will survive this hell.
I hate to see you fall down and i'll pick you up from the ground and survive this inferno.
Now is your chance to move fast so that you can escape the hell that you've been here for so long.
Find the strength that you have for so long.
Now the dark begins to rise and trying to take over.
Take the path that leads to heaven.
Now the dark inferno is taking over.
Find the strength and path and at the end it will be all over.
I'll show you the road away.
You will not fall,
You will not fade.
Now take the path that leads to heaven...

Edder Ramirez

Everything

You are everything.
You are everything to me.
As i trip on my desire
I dive into your fire
Your eyes tell the story of my life
Your smile is the reason i am still alive
You are everything
You are everything to me

Edder Ramirez

Fade Away

will i fade away?
will i be erased?
from all your memories
will i be still there?
will i remain with you?
will i fade away?

Edder Ramirez

Falling In The Black

Dark engulfing me
seems there is no way to be free
I'm falling in the black abyss
my demons are dragging me down
they are pulling me away
i only hear whispers in the dark
this nightmare has begun
and there's no way for me to
be found
someone help me
someone make it end
everything feels so cold
these whispers in the dark
are they in my head
will this ever end
I've fallen in the black
now i'm crawling in the dark
searching for the light
in this blacken place

Edder Ramirez

Fell In Love

if i can reach up to the stars
i would grab one and give it to you
because i fell in love with you
i fell in love with you.
if it was possible to stop time for just 1 second
i would hold you and say
'i fell in love with you,
i love you'

Edder Ramirez

Final Words

These are my final words
to you
look at me now
My heart is bursting
through my chest
Will you hold me
would you hear me
These are my final words
to you
My broken heart
wont heal no more
no more
what can i do
to make you
hold me
what can i do
to make you
hear me
This is my final word
to you
Goodbye!

Edder Ramirez

Heal These Wounds

heal these wounds that i have in my heart.
i cannot take this anymore.
i feel so sore.
cover these wounds and let me love again.
take this heart its for you to keep.
i will not survive,
i will die without you.
my heart is scratched,
my heart is black,
my heart is blue.
the only thing i need is you.
now come and heal these wounds.

Edder Ramirez

Her Face, Her Body

Her face with almond color eyes they are full of mysteries.

Her lips are red as a rose.

As she kisses you and you feel her lips, you enter a paradise.

Her body the way she moves, the way she touches your body with her's feels so smooth.

She traps you with her smooth skin and her sexy body.

Her lips, her kisses are dangerous as she kisses you, you feel your soul being sucked by her smooth red lips.

Her beautiful face, her sexy and hot body.

I will never let go.

Edder Ramirez

Hidden Feeling

being put aside
nowhere to hide
a hidden feeling it will never be alive
feeling the misery of what i've done
never knew i had a blackened heart
am i breaking out?
or am i breaking down?
all this hate
wishing i can cut my heart with this razor blade
a feeling i cant tell to anyone
a feeling i will be choking on all my life
a feeling
will remain hidden

Edder Ramirez

Hidden Feeling 2

these hidden feeling
the agony
the pain
the misery
another feeling
i cant explain
is it love?
how can that be
the agony
the pain
the misery
has it really gone away?
a feeling of love for you
love is my hidden feeling
but it wont be hidden for long

Edder Ramirez

Hopeless

Suddenly the light begins to fade.
Hopeless.
I can hear death call my name.
I'm falling down.
I cant hold on, i will not let go.
Hopeless i am.
I see the sunlight drift away.
Hopeless.
I'm falling down.
I cant hold on.
There is no way out.
Death has a hold of me.
Death is dragging me down.
Hopeless.
There is no way out.
I am Hopeless.

Edder Ramirez

I Dont Hate You

I have forgotten the color of the eyes,
The scars how she got them?
Time is passing
You say i dont like you
You say i hate you
Your face you say i have forgotten
Wishing you disappeared thats what you say
but I dont hate you
I dont hate you
Time goes by
I dont hate you

Edder Ramirez

I Need You

Please don't leave me
I'm nothing without you
Realize i need you.

Please don't let me go
I desperately need you

Don't let it die
Let it stay alive
All i need is you

I'm scared you will never hold me
I'm scared of becoming nothing

Buried in a tomb
I need you,
So that i can stay alive.

Edder Ramirez

If You Could Only See

If you could see inside my soul
see inside my heart
you would know how I long for you
whenever we're apart

If you could see inside my head
if thoughts were things to see
you would know how I cherish you
how much you mean to me
The sparkle in your beautiful eyes
your smile, laugh, your touch
are just a few of many reasons
I love you oh so much

Edder Ramirez

Just Like You

I could be mean,
I could be stupid.
You know i could be just like you.
I could be cold,
I could be senseless.
I thought that you were there to guide me,
but i was wrong.
I'm sorry i can't turn out to be what you wanted me to be.
You are wrong that you think that I'll be just like you.
You are only in my way.
I am alone.
I could be angry,
I could be heartless.
I'm just not like you.
You thought that you were there to guide me,
but you are only in my way.
I can't be just like you.

Edder Ramirez

Last Chance

In my last minute of my life an angel comes down from the heavens and asks me if i want an eternal life or one last minute with you.

I tell the angel i would choose one more minute with you, because i love you.

with out you eternal life does not exist.

In your last minute what will you choose?

Edder Ramirez

Let It Go

If i let this go
If i let you go
what will happen?
I will have a an epic meltdown
I will have a blackout
You have the chemicals
to make me fall in love
How can i let this go?
Everything falling apart
I'll bleed if you want me to
I can't let go of your heart
So what will i do?
Let you go?

Edder Ramirez

Lost In You

Remember you used to lie and say i was everything.

Remember when i said I'm nothing without you.

How do i find a way to get lost in you?

Let me inside.

Let me get close to you.

Change your mind I don't want to loose you.

I'm nothing without you.

Now everyday i say i want to get lost in you.

How do i find a way to get lost in you?

Let me inside.

Let me get close to you.

So tell me how to get lost in you.

Edder Ramirez

Love Poem #1

You are the light of my life without you i would be shrouded in darkness.
You showed me the meaning of love.
You are my light.
You are the sun that warms me everyday.
You are the one that keeps me alive in this world.
I love you and i always will.

Edder Ramirez

Moonlight

Darkness... Such beauty
At night
With it's moonlight
Every secret hidden in
Every corner of shadows
You are the moonlight
The dark is my world
At midnight
You light my way to you
Nights without moon
I wait patiently for you
Not letting myself get lost
But you will send the stars
To light my way towards you
When you can't
My beautiful moonlight
My midnight

Edder Ramirez

My Angel

My sweet beautiful angel.
Sent to me from above.
I am so grateful to have found you,
and I give you all my love.
When your angelic eyes gaze at me
My heart skips a beat
Your sweet angelic voice,
continuously rings in my ears.
With you by my side,
there is nothing I fear.
You shine with a heavenly glow.
Your beautiful angel face,
raises me up from feeling low.
You're my sweet, beautiful angel.

Edder Ramirez

My Blood

As the rain falls
As my blood falls
staining with its evil red drop
As the lightning makes its mark on the sky
As the thunder gives his presence to the world
As the wound makes its mark on my skin
As the cut sends a pain to my body
blood keeps dripping
so does the rain
the bleeding stop
the storm dies
my blood
my storm

Edder Ramirez

My Love

I want to be your love
thats all i want to gain
i will never get enough
i want to get out of this pain

this love will never fade
you will never be lonely
your tears is what i will shade
i will always hold you closely

as the sun rises from the bellows of the night
as i trip on my desire
as the sun reaches the sky with its morning light
i dive into your fire

now here i am in your heart wraped
forever and forever in your heart traped

Edder Ramirez

My Own

Standing on my own
forgetting the life i used to know.
I'm standing here alone
learning how to live my life on my own.
I walk alone
remembering thoughts from long ago.
Nobody knows i lost
everything long ago.
She said she had enough.
Am i too much?
Standing on my own
remembering the one i left here alone.
Standing here alone
forgetting the one i left.
I run away,
far away i cant go back.
When she said i was a big disgrace.
Standing on my own
forgetting the life i used to know.
I'm standing here alone
learning how to live my life
on my own.

Edder Ramirez

My Soul

My soul is waiting for you
My soul is getting dark and blue
As soon as i see you
As soon as i am with you
My soul rises
My soul is made for you
I am your soul
You are my soul

Edder Ramirez

My Star

Everynight at midnight
I gaze upon you, my star
i'll let you know that you shine brighter, than anything
you guide me to find my glory
i wish that someday i will be holding you
that someday you'll be by my side

Edder Ramirez

No More

No more i just cant live no more.

I cant take it, i just cant take it no more.

Give me a reason to stay here, cause i don't want to live in fear.

I cant stop the rain, but i can stop the tears.

I can fight the fire, but i cant fight the fear.

What can we stand at all?

When we only live in fear.

No more i just cant live no more.

I cant take it, i just cant take it no more.

Edder Ramirez

No Real

No real happiness
just sadness
in the world

No real love
just hate
in humankind

No real friends
just enemies
in this world

No real peace
just chaos
around the world

No real you and i
just you
in your mind

No real strength
just weakness
in mankind

There is nothing real
in this world
but lies

Edder Ramirez

Not So Good Alone

im not so good alone.
is it too late?
am i true gone?
is there something i should do?
if i just walked away.
will you stil save me?
is it too late?
am i truely gone?
is there anything we should do?
what your showing me, is it true love?
will we be together once again?
i hope so because im not so good alone.

Edder Ramirez

One More Fight

Give me one more chance
I will fight one more time
To show you what i can be
I dont want us to feel this pain we are going through
I am chocking on so many lies
I will fight for this love
Even If it means to fight with blood shut eyes
I will try one last time
Please give me one more time
I will fight one last time
I am not your enemy
I am here to save you from this agony
One more fight
one last time
and ill show you
what i can be

Edder Ramirez

Out Alive

Its time to leave this cruel place that has us prisoners.
Don't worry i will protect you.
I will be your guardian.
Everything will be alright.
As soon as we get out of this dark place it will be over.
Demons follow us.
Darkness engulfs us.
I will not leave you behind.
We will make it out alive.

Edder Ramirez

Regrets

we all have regrets
soon we learn how to forget.
A puzzle of a thousand pieces
solving the mysteries
why we regret.
A poet once told me
' Have no regrets when your old'
regretting the lie,
regretting the truth
will you spend your life
regretting what you've done.

Edder Ramirez

Salvation

You are my salvation.
You saved me from the dark and lonely world.
You brought me light and hope to my life.
Without you i'm nothing.
You save me from all my sorrows and dispairs.
You are my salvation.

Edder Ramirez

Save

Saving the world
Or saving you.
If I save the world I won't be able to save you
What's a world without you.
If I save you and let the world die
I prefer cause I know I won't
Die alone
I'll have you by my side

Edder Ramirez

Say The Word

I found you and Im drowning,
but when i have you, i don't need air
You are the wind,
You are the water,
You are the earth,
You are my fire.
You are everything to me.
As i trip on my desire
I dive into your fire.
Are you different?
Could i be different too?
Nobody know you like i do
Can i be with you?
will you be with me?

Edder Ramirez

Sing It Back

i cant make my own decisions
or make any with precision
but things are looking up
oh finally
i thought id never see the day when we got together
id never wanted anything else
cause ive always wanted you
its not a dream anymore
it was all worth fighting for
ive got a feeling ive sang this loud enough
I LOVE YOU! !
will you sing it back to me?

Edder Ramirez

Someone Who Cares

Why is it so hard to find someone who cares about you?
But its easy enough to find someone who looks down on you.
Why is it so hard to find someone who can help you with your problems on earth.
Like a dark cloud that chases you down, in the pouring rain
Why is it so hard to find someone who cares about you?
But its easy enough to find someone who looks down on you.
Why is it so hard to find someone who can keep you together when you are
undone.
But its easy enough to find someone who looks down on you.
Why is it so hard to find someone who cares about you?

Edder Ramirez

'Someone Who Cares' 2

why is it so hard to find someone who cares about you?
but its easy enough to find someone who looks down on you.
there is people like me that nobody sees so nobody cares.
why is it so hard to find someone who can help you with your problems on earth?

Its so hard to find someone who can keep you together when you are undone.
Everyone has a place to be, but there is no room for me.
Like a dark cloud that chases you down in the pouring rain.
Its so hard to find someone who cares about you.
when its easy enough to find someone who looks down on you.
Why is it so hard to find someone who cares about you?

Edder Ramirez

Sorrows To Happiness

you feel sad and lonely, you say everything is your fault, that everything is wrong.

But i will always be by your side

help you cross difficult obstacles because i love you alot.

Ill make your sorrows disapear

bring joy to your life.

You will forget all the sadness

loneliness you went threw.

You will only have joyfull thoughts.

I will always be there for you on your times.

And i will always love you.

Edder Ramirez

Stay In Shadow

stay in the shadows...
get out of this world
never leave this shadow...
i would live this world
in shadows...
suffocating with these people
stay in shadow...
i am better of this way
stay in shadow...

Edder Ramirez

Sun Rise

As the sun rises
from the bellows of the night,
and reaches the sky with its morning light,
my love is still growing forever more
and forever shall i have.

Edder Ramirez

Sweet Dream Or Nightmare

This dream.

Is it a sweet dream or a nightmare?

This dream I hardly remember.

A dream about being with you.

Is it a good thing or bad thing.

All my dreams are about you.

I don't know why?

But this dream it's something else.

This dream about being with you, how can that be?

The answer is trapped within this dream.

The only thing i can question is that was it a sweet dream or a nightmare?

Edder Ramirez

Take My Life Away

I can't take this life anymore.
I just had enough.
You say you will be there for me.
You say everything is going to be okay.
But your not really there for me.
Its never going to change.
My trust in you is fading away.
I can't take this anymore.
Get stabbed on the side,
I should commite suicide.
I can feel death creep inside me.
Let it be over quick, because i can't take this life anymore.
Take my life away.

Edder Ramirez

Taking Over

i cant control this unknow force that is inside of me.
its trying to take over.
i will not bow to this beast and i will not fail to seal it away or destroy it.
my time is running out, the force is taking over.
i cannot loose.
i feel coldness and see darkness.
i feel very weak, im loosing strength.
im being taken over, i cannot hold for much longer.
all of a sudden i feel another unknown force.
i feel strength building inside of me.
i feel the evil force fading away.
i regain control and the unknown force is gone.
im no longer being taken over.

Edder Ramirez

Te Amo

como quisiera decirte hoy que desde ase tiempo yo me muero por tu amor.
tu eres la que tiene mi corazon, porque tu eres toda mi vida.
sin ti mi vida no tendra sentido.
tu siempre estaras dentro de mi corazon.
tu siempre seras mi amor.
te amo mucho mi corazon

Tearing Apart

it breaks me down
to see everything die and rot
between us
although this is all happening
i will never give in
i will never give up
all i want to be is to be loved
although my my heart is f** up
and its tearing apart, but
i will compromise that
you and i will be one.

Edder Ramirez

The Demon

You wake the demon inside me.

And i can't control it.

The only way for me to control that demon inside me is for you and me to separate and never see each other.

But if you want to feel dispair then be with me and wake up that demon inside of me.

The Fantasy

Do you live?
Do you die?
for this fantasy in our minds
staying with you is my
fantasy
DO i live?
to see this fantasy
Do i die?
and never see it.
will you live?
will you die?
for your
fantasy...

The Ghost

I was walking on the streets everybody passing by me without noticing me.
I'm like a ghost, im so lonely in thins world that nobody notices me.
I wonder alone in a dark hole with no one there for me.
I am a ghost.

The Good Life

the good life is
what i need
too many people
stepping over me
the only thing that's
been on my mind
is the one thing before i die

all i want is a little of
the good life
all i need is to have a
good time
the good life

i dont really know
who i am
its time for me
to take a stand
i need a change and
i need it fast
i know that anyday
could be the last

all i want is a little of
the good life
all i need is to have a
good time
the good life

hold on
i always wanted it this way
i never wanted it this way
hold on
i always wanted it this way
we didnt ask for it this way

all i want is a little of
the good life
all i need is to have a

good time
the good life

The Key

I had closed the door upon my heart
I wouldn't let anyone in,
I had trusted and loved only to be hurt that would never happen again.
I had locked the door and tossed the key
Love would never enter there again,
My heart was closed for good.
Then you came into my life
And made me change my mind,
Just when I thought that tiny key
was impossible to find.
That's when you held out your hand
Inside your palm was the key to my heart
You had it all along.

This Is War! !

Therere's no easy way out
try to survive this battle field
I tell this to the people of the good and the evil
It's the moment of truth
the moment to die
the moment to live
This Is War! !
Kill your enemies
as the shot is fired
chaos soon ignites!
This Is War! !
stay caution
make it out alive
try to survive
cause
This
Is
War! !

Toy

I'm like a toy i was lost for so long and i didn't know how love felt, but when you found me i knew i would feel love and feel it forever.

You saved me from the dark world and brought me light and hope.

You are my are the only one that brings me hope and love.

I will always love you forever.

Edder Ramirez

Trial

will i be worthy?
will i pass this trial?
you have set for me
with every obstacle
with every trap
with a single tap
my trial begins
is this worth it?
i have come so far
i will have to fall
to loose it all
but surely in the end
this will be all worth it.
i will make it out of
this trial

Edder Ramirez

Until The End

I wont rest until the end of time to save you from this dispair and save you from this dark world that's taking your soul.

I would rather take all the dispair and be locked in darkness than you have that fate.

I will fight until the end.

Edder Ramirez

We Are One

im on the edge and falling off
and im sick of feeling numb
help me believe its not the real me
maybe we can turn it around
cause its not too late
im standing here alone
feeling so stepped on
it wont belong until im burning on the inside
i just dont care anymore
that it drags me down
things are clear
we will not die
we are one

What Have I Become?

what have i become?
What have i done?
Did i do that?
I could not have done that.
I see myself in the mirror.
I see blood on my hands and on my lips.
Could have i dont it again?
Its 2am, i cant believe ive done it again.
This thirst for blood and the joy for killing i cant control it.
No matter how i try, its just not enough.....
NO! ! ! !
Its happening again.
I see fangs growing, my eyes turn blood red, and i become pale.
I yell with terror.
Is it just a dream?
A terrible nightmare?
No.
Its real its happening.
This force that i have, this thirst for blood i cant control.
I go to the streets and hunt for easy prey, a deffenceless young girl.
I see her face filled with terror as she sees me.
I stop, her face reminds me of someone i love, someone i love but died few years ago.
I fall to the ground and i say to myself
'What am i doing? I cant kill anymore. I cant kill a young girl. If i do the person she loves will suffer, as i suffered. I cant let it happen to someone else.'
Thought race to my mind.
I yell to fight what i have become.
I feel the fangs shrink, my eyes back to normal, my pale skin back to normal.
I see the young girl, her face with terror and confusion.
As i stand up and try to talk to her she runs away.
I couldnt tell her the thanks for making me remember that im not alone that the person that i love will always be in my heart.
Its 7am i go back home.
I sleep, i wake up, i look at myself in the mirror no longer i have the thirst for blood.
What i have become is now gone.
Forever.
Thanks for the girl on the street.....

What Went Wrong?

I stay up all night
with these blood shut eyes
wondering what went wrong
and nothing is clear
abate this fear
hoping for a new morning
hoping i'll feel much better.
I'm stuck in this mist
wondering what went wrong
I'm drowning, I'm drowning
in this abyss of fear and sorrow

Edder Ramirez

Without You

I feel all the moisture when i see you cry and cry.
I am fragile without you.
Love hurts without you.
If you leave from here i am going to suffer.
Everyday is grey without you.
Love hurts without you, it hurts so much i can die.
I wish i can stop time, so that you dont go.
Love hurts without you, it hurts so much i can die.
And as the sun rises from the sky with its morning light, my love is growing
forever more, and forever shall it have.
Even when you go away.

Edder Ramirez

You

your name, your face is all you have left yed, discraced i have erased you.
so long, i am trying to erase you.
just let me clear my head i think i had enough.
your so disappointing, i think you make a good use of it, because now i know
whatmight i be expecting of someone else.
as your world disassemblems better keep your head up.
i have escaped the bitterness of you.
but i still cant believe that this is happening to me.....
i cant believe that this is happening.....

Edder Ramirez

You And Love

your name,
your face,
i just cant get enough
i need something to pick me up
i never thought id feel
this love i have for you
i came to life
with your love
somehow i found away to
get lost in you
all i want to have is a good life with you
give me reason to stay here
cause i dont want to live in fear
what if i walked,
without you
what if i ran,
without you
what if i stand,
without you
i could not go on
so with your love i would
drown, drown, drown

Edder Ramirez

You Left Me

Where did you go?
I couldn't even say goodbye
I've never felt this way before
Although you're gone
Candles still burn without a
flame on
How could you leave me this way?
I'm no longer touching heaven
Where is my angel?
My angel left me
She wont hold me now
but I'll give you melodies
to help you on your way

Edder Ramirez

Your Betrayal

am i going insane
my blood is boiling inside my veins
an evil feeling attacks
my body shaking there's no turning back
don't take your eyes off the trigger
i'm not to blame if your world turns to black
as your eyes start to blister
there's just no hope for a final embrace

so here we are
i'm in your head
i'm in your heart

you were told to run away
soak the place and light the flame
pay the price for your betrayal
your betrayal

i was told to stay away
those two words i cant obey
pay the price for your betrayal
your betrayal

is it my turn to die
my heart is pounding i say good bye
so now i dance in the flames
i love you crying and screaming my name
you said that we'd be forever
how could you kill me and lie to my face
now that we cant be together
theres just no hope for a final embrace

so here we are
i'm in your head
i'm in your heart

you were told to run away
soak the place and light the flame
pay the price for your betrayal

your betrayal

i was told to stay away
those two words i cant obey
pay the price for your betrayal
your betrayal
