# A Beautiful Girl

She dwelt among the eyes  
Besides the springs of desire  
A sky of my imagination  
And enchanting heart admire.

Beauty of the world  
Due to your presence  
It gives the grace of desert  
In your spirit absence.

If I could say something  
Thy beautiful moment  
The nature could bring  
The aroma of her heavenly presence.

# A Popular Leader

Popular Leader do not come all of a sudden.  
Situation and attention of public  
and a wish to have such a leader  
with efficient desire  
only create such a leader.

As Gold and Diamond do not  
found every where  
similarly a popular leader  
do not come in this world  
every time.

They face lot of problems  
in their life  
They are the tough  
harvesting of the societies.

By their action, positive  
attitude, responsibility  
to bear the burden of  
society and also the nation  
and the world.

They do lot of sacrifice  
in their life.  
Because to change the  
situation and to bring  
a great revolution.

# Am I Helpless

Everything we have  
That help us  
Our body  
Our brain  
All help us.  
If it could not help  
Than our family  
Our society  
Our belongings  
Help us.  
It seems  
Everything is made  
For human  
So dont be sad  
Help others  
As far as you can  
But always remember  
God helps those  
Who helps  
Themselves.

Kumar Sanjib Mallick

# Beautiful World

Devil destruct God construct.  
Devil think for self only  
God thinks for help only.  
God is the name of love  
Devil is the game of hatred.

This beautiful world has been  
created by God.  
Devils trying always to  
Disturb and perish it.

God fights always against the devil to  
Save the humanity  
And to save the  
Beautiful world.

Kumar Sanjib Mallick

# Design Of Step

Curious find the way  
Shape is the milestone  
Of designer  
How this world is  
Engrossed?  
In a road map of pathmaker  
Brilliancy attitude paves  
The way of success.  
Energy translated but  
Never diminished  
Object changes  
But elements never  
Washedup  
The changes imply  
The meaning of consistency.  
Result shows the  
Responsibility of step  
And its design of structure.

Kumar Sanjib Mallick

# Development

Development comes where justice prevails.  
Where every body lives in harmony.  
Injustice is a cause of revolution.  
Peace and prosperity  
is a developement stage.  
Violence shows the implication  
injustice or greediness of society.  
Dont hate any one  
live and let live  
but in the order of society  
in the order of laws of state.

# Dont Wait For Good Day.

Every day is a good day.  
If you loose  
You take lesson  
and don't be rude  
when you win.

Don't wait for Good day.  
Let the work must go.  
Let the spirit must hopeful.  
You will turn your luck  
in your favour.  
Set the task and do the labour.

Flower bloom even in desert.  
Be the gardener. Beautifulness  
comes from skill and labour.  
Hunger of success never seek  
for good day to come.

Every day is a good day.  
Dont wait for Good day.

Kumar Sanjib Mallick

# Dream Of Life

Sometime we get to loose  
Sometimes we loose to get.  
It is just hard to think  
That everything's would be  
Successful.

Life is a mystery  
But dream makes it  
Beautiful.

Enjoyment or pleasure  
Emits from labour  
But when true friend meet  
It feels awesome  
A journey of life  
Makes it wonderful.

Kumar Sanjib Mallick

# Fast

Life runs fast.  
Present becomes past.  
Things slowly last.  
Life is just like a gift.  
We remember the day  
when we cross the way.

Fastness of life persist.  
Either in rest or on the busy road.  
moves always  
on the way of desire.

If you want to reach early  
on the goal  
fast the pace  
with a control in race.

# Fearness Sharpens

The distance between  
Brave and Timid  
is fear.

When you keep your  
fear away  
by preparing yourself  
You can be brave.

To overcome  
the fear  
we should know  
why we fear.

When we tend to  
something  
wrong  
the moment  
we cant be fearless.

Brave don't fear  
They have courage  
But for they must prepare  
calculation of  
momentum  
is an art of hero  
so they are brave.

But even a weak person  
can be brave  
because the God  
has given  
everyone an unique  
power to overcome  
the fear.

First of all  
we must think  
it is easy

to tackle  
be positive  
that number of ways  
we have.

But must prepare  
yourself  
because it is only  
that sharpens you.

Fearlessness  
means preparedness.  
present moment  
is our best friend  
believe on it  
don't waste it  
because this the  
moment that  
sharpens us.

Kumar Sanjib Mallick

# Gardener

I love you Garden.  
Because flower dwells in your yard.  
I just cast my imagination  
love and aspiration.

My skills seems in your beauty.  
As a parent who gives shape  
to his offspring.

Blooming flowers are my  
wishes my dreams.

Kumar Sanjib Mallick

# Happy New Year

God has blessed  
with love  
and a hope of  
new life  
new challenge  
to start  
and welcome an advent  
of new journey  
alongwith  
near and dear altogether  
forgeting all  
the differences  
with a promise of  
harmonious relations  
So have a  
smile in your face  
Have A Prosperous and  
Happy New Year.

Kumar Sanjib Mallick

# Heaven And Hell

Why we think  
for Heaven and Hell?  
Since one has divine light  
another is in dark.

The kindness and Love  
sympathy towards helpless  
Good thoughts and thinking  
for Non violence can be  
found only in presence  
of divine light.

Our soul is linked to divine light  
that can be seen  
with peace of mind  
by feeling the message of God.

We forget the God but they don't  
help us when we try.

When we remember the God  
they show kindness  
and ready to give  
what we think.

They just say just switch on  
the light of divine  
than you will feel with me  
and you will get the fragrance  
of beautiful rose  
and you can make the beautiful world.  
since both are here  
on this earth only  
it is  
your wish to get Heaven  
or get the Hell your will.

# Home Sweet Home

Home is a place  
where we can share  
our emotions

Where we can share  
our love

where we can share  
happiness  
and we can share  
our sorrows.

This is the place  
where we feel peace.

where scarcity  
gives challenge  
to meet and  
overcome  
all circumstances.

where  
a child grow and learn  
evrything  
from his kith and kins  
from where  
he learn to travel in  
the ocean of life.

A home observe  
everything happens  
in its circumference  
smiles when we are happy  
even weeps when  
we overrule or do any  
atrocities.

Home loves its Guardian

so becomes unhappy  
when it sees  
that their master  
is not there.

# How God Help Us

God comes in disguising way.  
As mother and father  
As Teacher  
and as Brother or Sister.

Nourishing us and  
gives us everything  
to grow.

The Love of mother  
and the Love of  
father heavenly  
on this earth.

God comes in disguising way.  
As friends and  
all the people we  
see.

God comes in disguising way.  
As Plants and Trees  
As sun and Moon and  
all heavenly bodies.

God comes in disguising way.  
As beautiful earth  
with life line of river  
and ocean and  
with life belt air  
and everything we need.

# How To Release Your Tension

The root of all disease  
is tension.  
But we can not abort it.  
Our biggest problem is  
to ignore the problem  
till it become mountain of tension.

so we must solve our day to day problem  
within a efficient and sufficient time.  
Everything is related with time.  
Because from childhood to old-age  
our life defines by the time we have.  
Almighty has given us time  
to solve our day to day problems.

Tension shows that something  
is missing that to be done  
or something we have done wrong  
or something we expect which is  
beyond our capacity.

If we take it as a challenge  
than it is easy to cope up with  
but if we take it as a load  
we can lose our strength.

The thing which is necessary  
to be done should not be avoided.  
In addition to to it to get the  
strength to manage the tension  
we should not forget to do exercise  
and meditation.

Kumar Sanjib Mallick

# I Am In Hurry

Myth of life  
nice to see  
festivals  
of belief  
enjoyment of  
spirit and lots  
of rituals  
O God how great are you  
how busy we all  
to celebrate these  
ceremonies  
vibrating feelings  
and again psalm of life  
rejuvenating pulses  
and sinking of veins  
you give no time to  
think. Always make  
me thinking  
that I am in hurry.

Kumar Sanjib Mallick

# Ideas Rule

Wind of ideas ruling the nation.  
Impossible becomes possible  
in the hand of Napoleon.  
This earth is the land of God.  
Either we win or loose the battle  
The wind of ideas can make the storm  
or it can be growing payload.

History is on the bank of blood  
in the battlefield of kings.  
Narrating the ideas  
and singing the rulers glory.  
Mystery of rules hidden  
in the cover of ideas flood.

Leaders took birth to save  
or ruin the civilisation.  
People or follower  
accompanied them in  
the river of both the ideas  
but better ideas never defeat  
Wind of ideas is the book  
of nation.

Kumar Sanjib Mallick

# Learn From Bird

Learn from Birds.  
Wake up early in the Morning.  
Sleeps early in the night.  
Don't waste the time ever.  
Lives together  
on the trees.  
Remains vigil  
no one can catch it  
very easily.  
They try to say  
Live in harmony  
and obey the rule of Nature.  
Flies in the sky  
tries to say  
if you follow the nature  
and if you obey its rule.  
You can also fly  
and touch the sky.

Kumar Sanjib Mallick

# Let The Night Be Sleep

Twinkling star will again smile  
Sky will embrace the night  
A pin drop silence  
Night will sleep  
Let her do the rest  
For a while  
To regain herself  
Her freshness will  
Make her beauty  
In the deep of sleep.

She will awake  
And do welcome  
The fresh morning crimson  
For the beautiful blue queen.

Kumar Sanjib Mallick

# Life

Precocity empowers the journey of life.  
A journey from childhood to oldage.  
Learning to little bit learned.  
Consistent grow of knowledge  
Enabling man to establish  
Their journey of life.

Knowledge is the real friend.  
Life runs on the rail of knowledge.  
Because the journey of life is  
Wise man choice. As we do so  
we find. God has given the ways  
And gave the light to search.  
He opened the door for everyone  
to get all the things he wished to have.

# Message Of Lord Krishna In Gita

Lord Krishna says that  
soul of our body is essence of God.  
That never dies and eternal.  
Our body is transient.  
It is the combination of Water,  
Soil, Fire, Space and Air.

As we change our dress  
And become new and fresh  
Similarly our eternal soul  
Changes new body afresh.

Lord Krishna says you do  
Your duty because God has  
Send you to perform your  
Duties which is absolutely in  
Your hand.  
The result is in the hand of  
God. But be optimistic.

This world is transient  
Changes at the pace of time  
It is changing in every  
Second of time.

Lord Krishna says be truthful  
And follow humanity dont injustice  
Because all are equal before God.  
He has given the message  
of fraternity and always be  
Ready to fight against Injustice.

Lord Krishna says dont be blind  
When you are a king  
Your all citizen are equal  
and give them justice equally.

Lord Krishna says the result of war  
Is a loss of humanity you will

get nothing except loss.  
Because Arjuna and Duryodhana  
got nothing after war but lost  
Everything's along with  
their kith and kins.

by the emotion of love  
By feeling happiness  
or feeling of sadness by  
Melodious notes

# My Country

Nation makes after a great revolution.  
Citizen comes into existence  
When a nation exist.  
So we give it the name of our mother.  
My country is more than my life.  
We shouldn't not forget  
Nationality keeps alive  
Our country  
So we should not forget  
That destructon takes  
No time which we build  
After so many sacrifice  
And a span of miles of age.

Kumar Sanjib Mallick

# Nature

River the life line  
Mountain the Guard  
Winds are the rope of life  
Sun creates the life award.

This earth is a stage  
The Sun Moon and Star  
Gives divine light  
With different kind of rays.

Greenaris of the earth.  
Forest are its decor  
The lap of ocean  
And space  
Allures to search  
Or explore.

Kumar Sanjib Mallick

# Right And Wrong

We are bound to cause  
our action in the ambit of  
right and wrong.

Destruction follows the  
beginning of Creations.

The termination of action  
follows the desire and ambition.

We have control on how  
and why that proves  
our efforts  
and result apply.

Present is linked with future  
nothing happens improper  
by the almighty god.

Kumar Sanjib Mallick

# Rythm Of Life

Beautiful background musical sound  
Either we listen or not  
always frequencing on the  
silver invisible screen  
in everybodys Life.

Like it happens in reel life.  
The same thing happens  
in real life.  
But here show goes on  
where all our wishes does not  
work.

When we succeed we think  
it is my effort.  
But when we get failure  
we think this is our fate.

Rythm of life always goes on  
Either we listen or not.

We all live in the mirage of sand  
Try to find  
The water of hallucination.

In the core of hopes  
and beautiful imagination.  
Try to build the ladder  
or string to ride on the  
tomorrows world  
But rythm of life never stay  
It always goes on.

Kumar Sanjib Mallick

# Station

In the journey of life  
We make our way  
along the  
way  
we meet the  
people  
we meet  
or we  
go along  
with  
some friends  
in the  
time of  
happiness  
or in the  
moment of sorrow.  
on the  
different  
station of the way.

The moment  
of way  
we left  
behind  
on  
different  
stations  
unforgettable  
and not  
come again  
so keep  
attention  
when we  
go along  
or  
meet some one  
on the different  
station of  
life.

# The Best Use Of Time

The best use of time  
is the reality of life.

Time gives award  
of success  
if we do  
take care of time.

The great person  
has utilised  
the maximum value  
of time so he  
becomes successful  
in his life.

Time gives the  
opportunity  
to decorate  
the life  
to decorate the  
world  
with passion,  
emotion with  
ambition and  
positive desire.

What we have done  
in the past  
the present we have.  
Present is a time  
that can be en-cashed  
in future if  
we apply in positive  
direction.

Kumar Sanjib Mallick

# Tornado

Everytime you come  
and destroy  
People want to know  
Why you do all this?  
Stringent step

Everytime where you come  
You barren everything  
Understand  
Your supremacy  
But  
We will never defeat.

Kumar Sanjib Mallick

# Universal Culture

Stiff don't stay for long  
Thinking an universal culture  
in this age of globalization  
must be song.

There is something good  
or something bad  
adapted according to  
the than age.

The good culture  
exist in all religion  
imposing and thinking  
in one line  
should not be our ambition.

adaptability and flexibility  
always exist for long  
thinking an universal culture  
in this age of globalization  
must be song.

Kumar Sanjib Mallick

# War Of Ego

The reason of war is unlimited.  
But to defend the world  
And to defend the earth  
From nuclear war  
Leader should be  
United.

They will have to leave the ego.  
Because this beautiful earth  
Can never tolerate  
Injustice against humanity.

Once a creation disturbed  
It took a long time  
To establish.

Kumar Sanjib Mallick
