Confuse And Hurt

I fight these wars no one knows,
For so many years having to be strong and alone,
When can I rest?
When can I just sleep all my pain away?
When I can I stop worrying?
Worrying about so many things,
All I want to do is curl up and die,
Die in my little corner,
And know all my worries,
And all my pain,
All my grief,
And all my depressed times fade,
Fade deep into the land on hell,
But when that moment comes,
I just lay in bed and weep,
Weep, weep for hours,
Is my pain never going to end?
Is this life I live ever going to give me a break,
Where I can just lay my head on your chest,
And know that here with you I don't have worries,
But if I said that I don't worry,
It would be a lie,
I feel as if I am caught in your past life and your new one,
You want to move on but you cant forget her,
You don't want to,
But at the same time you do,
So think carefully,
Do you want her?
Or do you want me?

Daisy

As I pick the petals of the

Daisy saying he loves me he

Loves me nor as the petals

Drop to the floor I'm wishing

The last one left is he loves me

Hammy Brown

Deep

Since I first saw you,
Our first words,
Our first good bye's,
I felt different,
I felt special.
You made me want to try,
Try to trust.
Try to believe again,
You don't force me,
Force me to do anything I don't want to,
You let me fall in love,
When I feel upset,
Depressed, angry,
I know I can trust one person,
One person to let me try,
Try to talk about my feelings,
And know I won't get hurt,
You make me feel like a somebody,
That someone loves me,
I want you to know,
That you mean the world to me,
And always will,
I love you bunches baby.

Feeling Alone Etc

Without knowing who is out their,
You feel lost and all alone,
Like nobody is out their to talk to,
Or even care about you at all,
How do they exspect you to be happy?
How do you know how to be happy
with nothing to cheer you up
But one thing,
But one person,
When ever they touch you its like a million angles glowing,
When he smiles and youo just cant help but smile back,
I never knew what this feeling was,
But now after so many tears of being hurt
Of being told your not good enough,
Of crying every night cause you believed them,
But when you, look into this new guys eye's and you feel special,
I now know thay i love him and that i dont have to worry about
being kicked to the curb
ANYMORE....

Have You.....

Have you ever felt so bad about something?
Have you ever loved someone so much,
That you dont want to worry them about your problems?
Has that person ever taken it the wrong way?
And make it much bigger than it should be?
Today in fact was very messed up,
The person i really care about,
Is upset cause i didnt tell him what was wrong,
I dont get it,
I want to cry,
I want to leave right now,
Leave to a diffrent planet,
Or atleast talk this through,
But he wont look at me or talk to me so its really hard.....
Tell me what to do,
Im so stuck,
I cant get out,
please help me.....

Hiding

love is a feeling you cant hide,
you try to hide from it,
not cause you dont want to,
but in fear,
afraid of getting hurt,
afraid of maybe hurting not only yourself,
but that person,
afraid to give them your what you've been hiding,
hiding for so many years,
afraid to let it out,
you cry,
your mad,
angry but not at yourself,
angry at the person who did this,
so afraid to letsomeone see,
the real you....

Hiding From? ? ?

The way I see you,

Your smiling,

Laughing,

I wonder why i cant be like that,

But instead i hide,

Hide from not only other people,

But myself,

Im so afraid,

Afraid to let someone see the real me,

To hold it against like they have before,

I cry,

I wonder,

I feel hurt and alone,

But just when I thought I was alone,

You pop into my world like a million burning candles,

ANd i know now I will not be hurt,

Ever with you by my side.

Hammy Brown

Hold Me Close

Hold me close and don't let go;
I'm so scared to be alone.
I've been by myself for too long,
And always had to be strong.
Now I only want to rest;
And lay my head on your chest.
Hold me close and don't let go;
These wars I fight no one knows.
Now whisper how you love me,
Say it tender and softly.
I am weary and soon will sleep,
But with you no longer will I weep.
So hold me close and don't let go,
For I never want to be alone.

I Just Want To.....

I dont know what to do,
I love my boyfriend,
But I have been a really mad alot and depressed,
I dont know why,
All i know is that i hate,
WHen other people come up to himand flirt,
When he goes and hangs out with arcata,
I only get mad cause,
I know she has something guys want,
And she gets any guy she wants,
It makes me sad everytime he talks about her,
And now he thinks i want to leave him,
How could i leave someone i love?

Hammy Brown

I Win

Finally he understands,
Understands what she was trying to do,
All it took was for us to talk,
But it did not help when i talked tohim about her,
But he says he is done,
And a trick was played,
The trick was mean,
But had to be done,
It made her think,
Of what a b***h she was,
And now she wont look at him no more.

In Love, Confused And Depressed

Love is not always what it seems,

It has it's up's and its down times,

People say that when your down your lover is suppose to cheer you up,

What if he does you just cant show it,

your to depressed and afraid,

Cause you know what's going to happen,

Your afraid to get to attached and fall in love,

Cause you know you just might get hurt again,

Hurt so bad you just want to die,

It hurts so bad to get hurt by someone you love,

I'm afraid to get attached but to late,

I am...

I love him so much and I would hate to lose

Him, Afraid to get hurt and kicked to the curb,

When I'm depressed I'm thinking of all the ways I could lose him,

But happy I have all my friends and him to love, I'm not the only one who thinks like this and feels like this many do and It just happens I cant handle it.

Is It Worth

Is being with someone worth being ignored?
Is this what happens to all relationships?
I know it has happened in the past,
But not now not with him,
Why do ever guy have to ignore their girl friends?
Is it their way of being the 'BIG BAD GUY? '
I dont see how it does,
To us girls we see it as a way of being a jerk,
Not anything more,

Just A Feeling

Just A feeling

Everyone has someone they feel is special,
Different than others,
But when you say they are different,
They don't see how,
How am I different than all those pretty chicks?
They have more than what I have with looks,
They say you're different in many ways,
But how?
All I see is a girl that is trying to make it through life,
Trying to make a difference to make her feel better,
Better about her self,
She has tried for so many years,
Just to be her self,
And she has done it,
But now she has something she never thought would happen to her,
She has someone she cares about,
And they care for her,
As much as she does for him,
She fears of many things,
But the one that makes her
Cry at just the thought,
Is losing him for good,
He says it won't happen,
She trust him but knows that drama happens allot.

Kissing You

Kissing you

Is hard to forget

And I don't know if I can do that yet

You made me better

Better than I am

And I don't know if I will find that again

When is it over

How long do I remain

Still holding this fistful of rain

Starting over

Starting out from scratch

You can try to return

But you can never go all the way back

Im lucky to love you

Im watching you leave

You gave me the gift that's much harder to receive

And I cant see it ending

Tell me how do I move on

Its such uncertain sand I build upon

And im sick inside and I nearly died and may chosen not to recover

And im still standing still on the lonely hill that they keep for the broken lover

Tell me when it's over

How longdo I remain

Still holding this fistful of rain

Kissing you

Is hard to forget

And I don't know if I can do that yet

You made me better

Better than I am

And I don't know if I will ever find that again.

Love

Love is not just a word,
A word to throw out their,
Its not just to say to make someone smile,
Its a feeling,
And its as so many meanings,
It is the way you look at them,
The way your eyes smile at them,
The way you talk to them,
How you express it,
How you dont let things in your way of love,
How do you know you found love,
I can not answer that for oyu,
Only you and your heart may know....

Hammy Brown

No Matter What

No Matter what

No matter how mad,
How upset,
I get at you,
There is no way to not love you even more,
Every relationship as its bumps,
And it is not always easy to get over them,
All I do is pray and hope,
That one day,
WE will be able to do what we want,
Be able to hang out,
And do things we want to do,
Is it fair?
Of course not,
But its life,
And unfortunately,
One as a not so great life,
But is always positive,
Thinks only two more years,
And we can be together,
When ever we want...
They never give up,
No matter how hard life gets for them....
Love is a powerful bond,
That can only be broke by both lovers,
And for if they truly love each other,
They will stand together,
Threw thick and thin.
And not give up just cause of a bump in the road,
No matter how big that bump may seem.

R.I.P My Brother

You're still here in my heart and mind,
still making me laugh cause your stories live on.
I hold you in a thought and I can feel you.
I feel you and this gives me strength and courage.
The tears I have cried for you could flood the earth
and I know you have wiped each one away.
For you Brother, I promise you this, I will go on with my life and make you
proud.I will always hold you in my heart.I promise you I will be missing you
everyday till the end of time,
but this is not my end and I can't hold my head underwater.I need to breathe.I
need to love and miss you, but I also need to live because through me you will
live, you will still laugh and love, you will still sing and dance, you will still hug
and will forever be in our lives, you will forever be a brother, a son, and friend.I
am going to miss your shining face
I think of you and wonder why? I might cry or smile, but at the end of the day I
am one day closer to you

So Many Thoughts.....

So many thoughts,
SO many worries,
So many things can go wrong,
Even in just seconds,
So many thoughts,
Never thought of this before,
When would my thoughts end,
Die like my soul has died,
I feel like i walk alone,
But everyone says i dont,
I know i hhave one person who walks with me,
And one person who matters deeply,
No body can take that from,
Althoughh sometimes i feel they can,
He says they wont and cant,
That i am his true love,
Is this true?
I know its my true feelings about him....

The Only One.....If You Choose.....

Their will always be one person,
who will care about you and love you no matter what,
One person who wants you for you,
Not someone your not.
That one person will take your hand
and show you that they love you,
and actually mean it thi girl or guy,
is the one that will be your best friend,
threw thick and thin and love you forever,
this person is thinking of you everyday and all day,
Dont let this lover get away,
hold her or hom close and look in their eyes,
and tell them you love them,
and actually mean it,
dont make it fakefor u may not love someone as much as u love this perso,
this person means te world to you,
like nobosy else will ever,
this person loves you forever and ever and ever,
so tell them what they mean to you,
even if you dont think they care,
i bet you they do... xD

They Way U Make Me Feel

If I had a choice,
Between a million dollars or loving you,
I wouldn't think twice about my choice,
You caught my eye, when you said Hello,
Your smile made me like you more,
They way you make me smile,
The way you make me laugh,
The feeling I get when your around,
Youa re my everything,
From the stars that shine their beauty,
To my unbor children,
You are everything I need,
You are the answers to my prayers,
I couldn't ask for anything or anyone else,
As long as I have you I don't need money or cars,
No one else can make me feel the way you do,
You are my one and only desire,
I know when it's raining I dont have to worry,
Cause with you by my side it's always shining,
Im so deeply in love with you,
I would lay my life down for you,
I love you

Things Happen

kisses forehead *then wraps arms around waist* * I'm sorry this happened to you and I honestly can say I have been in that same situation several times actually, the problem with being in relationships the longer they go on the more opportunities open up for regret and that is one of memories fatal weapons against us but I want you to remain a person that is able to be trusted and is still incredibly kind *I'm not asking you to be cheerful but just to be you* * no more or no less than what you want to be like* * allow no one to defile your character for that is yours and remains to be so as long as you remind yourself that it is yours, people come and go but it doesn't mean it will be painless the world is too cruel to let us get by without remorse and troubling issues I am sorry I wasn't there for you the day of but I'm glad I'm here now; you really are too nice for it to end how it did just don't end yourself because people love you for you and that especially includes me *hugs*

Hammy Brown

Uncontrolable

My love for you is like a burning star,
floating across the night sky,
Lighting the way.
People look at it and believe it love and power,
You look at it like it complete's you,
I will show you,
My love for you for as long as i may live,
My heart will flame for your love for as long as it may beat,
My lips will love your touch for as long as i may breath,
For life seems so long,
but for it is not as long as you may think,
But my love for you is a strong and true forever,
The day i die,
Is the day you stop loving me,
and leave me for a scrap of trash,
But my love will remain yours forever....

Why But Why Not?

So many things happen,
But why?
Why do things have to go wrong,
But why do things have to go good or great,
Cant they just be ok?
And when you say ok,
THEy ask what happened,
Why?
Why do things happen?

(I was bored and WHY popped up alot today)

Hammy Brown

Why?

Why do people hold on to their past?
Why can we not forget about our ex's?
Why can ex's always have a part of our new life's?
Why can we not do anything?
Can we see what it does to our new life,
Our new start,
Our new love?
Can we not see what our ex's can do,
Or are trying to do?
Do our boyfriends not care about us?
Care about us enough to see how it hurts us,
To see them hugging other chicks that they went out with?
Do they even care?
Can they see how its tearing us apart,
When the guy says she my friend get over it?
How much you think they will never move on?
Why do our boyfriends get mad when we call his ex a name?
They tell us to be nice,
Im tired of being nice to her,
I hate her so much,
I wish she would die in hell where all whores should go,
And all he says is,
Be nice, she is my friend deal with it,
Those may not be the exact words you use,
But I know its what you meant to say,
So just say it,
He says how much it hurts him to see me sad,
Depressed,
And mad,
Than why does he not stop hanging out with her?
Does that mean he really does not care?
