# 1 Two 3, Three 2 One ! ! !

one

.....two

.....three

To give honey like a bee  
To spread shadows like a tree  
To fly smoothly like a butterfly  
To be in love or LOVE to be

three

.....two

.....one

To smile at the sun  
To kiss the moon for fun  
To let the one be in all  
To be all you can in one

# Colors Of My Dream

alone..  
on my planet of POETRY..  
joyful colors are all around me..  
here i can feel who really i am..

i can see BLUE..  
i can smell RED..  
i can touch GREEN..  
i can hear YELLOW..  
i can taste ORANGE..

no more colors here exist..  
for those above are all the best..  
peacefully now i can paint..  
words bloom on my chest..

# I Am Not A Poem, Will You Read Me? !

i am not a ball

i am not a soap

i am not a cigarette  
don't smoke me..

i am not a lipstick  
don't wear me..

i am not a car  
don't drive me..

i am not a riddle

# I Can'T Tell You How .....

how sweet your kiss is..  
how tender your touch is..  
how warm your hug is..  
how soft your voice is..  
how shinny your smile is..  
how delicate your body is..  
how dark your hair is..

& i can't tell you how much you mean everything to me! !

# I Couldn'T Give It A Title

i wrote those lines about / for myself:

keep your smile..  
stay tuned to your dream..  
catch up your hope..  
kick your fears..

watch up for a sign..  
believe your intuition..  
look for something simple but noble..  
trust the way you fly in..

sing your own ode..  
write down your mind..  
speak your beliefs clearly..  
declare your emotions truly..

tolerate with ambiguity..  
laugh like a child..  
appreciate simplicity..  
fight your depression..

adore your destiny..  
visualize your fate..  
dance with butterflies..  
keep your tear dried..

flow with your feelings..  
paint your vision with green..  
find your inner bonanza..  
explore your spring..

befriend to the river..  
be avid to reading..  
be attracted to the beauty..  
be patient till the right moment comes..

be grateful to the nature..  
grasp your fragments..

fill up with satisfaction..  
drink as much water as you can..

# Love, Peace, Freedom & Poetry

font color is orange,  
background is black,  
& thoughts are blue,  
but emotions are scrambled colorlessly..

how should i express the truth in these lines? ! ..  
do i have the right to paint my words with especial color? ! ..  
how do words look certainly? ! ..  
& what am i exactly looking for? ! ..

" spaces between words are an approach to the meaning "..  
am i misled by my emotions? ! ..  
a question with no answer can lead to endless possibilities..  
but i don't have many sweet words to share you with..

can i follow the truth wherever it exists? !  
though it is scattered in  
LOVE, PEACE, FREEDOM & POETRY..  
life is too short to know the whole truth..

# Mental Problem (Hazy)

i lost my key to heaven  
i used to smile each time  
i look at the sky  
now i've this cold shiver

i don't face any mental problem  
but still i laugh while walking  
without any reason  
really it's true

i stopped once at a cafe  
to get a dose of caffeine  
coffee was too hot  
& i got my tongue scorched

i looked at the curved mug  
found 3 words  
fast, fresh  
& friendly

and i said to myself  
what i missed that day  
feeling that i need to go out  
& so i did

it seems i write in blue  
not very sad  
but just writing with blue pen  
actually scratching not writing

few lines remind me of my childhood  
although i can remember nothing but  
playing football, fighting with boys  
& kissing girls

am i supposed to finish this poem? !  
dare you not to call it just hazy lines  
you needn't to do  
vote ZERO & leave NO comment

# No Longer Alive

no words of passion would be allowed,  
for he had no heart to share love..

# No Matter

WORDS keep looking at ME..

THEY keep asking ME:

"WHAT do you want to say? ! "

THEN i have this shiver again..

WHAT shall i say? ! ..

oh GOD, let my words speak for me and say:

" i love this world so much, no matter it loves me or not "

**Oct. 4th ! !**

i fetch a bright star from sky  
to just light a candel for you..  
this will be a new begining for  
new day, new year, new life..  
so please make a wish and say it to the light..  
then close your eyes and go to your soul  
to make sure that your heart understand your mind..  
just take care about light in yourself..

happy birthday to you ! !

# Painful(Less) Love! !

The whole book,  
any book,  
every book,  
has just one single line.  
As this line is very very long,  
we create pages to make it easier to read.

The lonely heart,  
any heart,  
every heart,  
has just one single pain.  
As this pain is very very deep,  
we create LOVE to make it less painful to live.

# When Love Haunts You And Me !!

HaZeM:

I've been thinking for so long to co-write a piece of POETRY with someone, so IF you're interested in something like that, plz let me know.

Jane:

Yes, I'd love to! I'm up for anything in poetry. How would it work?

\*\*\*

My heartbeat flares  
at any mention of that name.  
And after that first glance,  
I knew I'd never be the same.

\*\*\*

I sigh when I remember  
that day, the sweetest day.  
O heart can't see how  
love is not that far away.

\*\*\*

That beautiful face  
every night haunts my dreams,  
always there, but never tangible  
I don't know what it means.

\*\*\*

A dream that's locked in my chest,  
is now so close to me.  
I whisper to my beloved star,  
O God, this's gonna be.

\*\*\*

I wait for that moment,  
and when I think it's right  
I summon all my courage,  
throw my love into the light.

\*\*\*

The only thing I care about  
is to admit it right now.  
Love is fine, you're mine,  
trust your heart & don't ask (how) .

\*\*\*

I look into those eyes,

hoping for a positive reaction,  
searching for an answer.  
Do they show the same attraction?

\*\*\*

I wonder why I stare,  
but I still can't see.  
Do I possibly feel dizzy? !  
Or do your eyes glow with glee? !

\*\*\*

I let my gaze fall to the floor,  
blushing from the answer I've discerned.  
But do I dare confirm  
what it is I think I've learned?

\*\*\*

Talking for nothing, smiling for everything,  
I'm about to fall in coma.  
Can't you hint an answer  
for that fantastic dilemma? !

\*\*\*

A dilemma that I know  
has a very simple fix.  
For all I need to confirm suspicion  
is just one little kiss.

\*\*\*

This time I can't ignore  
your lips when they call.  
So I can taste the purity of life  
& I wish people could have this, all.

\*\*\*

Those lips so warm  
beneath my own  
and with the fireworks in my head  
all doubt is over thrown.

\*\*\*

You've painted all my moments  
with your joyful colors.  
Now I can confirm  
you're so different from the others.

\*\*\*

You're the one  
the one that I need,  
who grew this compelling love

from affection's first seed.

\*\*\*

I thought love was just like a butterfly:  
the faster you chase it,  
the sooner you lose it.

Wow, it's now pampering my chest.

\*\*\*

I don't know where this will go  
but I know I'm going with you.  
I'm ready to start this adventure  
and I'm going to see it through.

\*\*\*

I let my heart lead me to  
the finest fortune in my life.  
My hand in yours sleeping like a dove,  
With you, I have no strife.

\*\*\*

You have just put together  
the glamorous rose in this dozen.  
Roses are jealous of your fragrance,  
without you, they are just eleven.

\*\*\*

And from that moment  
of us first being together,  
I knew our love would be indefinite,  
that you and me are forever.
