♥ My Sweet Emotionless Pain ♥

You love me
or you love me not
i love you
& that will never be forgotten
at least not by me.....

This world is another place
my exsistance has a questionable fate
whos questioning it? ?
i am
thats something i kinda cant help.....

What do i mean to you? ?
to any of you
it doesnt even matter
oh how i wish to see you
before i forever leave
do i have it in me? ?
to proceed? ?

I bleed...not blood
but this doubtful pain that i feel
ask me how i am
ill tell you im fine
but im lying....sometimes
i...only do so you dont worry
dont you understand? ?
but then again....who cares
im just here...holding back
these tears.....

Cheers! !
let us...well you celebrate
and how about counting it out
between zero and 5.....
how many of those people
truely....honestly...sincerely
mean what they tell me....i dont know
but i believe it when its said.....

is that a good thing? ?
because right now.....
im emotioanlly dead
the reason is because.....
youre never really there
so i always brace myself
for whats next to come.....
besides more pain & confusion

(title)

Theres a key to every destiny
hidden but not hiding
theres a case to every mystery
to solve it is worth trying
theres a place behind every closed door
a sacred haven within every gate.....

Theres a history behind every eye
sometimes painful sometimes smiling...
theres a story behind every heart
sometimes scary sometimes alluring
theres a plan in every mind
to decipher is worth doing.....

(untitled Song)

...for an optimist
im pretty pessimistic
im not the same
as i once was two years ago
these days im livin
theyre not like i dreamt it
and i cant figure out
where i go...

I mourn the days
when i use to be happy
and now a days
i wear a mask for my smile
and how i feel
just shouldnt mix with what im thinkin
just as angels shouldnt fall
from those heavenly clouds...

I have...
no voice
no freedom - gone
so everlasting
cold is burnin
getting harder to tame
sweet isolation's got me lost
and i cant find me...

(untitled) 10 Feb,2012 Fri

Those burdens are heavy
the pressure is felt
the stress is in layers
all cards have been delt

Her heart is still hurting
and shes fallen for him now
she really wants to see him
but theres much to figure out

Everythings so complicated
yet he lingers through her mind
to see him soon instead of later...

****i Quit.....****

I give up....on alot of things
& for me its wrong
cant recover most days
i give up on hope
the hope of whatever it was i had it for
im giving up on my dreams
of what i wanted to be
im giving up on caring
about anything
i give up on feeling
because it pretty much just faded away
all except the pain.....

I give up on expecting
certain things to happen
im giving up on trying
something id never do
im giving up on communication
its not like im really there.....
never really talk long anymore
so why should i care

I hate that im doing this...
because it isnt like me
but right now i feel its right
so....i quit

-*what My Mind Said*-

This person is
stuck in my head
and they wont get out

Theyre the one thing
i keep thinkin about

What to do? ?
what to say? ?
will this go on everyday? ?

They come to my thoughts
from time to time
And then i smile inside my mind

.....

Its every time i think of you
i try to think.....could love be true? ?
If love is true
then this is obvioulsy real
What i see and how i feel

From the heart is where
true love lies
its what i feel for you babe
and it brings happiness to my mind

***but I Know**

You think you can hide
but i succeeded as i went to seek

You thought it was a secret
but it wasnt kept from me

You think i dont know but i do
You thought i didnt know
but you didnt and dont know
that i did and do know

And eventually
your gonna come tell me yourself

~IP23

iron panda 23

*dont? ?

Peace, love and happiness
is for the living
pain, sadness, chaos and suffering
is for the dead

Wait...i think thats wrong
why didnt you stop me and correct me?
i think that this is how it should be.....

Pain, sadness, chaos and suffering
is for the living
while peace, love and happiness
is for the dead

Things these days arent how they should be
so much stuff is goin through my head
just for one second...or maybe 10
could i see what its like
and then make my decision

If i like it ill stay
if not, i wont
if anyone really cares
then nows the time to tell me
'DONT'....? ?

*i Take My Leave

And before i take my leave
i stop to see if youll beg or plead
not a single tear shed...so i guess ill be going
i appreciate your honest feelings for showing
i love, you lie - i cry, you hide - you moved on...
i...just died...

I thank you now for accepting me
for nothing more than what youve seen
or maybe it was everything? ?
ill never know, ill never bring you what you need...
a pain reliever...

Im sorry i ruined your life
i made you laugh? ?
no...
i made you cry
stupid me to believe it was true
not a dream
for it seems i must now
take my leave...

~IP23

***let My Tearfalls...Commence...**

I cant take this anymore
im letting it all go...
i let it go on way too long
my pain has finally started to grow...
i kept it to a minimum
but it seems to have reached its max...
how often ill welcome my dark realm
to help me face my facts

My world...
my sweet sweet world...
The Land of Unknown...
why youve fallen to the dark side
RIP to my old home...

If only i had never tried...
to find happiness...
& some light...
not only would i feel somewhat fine
i wouldnt have to cry like this...

So be it...
let my tearfalls...
commence...

~IP23

*mentalfall

(this is incomplete)

Its happening...
the waterfall of shadows
has come...
so full of sorrow
and tears
and things I haven't overcome
its making me feel lost
and confused again
i need my flame to be rekindled...

Theres an unusual silence
i can hear it as my darkness grows
as the shadows of my mentalfall
become darker and much stronger
i find it harder to hide...

*my "Pocketful Of Sunshine"

I want a pocket
want a pocketful of sunshine
i want a love that i know
i could call mine oh...oh-woah...
do what you want
cuz u cant re-break me
sticks & stones have already shaken me
ohh...ohh-woah...

wish that you could
but you still aint gonna own me
do anything you want
i still wont slow down...ohh no...

Take me away...
a secret place...
a sweet escape...
take me away...
take me away...
to better days...
take me away...
a higher place...

Wheres that place
i wanna go
that nobody knows
where the rivers flow...
i would call it home...
& theres no more lies
in that darkness theres light
& nobody cries...
theres only butterflies...

Is the sun on my side? ?
i need to go for a ride
ill smile up to the sky...
id know ill be alright

(i guess this is sorta my version of 'pocketful of sunshine - natasha bedingfield)

*silent Rose

Deep in the night
in the shadows it grows
what is it you ask? ?
none other than a silent rose

Its beauty...it sparkles
beneath the moon's light
if you ever stumble upon it
make sure you're alright

This rose gets its name
from not what it is but how it kills
its lavender petals contain a powdery crystalike poison
that shines when the sun comes over the horizon

So now...you have been informed
as this comes from ancient history
the silent rose kills magically...
its origin is a mystery

***thank You ... For Making The Darkness Return ...**

It happened again
so now im done with you
and everyone
i fell into another trap
and i tried to keep the distance
but its to late to think about going back
ill have to fight this urge
such resistance

I told you not to cause any harm
i shouldve known you wouldnt listen
and so now i must apologize to my heart
for bringing back that pain
to shine and glisten
and now i thank you
for making the darkness return

iron panda 23

***you'Re Of Importance**

You're of importance
so i care of your existance
your well being, your happiness

You're of importance
and if no one else tells you that
then know that i always will

You're of importance
so dont ever think otherwise
if you do, then think of me
what i say is just as important as you
dont forget that what i say matters too

You're of importance
and to me that wont ever change
if i tell it to you
then believe its true

You're of importance
and apart of my life
without your existance
your presence
your words
your thoughts....

I will be nothing
nothing of importance
to anyone or anything

(dedicated to Christopher Life and every1 of importance in my life.....u SHOULD know who u r)

...

The gates were locked
but somehow you got in
I dont wanna relive the pain
I felt back then
when I once trusted...
so freely...
and loved without a care...
from within my sacred gates...
i was damaged...

But then you came...
and restored it all...
you fixed my mind
and lit up my dark halls
my thoughts are less chaotic
...i now rest with ease
could you
be made of magic?
is what u found a key?

I dont know how you got in
but somehow you did
just leave everything as it is
undamaged

...If I Dont Come Back, Then Things Are How They Should Be

I tried to stay
but its too much, ok? ?
i already gave up
i got tired of wishing
for happiness & good luck
im not happy anymore
& i dont think i can be

I know struggles are apart of life
but dealing with them...
theyre beginning to control me
so please...
dont try to stop me
as if you really would
if i come back ill be back
but if not...then things will
be how they should

...Removing Myself From Our Lives...

No one can live with me
i shouldnt even be apart
of anyones life
all i do is cause pain
to say i dont you'd know its a lie
if you know me
just think about how your life was
before i came along
and how bad things have
happened to you
how without me better things couldve come

Im sorry ive caused this for everyone
so if you read this
its a message in advance
if you care of my existance
dont try to get to know me
and if you already know me
it'd be best if you dont wanna hurt anymore

Im doing us all a favor
and removing myself from everything...

~IP23

iron panda 23

...That Trust You Had...

Wheres that trust you had? ?
cuz now youre goin back
to a place where you dont wanna be
this place is in your mind
your heart, a space in time
and now youre wishin you could
go back...and change it all...

Your emotions were rearranged
you opened your heart to welcome
who you thought you could love
clearly that wasnt enough
because they came in...
caused damage...and left
leaving you to repair...
your once happy realm...
of trust and love

~IP23

iron panda 23

...Whyd You Leave & Not Tell Me? ? ? ...

Is that how things work now
we leave without even saying
i appreciate how you just
disappeared...
and the best part is...
id have still been waiting...
to hear from you
but i guess that wont be happening
since youre already up & gone
& im guessing you wont be
coming back
ill never know...
why you left and didnt tell me...

.~gone...Has My Heart's Magic Gate~.

Remember the gate that
i had around my heart? ?
i think...well i feel like its broken
the barrier i had up long ago
has been restored
and yet again has shattered

Since the gate is gone
and the barrier hardly there
my heart feels damaged
and unprotected
like just anyone can walk right in
and cause more pain

It was my magic gate
the one that kept me strong
as a person...
mentally...
emotionally...
physically...
but now i dont even know
my heart is just there
trusting any and everyone
my mind yet again is conflicting
with my heart
and the three of us
yet again discuss my fear
of being betrayed...hurt...
lied to and alone

I do trust...i have trusted
this heart of mine...its just
full of love and trust
but i cant help but think
what if it all is just a phase
or isnt real? ?
like eventually none of what i have
will matter...ill be forgotten

Why cant i just end it? ?
why wont it all just go away! !
my paranoid, self-harming thoughts
my sadness, my pain
my fear of losing what i love
my ability to find what i
no longer or never had
i dont know
how much more i can take
or how much longer
i can take it

.little Miss Indecisive.

Little miss indecisive...
she can never decide
i mean she can, but she cant
she makes up her mind
about something
but just as quick as she chooses
she changes her mind

She lives in a mind
that mind is mine
on one side theres
sweet pessimist...
on the other side
theres lovely optimist...
when she needs help
she'll ask out loud
to see what each has to say
but what she always forgets
is that the two
are complete opposites
so theres never a stable answer
thats stated...

.so...Those Thoughts Are Still There? ? .

Barely thinking about it
those thoughts returned
after reading about it
she seems to have learned
although she already knew
about the signs of self annihilation

She tried to put them asside
but they wont reside
they still appear every now and then
why cant her happiness come back
she tried again
to get it back...but...
she just keeps failing...

She knows...well feels
that everyone is better off without her
they tell her its not true
but why cant she believe in you? ?
in what you say
she cant trust anymore
or even believe in herself
lately...nothing has really helped

those thoughts...theyre still there...hiding...

.spam Messages & Me

What are your thoughts on
spam messages
ill compare your thoughts to me
with spam...it just keeps coming back
not really worth the read
when compared to me
its almost the same
except when you delet me
i wont bother to come back
because i know that theres no need

Spam, it sometimes
shows you things
it sometimes has things worth seeing
like me...i sometimes have
something to say...you know
the kind of something that you care to hear
other than that you dont even know
why you acknowledge my existance

So please...if you will
just tell me if you want me gone
just delet me...
to stop recieving notice of me
do unsubscribe...
im nothing but a spam message

'Welcome To The Land Of Unexpected Disaster.'

Its something that u should expect
its just that...at the wrong times
it happens
death comes and takes
what u love away
like the ocean wipes out
ships with captains

Its then u cry a waterfall
and a bomb goes off in ur heart
u feel like the world is over
wishing u could go back to the start

If life were like a video-game
we'd all have extra lives
but since this is reality
we all live once n sometimes twice
wheres the reset button
when u need it most
the pause then restart
on the player's controls

Death, the unexpected visitor
came knocking at their door
n so they answered
not knowing what they had in store
if only they had some cheat codes
they'd have made it to
another level way faster
so welcome...
to the land of unexpected disaster

.your Mirrormask.

(the following is to...whoever)

Look at it...just stare...
tell me what you see
besides the obvious
which just happens to be me...
look a little closer...
& what can you find? ?
that what you feel i feel
all in the same time

When you hurt i hurt
so i only try to make you better
appearantly im useless
im no different than whatever youve tried
you tell me that im wrong
that i am worth something
im helping things become brighter
well why dont i see it? ?
is it because...im the one...
wearing the mask? ?

I beg to differ...not a very good excuse
because i told you when you needed me most
that id be here for you...
but you dont need me...do you? ?
so why am i even here? ?
its not like i can work my happy magic
elsewhere...

This mask...its like a mirror, is it not? ?
havent you noticed? ?
i show you how you feel
so stop pretending! !
because i know! ! !
its not helping anyone...
only hurting us both...
but...
if this is what you want...

then im going away...
but wait...theres no need to tell you
im not worth your time of day...
so long to you...

-: Ur Mission: Aborted: -

Ur mission..aborted
why'd u have to go? ?

Apparently so, because they succeeded
leaving those who loved u

ur life was cut too short
ur mission...aborted
too soon for the court

Ur mission...aborted
u were suppose to come back
for us to see
for ur mommy to hug u
for me to meet
but that all changed
when that enemy arrived
they drove right through
u couldnt...didnt survive
theyre murderes...they took ur precous life! !

This cant be happening
isnt this just a dream? ?
arent we all suppose to wake up? ?
wake up with the loudest scream? !
i guess not....sadly its all real
whats wrong with ppl these days? ?
do they have NO hearts? ?
do they NOT feel? ?

I can go on all day
but that would be too long
so thaanx u for reading
may ur lives happily go on....

A Friend To Remember

I am your friend and you are mine
and thats all that really matters...

When you were here we had good times
and now those days have shattered

Hey did you know that when you left
alot of things have changed? ?
i went from here to over there
faster than the pouring rain

Its been awhile since we've had a nice laugh
how bout i give you a call
maybe if i had a few laughs
i could relive it all

A Possible.....Goodbye? ?

If i were to leave and
never come back....
would anyone notice im gone? ?
my presence is fading
if i go you'll be celebrating...
that is...if you remember...but im wrong

If i were to leave and
never return....
would anyone notice
im missing? ?
all the heartwarming things
that were said to me...im guessing
they're all dead...or maybe...
it was said....but didnt mean anything

A possible 'goodbye'
is what ill say...is that a crime? ?
because 'goodbyes are forever...
hellos are for now'
since im not greeting you (all)
im leaving you (all)
as in my life....shall forever....be paused....

A Smile Like The Sun

April showers bring May flowers
A sunny day will make your sadness go away
A smile from you will make the pretty flowers bloom
And when they bloom I will give them to you, as a special gift
Why? Because your smile will last a lifetime
And the flowers will come and go
If they are with you I'll know that they will always be happy
And that they are sure to grow
So keep smiling and show your happiness and you will see
That the more these flowers grow, the happier you'll be

Alive I am, not dead I thank God again
For allowing me to be blessed day after day
Though some of these days didn't go my way

Forever is endless
Alive I am, not dead I thank God again
I'm makin' it through this
Even the moments when things get teary

All The Time I Think Of You

Everywhere i look
i see your name
well now let me ask you...
do you think thats strange? ?

Its the thought that counts
since im not there with you now
right? ?
well if thats so...then i guess
my thoughts mean alot
since im ALWAYS thinking about you
and i mean ALL the time

All that i said
i DONT want to EVER take back
it would hurt me ALOT
and i dont think anyone would like that._.

An Acid To Burn Away The Pain.....?

When life hands you lemons
should you really make lemonade?
I say go out, throw all those bad lemons
away....

Take the juice, pour it
into the evilest of eyes...
No? not their eyes?
well then maybe over those
terrible lies?

Let the acid burn them all away
let the pain sink into their souls
within our souls?
Let the hatred burn away
fade away
into the darkness

A darkness like no other
should it all disappear...
will it spark a new life?
A new and improved way
to try and tare us all apart?
eat away at whats of importance
within us....what should be there?

Love?

An Incomplete Poem *

I wrote a poem
it has no name
i'd post it here
but here's the thing.....

Its on a piece of paper
pretty much ready to be seen
but theres this one word
thats getting to me

Its written so tiny
i cant understand what it says
if only i would have re-written it
this wouldnt be such a pain in the.....well yeah

Id post this poem

i cant understand it
when the sloppy-ish handwriting
was done by me T_T (its written so tiny)

An Ode To My Robot Teachers Homeschooling Is Terrible)

You ruin my day
my life should i say
I dont like hearin your voices
you waste my time...
what you do you dont make good choices

Your existance is of no importance
your malfunctions are annoying
im guessing your circuts are always shortened

If i could destroy you...ELIMINATE....ANNIHILATE you
then believe that i WOULD
i STRONGLY DISLIKE you
i LOATHE you with a passion

Why you were created in the first place
why you came to my place...my home
and CONTAMINATED it-my precious air
with your disgraceful lameness

So i say to THANKS A FRIFFIN LOT
for friffin up everything
i was doin just fine till my parents
discovered your
STUPID
AWEFUL
DISGRACEFUL
UNCALLED FOR
FUTZED UP
LOSER
PATHETIC EXCUSE

Annoyfrustirrated

Irritated, frustrated
sick of that, sick of this
Change it all, change it now
bring more smiles, bring less frowns

Dont wanna cry, just wanna laugh
just want this dreadful time to pass
Quickly with success
quickly with more progress

Annoyed with this, annoyed with that
tired of all of this, tired of all of that
Stressed cuz of this, depressed over that?

When i'm happy- i'm calm
and all i want is that

Ayuki's Losing To Her Pain

...Ayuki's there for everyone...
shes there when they need her most...
its when she needs just someone
they vanish like a ghost

When she reaches the point
where she wants to cry
& doesnt wanna return
theres no one there to be her guide
she has to do it on her own

When shes close to empty...
close to her lowest of lows
theres no one there telling her
not to give up hope
theres no one telling her
to not let go

Shes losing to her pain
& she wants to just quit
but she doesnt have it in her
to go through with it

Beneath the smoke
that fills her head
Ayuki is crying...
soon to be...
internally dead

Ayuki's Storybook

An adventure gone wrong
ayuki says in a song
this must me how it should be
they come and they go
goodbye and hello
but who are the ones that are
here to stay? ?

Replay the memories in her mind
and now with her
go back in time
view it all...the ups and the downs
come back to the present
to see what hasnt happened
why this adventure has
such a dark page

Look! ! you see? ?
that line right there...
just read...it says...

'she met some people
whom she thought she knew
they said to her `we're here for you`
not everone who said it is still around
they abandoned them...still lost
not found'...

She sits and thinks
of which ones are still there
she counts a few
at least one...should she care? ?
her trust is so limited
that there hardly isnt any
but ayuki takes the risk
of being hurt by so many

She said she wanted to say goodbye
but for some reason...she just couldnt...

so she decided to come back
since some said they cared
but where are they now? ?
most certainly not here

Right now in the story
ayuki's doing fine
wishing people wouldnt lie to her
and would stop wasting her time
for now we're going to close this here book
until we meet again to have another look

Ayuki's Year- Part 1

(few names are kinda made up)

Ayuki's year...it went half way up
and then straight down
what she thought did
was make some new friends
but what she didnt & shouldve expected
was to be decieved in the end

Her first new friend of the year
her name was yicinan
they said they were best friends
to the end & after time
yicinan was let into
the gates of ayuki's sacred heart
right then the candle of ayuki's pain
had already began to spark

Her name (ayuki) was not at all
hard to forget
but yicinan couldnt even remember it
in the beginning it was kinda ok
since things were new
but as time went on
upon her memory it should have grown...

Ayuki's Year- Part 2

(few names are kinda made up)

Nybor is someone ayuki decided
to get to know
but when yicinan did one of her
disappearing acts...its kind of something
shes known for...nybor came looking for
some other kind of show...while ayuki
just wanted to be friends
nybor was looking for something more

When yicinan returned...
she left nybor for whatever reason
on went their lives...changed did that season...
fastforward to whats going on...
nybor is still here...still wanting ayuki
just wanting her to come around
though ayuki already explained
that what she said isnt going to change...
yicinan still hasnt returned
but ayuki's doing better

~IP23

Ayuki's Year- Part 3

(few names are kinda made-up)

Some months went by
when ayuki spoke to wehttam...
he was friends with yicinan so...
instantly they became friends
and soon enough that advanced
it didnt take long for yicinan & wehttam to say
that they lost connection with her
because when those few extra months went by
it seemed like the two of them werent even alive

Ayuki began to go through withdrawal
not realizing that what she felt inside
wasnt the need for them but the need to cry...
a short while after...they started talking to her more
telling her they loved her...building her a fool's door
...more time passed & then wehttam disappeared
ayuki was told he went & started a new life
which left her crying her pathetic tears...

Barely Ok

I just cant do it
i sit at this computer
as i write this poem
crying...
as i think of everything
thats just running through my head
my nose is all runny...
my tears stop as i write
i dont know why
it keeps coming back
i dont know if i can
continue to take this

Every passing day
i feel even worse than before
i just dont feel that i can do this anymore...
im sick of writing about the pain i feel
but...its the only way
i can release my emotions freely
without a care...
my mind...now...is at a blank
so i guess im feeling ok...
but barely

Best Homie Friend Forever

Friends forever are forever friends
Stating that our friendship will never end
You say friends for life? Does that mean your friendship is over when you die?
Yes? No? Maybe so? If so then its a lie
Homies never leave you hangin
They catch you when you fall
They're even there to help you when ya back is stuck to the wall
Oops. well there you go again, doin somethin really stupid
Guess who's there to help you out...your bestie? Can you prove it?
All I'm sayin is this one thing
And makin it loud and clear
Ya best homie friend forever is more than likely gonna be there

Choose: Your Addiction Or Me? (Collaboration)

Now that your addicted to this we need to end it
Because its going way too far, your time that's spent
You need to just come back to me, because we can fix this
Instead of causing space between us, we can mend it...

You glance at me, almost afraid to speak
To admit you have a problem because you don't see it like I do
But it's tearing us apart, pushing me farther away
Please come back to me, make it like it was

I feel like I'm losing u
And I have problems & pain
Help me help u & we'll both make it through
While u think about this
Just remember that u have me
And I'll always be there for you

Don't want to keep being pushed away
As your addiction becomes more important than me
This addiction has to end now or else I will go
Can't keep ignoring the signs of this

It hurts me to see you this way, battling this addiction
You can't do it alone, but you wont let me help
You say you don't have a problem, but I know differently
What should I do? Follow my heart? Or do what my mind tells me to?

Look into the mirror
The one that holds your future
And tell me what you see
Am I standing there happily with you?
Or are you alone and without me

Why can't u just realize
That there's a serious problem going on
And that you're putting our love at stake
That I'm giving u a chance to make the right decision
Before you're left with tears...a blurry vision

Don't you see how much I'm willing to help you?
How willing I am to stand there beside you
But if this problem stays, then I must go
There isn't room enough for two of us.

The time has come for you to choose
A girl who loves you with everything and would do anything for you
Or an addiction that will just destroy you?
Choose now, or I may have to leave forever.....

Cuz You'Re Awesome

Your awesomeness level is oh so high
Just like a star high in the sky
You love and in return you're loved too
Because you have people that care for you
Just stay the same and don't ever change a thing about you
You're that one in a million
The best in a zillion
And that shall forever remain the same

Denying Your Love

We both know how you feel
so i dont know why you keep denying
you already told me so whats your deal? ?
this isnt something that needs trying
youre just messin with my thoughts
the emotions in my heart
and i wanna know.....whats holdin you back? ?
i wanna know what youre so affraid of
is it really that bad? ?

You already know i love you
even when you act retarded at times
and if you didnt....then you know now
so take your next step
i already took mine
those moments when i yell at you
when i freak out for whatever reason
its only cuz i care
but the way youre holdin back like this
it really isnt fair

When you feel this way about a person
you feel you know its meant to be
and when that person feels the same way
its best they let those feelings be seen

-dedicated to Aaron.....FAYNESSS LOVES YOU & YOU KNOW YOU FEEL THE
SAME....so STOP BEING AN IDIOT & TELL HER! ! -

Destroyed Happy

They say enjoy life while you can
but those small moments you try
someone destroys them-once again

My day started happy, but then turned sad
you never keep your word
and that makes me really mad

Don't make promises you know you won't-or can't keep
its annoying and its wrong
so right now I'd rather not speak- I'd like you to just move on

I didn't have an attitude
I was obviously unhappy
why can't you understand?
why don't you understand?
when will you understand?

That when I try to enjoy life....
you always destroy it?

Do We Still Have Shadows If Its Dark?

A question
a thought
to ponder upon

I ask myself
I ask others

Do we still have shadows
when the lights are gone?

When we turn them off
when they disappear
Will our shadows
still be there?

Those whom i asked
they dont know

Some say yes
others say no

Will i ever know?
I havent a clue

For this is a question
that I ponder upon
This answer, is it hidden?
could it appear if
i waved a magic wand?

Escape Where I'll Be....Happy

Im laughing but im not happy
a part of my heart....it crumbled sadly
i smile but behind that is just a frown
no not behind, but is a frown
its just turned upside down

This sadness is killing me slowly
it'll soon control me
i need a way....some kind of escape
a place where my smiles
will actually be smiling
where my laughs will be laughing
where i'll actually be.....
happy

Expression Of One's State Of Mind

Realize that love is that spark to discover
One's true side, one's state of mind
One's state of mind- condition
its display, its recognition
Express whats unexpressed- through time

Could it be because of an illusion
if one's state of mind has brain confusion?
Many things, there was a fusion
that made an illusion that caused brain confusion
All explained, so it was, that it was said

Realize that love is that spark to discover
One's true side, one's state of mind
love to be loved, to be loved- love
For a true display of expression to be seen

Fairies Of Winter

Every year there comes a day
when winter begins and all come out to play
Young fairies of the snow come dance in the wind
as snowflakes come falling, they twirl and spin

All but one thats too shy to go out
she sits by her window
While the others fly about...

She spots one fairy
The goddess of snow
she observes her freeness
And watches as the snowflakes glow

Inside her heart
she knows that she's ready to fly
Whats holding her back?
Her thoughts say she's still shy...

That night, looked up in the sky is what she did
Gazed at the brightest star
And wished upon it...

'O bright star that I see through mine eyes
Please grant my wish, give me the courage to go out and fly'

Her wish was granted, and so she flew out
To play and dance under the moonlight
Doing what all winter fairies do

Fear Of...

Fear of one thing

Fear of many things

Fear of winning nothing, but just losing

Fear of life and what is called death

Fear of being too happy, only to get hurt again

Fear of something becoming nothing

Fear of losing something of much value

Fear of love becoming hate

Fear of being liked or disliked, is of the same

Fear of misunderstanding what is understood by others

Fear is of many things

But what makes fear?

Flashback Moment

So the other day
i just took the time
to flashback on moments
that were stored in my mind
like the day i first met you
we became instant friends
its like ive known you forever
our thoughts flow like the wind

We had so much in common
it was like we were from the same world
it was then we became WEIRD SISTERS
and from then my happiness flared

I entered your life at a moment in time
when you were kinda happy
you entered my life at a moment in time
when things were kinda depressingly clashy

When i didnt hear from you
i felt as if my world would end
but then you came back
and i was ok again

Those moments i miss
and i still get that feeling
when i dont hear from you for a long while
it makes me wonder
if i'd done something....or if you're happier
elsewhere....(of course you are)

You're one of my bestest friends....
'forever and always...always and forever'
im not sure how it is for you
but for me...things should get better
this....was a tribute
to a falshback moment

For You

We dont really talk that often
but every chance we get to
it means so much to me
i guess...theres just somethin about ya
ill skip the time i have for lunch
which is way beyond crazy
but for you guys
it seems just fine
conversations that we have
arent always long
but that doesnt always matter to me
just as long as i can get
the time to say 'hii! ! ^-^' to you guys
then im happy & my day is pretty much complete

Free Voices

We all have voices, but we can't all be heard
We should be free like the singing of a bird
Why can't this world have equal rights?
Why should we always have to fight?
If everyone was treated the same, was heard, was noticed
Then no one would be blamed for this inequality

i dont know when theyll pass

Thing is.....they are
so get here...you're too far! ! !
im not sure how much i can take

so all are welcome to come in
why dont you just destroy it
im sure you'll enjoy it
i no longer have any use for it

and its seen
so theres nothing to hide

No one cares but ill say it
2 words.....goode-bye
yes....im saying
'so long and goodnight'

Her Heart

Her heart, it beats, it feels a feeling
that hasn't been felt
in a long time
she doesn't want it to leave
but stay, for this long time

Her heart, it beats, it feels a feeling
but it kind of hurts
alone? So sad
all she wants
is for this to last
and not end up like
moldy food in the trash

Her heart, it beats
it feels like it may
be cared for?
Where is the key?
she wants to know
if its safe
Or has it decided to go

Her heart, it beats
but why beginning to
fill with sorrow?
its confused,
these emotions
just the answers to her questions
is all they want to know

Her heart, it beats
and she's just tryin to
keep it safe
her heart is connected to her mind
and they both wanna know.....
will everthing turn out ok?

that way i wont cause anyone

they dont even tell me...
theres no warnings...not even

im not worth it...
like everyone is better off without me...
like im the reason for everyone's pain
like no one really cares that im here...
i dont believe anything people tell me anymore...

It pains me...to even think those things...
to think that in order to feel happy...
to feel safe...
that i have to not care about anyone
to not care about anything
to not care about myself...

I dont wanna tell anyone my thoughts...
i dont feel its safe...
ive got it all under control...
clearly i dont...but i refuse to speak of it
my acting skills...theyre so wonderful! !

I Know What I Saw.....3 Faces Within A Tree?

Outside of my window
there stands a big tree
I woke up one morning
and saw small faces-there were 3

One looked like a mask
it had a smile that was kind
another, like a side profile
I could see the shape of its nose
it seemed like it had
its own mind

The 3rd was kinda scary
as if it had one eye
in the middle of its face-it kinda smiled
or was it more so like
a creepish clown, instead of an eye
it was a nose?

I saw this all on a friday
the 12th of March to be exact
I told myself that later that night
I'd look for those faces in the tree
And I did.....

I found one, the one that looked like a mask
the other two I could not see
For it had been rainy and windy
and it was cloudy that night
And so I ended up falling asleep

Before I did so
I told myself that I'd look
for them the next morning
And I did.....

Again, I found the one that looked
like a mask
But this time it wasnt smiling

it looked kind of sad
a little scared in a way
the other two faces
were nowhere to be seen

I lay in my bed wondering
what had happened and where they had went
Some may say I've lost my mind
but I know what I saw
so I told myself, later that night
I'd look again.....
And I did.....

I came to see the face like a mask
and this time it looked angry
the way it stared back at me
kinda scary-in an evil way?

I saw another face-kinda like an old lady
it sat in the place of the second face

Could the mask had been angry
because she was there?

It was still rainy and windy
I layed there and thought
and eventually fell asleep

& now im getting worried
my happiness was here
but for a short while
it seems to be coming to an end
id better brace myself
for whats about to come
eventually ill get through it
itll be hard to move on

I shouldve just kept my thoughts

look at what happens when i
finally let them go
some wonder why i dont express myself
well hey...now you know

Im getting tired of everything
its driving me insane
maybe when i come back
ill let you know
apparently no one understands
when i try to explain
whats going on in my brain

Right now i just need some space
my space...just time...
if youre not gonna try n help me

Im not liking this communication thing
is there even any here
i dont know...ive got no life
plenty of time on my hands
but...i wanna know
do you care? ?
if i need some answers
right away....an honest opinion
any form of information
are you willing to be there
can you even say? ?

And you...yes you
what can i even say
what can you even say
do you even know how i am? ?
hmm...i didnt think so
no no...its fine
just go on your way

Hey not so fast
did you think without being questioned
id just let you go? ?
blaha! ! wrong...but heres what ill show
you see this here? ?
these are the facts
you didnt know i knew now did you? ?
well i did...the entire time
you thought you could keep this from me? ?
i told you i was magic...so i know things
i know about the other person
but hey....thats fine...

youre all now dismissed
for now im ending this interrogation time

Is It My Fault? ?

Why do i feel like i did something
i feel like im the cause
of the hurt you feel
if that is what youre feeling
i feel like you dont wanna talk
if its my fault you can tell me
if youre mad at me
i wanna know why
i dont like the feeling inside of me
it makes me wanna cry
if im annoying you
cant you tell me
i wish i didnt feel like
youre avoiding me
like i often did in the past
i get paranoid about alot of things
and its really bad
it takes a while to get over things
i wish this wasnt so hard & sad

Is That Even A Question? ?

Its me....its not me
is that even a question? ?
im sad....do i act happy? ?
thats the view from another's perception
i need to rest.....cant rest
it doesnt work anymore
to pass a test.....fail it? ?
im sick and tired of seeing the bad scores

My happiness...its limited
little of few or none? ?
i think ill choose little of few
its the least i could do
the least i could choose...to choose

I just wanna smile and laugh like i use to
but.....i cant seem to do that here
maybe.....if i were there....
there and not here.....

To wait.....not wait...
to see.....not see...
its me.....its not me....
is that even a question? ?

Is This.....An Invisible Love? ?

I know this girl....
we'll call her ayane
and shes not sure what it is
she cant see it.....yet.....
she knows theres something there
bcuz she can feel it.....
is it hiding? ?
or does it not exist
is this something she thinks is here? ?

That name.....that shape
its everywhere she goes
she loves it.....& them
but what does it mean? ?
the faces she hasnt seen
the things that she believes
its.....its all taring her apart
like.....a little paper angel
or a butterfly's wings
the songs she sings.....
they arent really helping

That day....her day.....
when will it come
when she'll see that one
shes been waiting for
those people she cant seem
to get out of her mind
why.....
shes not even sure how to
or why they wont leave
if they wont make her better.....forever
is how she wants things
to be together

This is the view.....her view
of where things are
but if this isnt right
then she must be blinded

by an invisible love

Ive Figured It Out

Ive figured it out
i really think i have
ive found the cause
to what made me go mad

My heart...my mind...and i agree
that im affraid to let my heart
be totally free
i love you so much
i realized more than most things
my heart is filled with it
but the thought of losing it....
that brings...sadness & alot of pain
so i try to think of happy things

What i want....what i need...
is to see you
i wish i could be with you
but youre too far away
and we both know
theres another way

Since its not option A
then we'll have to go with B
what we said was
'forever and always always and forever'
is what our love should be

Lifeless Memories

You made me feel like Im on the edge of that mountain waitin to take that fall
I cant find that desire
to even admire the love that we use to share
It was you and me plus the sun- it was shining
and the night stars would shine so clear....

As I watch time pass me by
I wonder if I could have,
still fill it with adventure
Because with you things are
and were never the same
Its like you aim to be the blame
like you wanna feel a certain pain
To be...ashamed-?

You make me feel like Im on the edge of that mountain waitin to take that fall
I cant find that desire
to even admire the love that we use to share
It was you and me plus the sun- it was shining
and the night stars would shine so clear....

And so I stare into what are now
My lifeless memories

Lost My Mind's Control

I cant do it.....not anymore
the control over my mind
its practically gone
i no longer have it
i tried to keep things calm
but without you theres no point
days go by
and each passing day
another piece of my mind goes with it
i need you and youre not here
why? ?
i dont know
but what i do know is that
im not sure how much longer ill last
if you dont return soon.....
ill be forever lost....gone

Made With The Gift

Beauty hand crafted
time taken with love
Each detail carved carefully
By one with a gift from above

In the mind of creative thoughts is where this piece of art was born
By the one with the gift, it came to life
its appearance is appealing and so unique
Its a mystery as to how one could create something this magnifique

Mixfusionode

Mixed thoughts, confusion
no delusion for my mood
i cant think straight....i cant choose
cant break their heart
but i like them too
Cant tare apart what i seem to have
they've been gone too long
i kinda want this bad
just helped someone throught the same thing
but cant help myself...such a sad shame
someone tell me now...what should i do? ?
keep my promise or...with this go through? ?
just help me out...i could use it now
i kinda want this bad...
but how will things turn out? ?

My answer seems pretty obvious-no? ?
well hey its not
im soo confused like on some game show
i recieved those 3 words
and in return those 3 were sent
of course i meant it when i sent it
but when recieved was i decieved? ?
i dont think so...cuz they said it first
theyre the key to my heart
its what i said
and to lose that...it could really hurt (maybe)
just help me out...i could use it now
i kinda want this bad...
but how will things turn out? ?

Do i feel a little better
though i still cannot decide? ?
its the one that said they loved me
vs
the one i think i like
and if i break my promise
it would follow me for life
Lost in this stupid game

anybody have cheat codes? ?
this levels driven me insane! !
so please help me out...i could use it now
i really dont wanna cheat with codes
i kinda want this badly
i need a safe way out

My Journey Must Go On

I feel it taking a toll
my mind and soul
my body cant handle the stress
it needs to rest
my thoughts are all over the place
so whats my case? ?

Am i among the lost not found? ?
ive looked around
but i couldnt find a way
im on a mission to find what should be mine
but whats the plan? ?
do i discover that there never was one
from the start? ?

Ive noticed that i am lost
to soon or never be found
is this because im currently living
on uneven grounds? ?
perhaps? ?

Ive seen the help i could get
but is it legit? ?
can i trust the words so slightly heard? ?
can i depend on the hands that guide me
through this dark land? ?
should i believe what could be misleading? ?
will my will show me the way? ?

I think im done for the day
or many days to come
but then again...i could spend...more time on
what could come after
instead of what happens before
which could make me believe in
what ive come to know
while finding my way through the shadows
what shadows? ? of where? ?
a place where all thats conquered

is known as fear
my fear...which was....
to be lost and not found....
to give up my hopes and dreams
that began to unravel at the seams
but ive found myself
along with the right help
those seams reattached.....
and yet my journey must go on.....

My Love For You

My love for you
is not even of this world
So if i tell you i love you
then i mean it

If you're family
or a friend
Or even more than that
then BELIEVE IT! !

Even if i dont always show it
just know i really do care

Sometimes my temper is short
and i might blow it
The mean things i say
i dont mean it.....

Just know that
my love for you is and always be there

Know that for you
i'd sacrifice all i have
plus my life
Because thats just how i am
know that my love is forever lasting
even if i dont always show it

My Sweet Pessimist Vs My Lovely Optimist

Theyre at it again
one's always trying to win
this debate....when will it end? ?
dont they realize what theyre doing
causing things to be confusing
& stuck in the middle
is poor little indecisive

Sweet pessimist says
to lovely optimist
'youre just way to possitive
you need to think of the negative
youll just get your hopes cruched! ! '
but lovely optimist begs to differ

Lovely optimist says
to sweet pessimist
'well youre just way to negative
think of the better.....the brighter side
of things! ! look at what youre doing
causing poor little indecisive
to be even more confused! !
scaring her more than she already is! ! '

Poor little indecisive sits
in silence...not knowing what to do
so she cries.....because she knows
that sweet pessimist could be right
but then she regains her hope
knowing that lovely optimist
is her ray of light.....the smile
that she needs

Its always like this
sweet pessimist
vs lovely optimist
and caught in between
little indecisive
sweet pessimist always

gets to little indecisive
before lovely optimist does
and so poor little indecisive
feels down & depressed....
after a while lovely optimist
comes & makes things better
but no matter what happens
little indecisive
will always be caught inbetween
not knowing which side
is best to believe

Mysterious Rare

Take a look, take a whisper, into that cool air
watch the mist, as it enters, that mysterious rare
There it came, now it went
Watch it come and go just like those magical souls

It'll hide it'll leap
it will follow thee
Anywhere and everywhere, it will know and see
Run and climb and jump behind
All is here....now gone

Can you feel it in the air
there's something
there's something and it's rare....it's rare...it's rare
Can you feel it in the air
it's mysterious....unknown....you need to beware
because....

It'll hide it'll leap
it will follow thee
Anywhere and everywhere, it will know and see
Run and climb and jump behind
All is here.....now gone

Can you hear that misty air
as it whispers in your ear
'You can run but cannot hide'
because....

I will hide I will leap
I will follow thee
Anywhere and everywhere, I will know and see
Run and climb and jump behind
Yes I'm here....now gone

Needs To Be Saved

I hate my life
do i wanna die? ?
im confused
am i going through....
one of my depression stages
once again? ?

Pretend.....
to be something im kinda not (happy)
but i was....then i wasnt....then i was again
its like a never ending pattern
i dont even know what the hell i should do
do i cry? ?
or write? ?
or complain to someone? ?
but who? ?

Where is someone? ?
who's that someone? ?
why is everything....has everything in my head
gone mad? ? loose? ? out of control? ?
whats the use? ?
im tired of something.....everything? ?
i cant even tell! !
is my pain real? ?
is it an illusion? ?
am i just going through some kind of phase? ?

These days! ! i dont even know what to do about it
shout it loud? ! ? !im not so proud...
its a love-hate debate
between me...myself...and i
we sigh....cant come to a conclusion
confusion.....i think...
well at least try to...but nothings clear anymore
that door...where does it lead? ?
what is it? ? for me? ?
will i go to the other side...to find...
that 'things are looking up? ? oh finally'....

maybe 'this is the last night...ill spend...'
wondering...hoping? ? ...wanting? ? ...wishing? ?
futz it! ! theres no point! !

I know whats next....or do i? ?
perhaps.....express! ! run wild! ! go free! ! ...
be me? ? ...does that make sense? ?
does this? ? do i make sense? ?
the fence! ! that one that protects me! !
am i free? ? not so much....
i still hurt....the pain is holding me hostage...
it got me...only because my fence....my shield....my barrier...
it fell...was destroyed...
im annoyed....i must deploy.....
my heart...my mind....my soul...myself...
needs to be saved.....
who will help me? ?will it be you...which is who? ?
what do i do? ?

Of Me-Who Cares? ?

Who cares about my likes
I'm just misunderstood
who cares about my dislikes
If I could vanish-then I would

Who cares of my existance
you wouldn't mind if I...disappeared?
I try to be happy
but that only results to tears

I tell the ones I care for
not to think of self elimination
Yet I do so myself
and still will have life determination

Who really cares of me
don't force yourself to care
If you don't then its fine cuz I understand
soon I'll be out of your life
and elsewhere

Pain Will Keep You Company

It hurts...when pain comes back
its like someone...or something
is grabbing your heart...
that one that holds your love...your emotions

Tears...as they stream down your face
whats going through your mind? ? ...everything
and as you cry...it comes...
"it" is fear...barely there but you feel it

Believe it...too affraid to trust...you sit...you stare
as fear sings you a lullaby...so loud its clear
yet...theres only silence in the room
and still you feel the pain

Remembering...how you trusted without a care
all who came into your heart
were locked out of those gates
so you wait...
for the worthy ones to return
until then...the pain will keep you company

Panda's Scars

Panda is a girl with many scars
most of them hidden
behind emotional bars
one is visible...
it rests upon her right wrist
another is almost mental...
it rests within her head

Panda was about 5 or 6
when she got that scar
fell down some stairs
& hit her head
forced herself to cry? ?
she did...
& yes shes doing just fine
years later...

March 22nd of 2006
panda was 12
& this was also an accident
at school in the classroom
they were lining up for lunch
when she turned around
her friend went for that launch
towards panda is where
her friend went...then she tripped
after kind of exaggerating it
into the door sweet panda fell
glass was broken...
her arm hit the window...
& down from her wrist
came a waterfall of blood...

The rest of panda's scars
lie in her thoughts & emotions
the ones she love gave them to her
& theyre kinda getting worse
shes not sure if shes gonna
gain or lose a friend

whenever she tries to help
it seems to get rejected in the end
sadly that just leaves her
sitting with her thoughts
isolating herself from everyone
so that no more pain will come about...

Pathetic Memory

Useless, annoying pathetic memory
it wont remember
what she wants it or needs it to

Always forgetting whats important
wont remember whats asked
Many things are thought
very few ever last

Gone, faded, some never return
why cant it just work right? !

Anger, frustration
pain is created
All because of her pathetic memory

I cant...i just cant
do this anymore
no not again! !
three years was enough
and a fourth is a terrible sin
being homeschooled
for anoher year
i hated it from the start
to relive it? ?
i cry rivers of tears

As if i dont already
have alot on my mind
this was a main thought
all i need is information
and a little more time
all im asking...praying
at the moment is for
this one thing....
please dont make me relive this
let this last resort be
the happy song that i sing

Promise Of Frozen Pain (Collaboration)

What i thought was right was wrong
its like there was no effort made
when i stepped upon that frozen pond
it was already too late for me to be saved

What i though was right was wrong
guess i left it too late
Now i cant be saved
From the icy burning hate

What i thought was right was wrong
i shouldve never taken that step
we'll now both suffer this burning pain
its something i should regret

What i thought was right was wrong
i wish i had'nt hurt you
Just want a second chance
a chance to start anew

What i thought was right had backfired
it turned out to be wrong.
although, i hurt you, i need your help,
to get through this, im not that strong,

If you help me ill get stronger
& ill promise you no more pain
i promise then,
it'll never happen again,
im making my promise of frozen pain

Protecting Their Gift Of Love

They will try not
to get too attached
For it is their gift of love
they will protect

Until their proof
of truth is revealed
They'll keep the lock
on the box well sealed

The key is kept safe
within their keepings
For IF these are lies
that they must face
then NO there shall be
no weeping

They'll be prepared
for if they must
ELIMINATE
they'll be ready for this battle
and their enemy shall
DESINTEGRATE

Ranthroughmotions

I dont know why i feel this way
i dont know why i wanna cry most days
i dont know why i cant fully believe what people say
and i dont know why i dont know

Why is it i always want
what i cant or dont have
i wish that most times i didnt feel hurt
why do i always feel like people avoid me
and why am i easily annoyed
am i depressed? ? i cant even answer that
i always feel like im under pressure.....stressed
and i always feel like i dont get much rest

Do i tend to hold empty conversations? ?
there are words being said....things being discussed....
am i the only one who cares? ?

My memory....it doesnt even take a second to forget
i just wanna scream
and when i dream.....
i wake up....and its like there was never anything there
a bunch of random thoughts & emotions
all thrown into one
i dont know if i can take it
keep goin through this
for a short time it all settles down
but i know its not done.....

Read To Me, What I Cannot See

Read to me, what I cannot see
Those are the words from one who's heart is pure
Such ancient letters, of a foreign language from the past
Speak words of such a true, deep meaning
My heart was touched, my mind it learned
My ears filled with the sound of a voice that read to me
I observe the art from an ancient time
Storing its beauty within my memory
Read to me, what I cannot see
Those are the words of one who cannot understand what has been written

Remember 'Bout My Heart (A Song By Me)

^-^

-a song by me....posted as requested-

One time is too many
shoulda let you go back then
now my head is spinnin
cant believe i fell for it....
were you pretendin that you loved me
or was that really true? ?
oh my gosh, i cant believe i ever loved someone like you.....

Well fine you can go ill still be happy anyway
and to you i say 'Good Day'
just be gone, go back & run along
and keep tryin to break others hearts.....
Hey just remember bout my heart
you didnt even leave a mark! !

Moved on i did & found somebody that was really true to me
maybe more than you'll ever be.....to yourself
and anyone that walks into your life
Oh thats to bad for you
cuz karmas gonna come back & break your heart in two...
or more pieces than it did the time before...
loves like a game so whats the score...
on your side of the gameboard

Well fine you can go ill still be happy anyway
and to you i say 'Good Day'
just be gone, go back & run along
and keep tryin to break others hearts...
Hey just remember bout my heart
you didnt even leave a mark! !

I didnt really care that you left me
for somebody else
but why'd you have your friend come & tell me? ?
why couldnt you do it yourself? ?
but the worst of all....you chose my birthday to
tell the news-what kinda gift is this to me from you? ?

Well fine you can go ill still be happy anyway
and to you i say 'Good Day'
just be gone go back & run along
and keep tryin to break others hearts....

Well fine you can go ill still be happy anyway
and to you i say 'Good Day'
just be gone go back & run along
and keep tryin to break others hearts....
Hey just remember that your heart
will be the one with all the marks! !

Remember Your Steps

Remember your steps
remember the beat
remember the timing
keep moving your feet
just do what you can til you get it right
go over it again...
if only you could...

You is i...
& i cant remember it all
just a small portion i still dont know
& there isnt much time before the show
a day more than a week
yet i still cant get it right
please someone help me
or ill look like a fool in everyone's sight

Its been a few years...
but i know i can do it? ?
i need a little more time to view it...
remember it...
follow along with everyone else
if only i could remember it myself

They said im doing great
since i came late...
to only have been there
2 out of 10 weeks
and learned as much as there is
as quickly as i did...
why do i feel like im not doing what i can? ?
like...im not giving it my all...

Remember my steps
remember the beat
remember the timing...

Shouldve Kept Your Distance

Somethings gone wrong
now i know whats going on
theres a place i need to be
theres some1 i need to see
theres suspicion in the air
theres some things that should be cleared
if im there....there will be hell
and i may end up in jail
but its for a serious cause
dont give a futz about the law

If they dont keep their distance
ill make sure theyre gone
before they use their senses
shouldve listened to my warning
shouldve never came back
couldve walked away....
but they didnt.....they chose to stay.....

i wont need reinforcements
im not there....i guess i do
there wont be conversations
when i get there theyll be through
they couldve thought this out
but instead they just refused
and when theyre taken out
ill just be here.....amused

If they dont keep their distance
ill make sure theyre gone
before they use their senses
shouldve listened to my warning
shouldve never came back
couldve walked away....
but they didnt.....they chose to stay

some most times i feel like if that were so things may be better off
some times i dont feel like controlling my demon
most times i kinda do
sometimes i feel like breaking things...lately its been a need
most times i dont cuz i need those things...so my anger i have to control
Some most times i like bein alone because no1 really cares &

Soon To Be The Past

You search in which you believe in
you believe in what you find
you find as to what you seek
but what you seek has been left behind

Whats behind you is the past
and the past is what you seek
why not seek the future? ?
for the present was not a gift for you to keep
you cannot keep it

Because this gift is a...no the present
which will soon be the past
for what you seek in the future
will be to you the present then the past

.....I cant help it
the fact that your pretty much
all i ever think about
i feel like im being mentally clingy
and when i cant talk to you
i feel like im without

I cant help that
i love you
and always wanna make sure
youre ok
i cant help that without you
i feel like ill fade away

I cant help it
that i feel like
theres something you wont tell me
but if thats not true....
then there must be somehting
that im failing....
to understand that
people have things to do in their lives
that must be what i lack inside

Im fallin apart
and i cant put me back together
but its ok....ill get through it
i cant help that i dont know
what to believe anymore
ive lost most of my hope
and i havent really gained
anything more

I wish i didnt always
feel like....im an annoyance to everyone
nothing i do makes me happy
so i guess this means.....

Tears Of Missing Thoughts

Tears run down her face
why does she cry?

She cant remember the little things
in her mind

One second she thinks
less than a minute
Its gone-her thought

Bits and pieces return to her
but she cant remember
she's now so angry-she cries

In her world theres no use of a thought
if only parts exist
The whole thought must be there
but her memory couldnt store it

The Night Takers

It happened again...they tried to get her
in the middle of the night
she tried move and barely got loose
and they werent even in sight
who are they? ? well shes not sure
but she thinks that theyre trying to take her
after she escaped...an odd noise remained
out of her head...she tried to send it away
slowly it began to fade
and still shaken...she slowly fell back to sleep

As for them...well she knew they were coming
and she thinks theyll be back again
theyd come to her a few times before
the night takers...
theyll be coming back...but when? ?

The Return Of My Heart's Magic Gate

Whats wrong with me? ?
its like somethings trying to
take over me
i cant take anymore of these
mixed emotions im feeling
my nerves are all crazinesss...yet theyre in control
my walls fell down...& i recieved alot of damage
my mind's repair was going well...
but somethings trying...or has...
gotten in the way

I thought i was insane? ?
but im not (or am i? ?) ...its people...
the ones who love how i "supposedly"
believe it when they say they love me
when they say they care...when really they dont...
they like to see the results
after they enter my life...
after they let me think i trust them...
after i let them in my heart...and then they disappear
leaving me destroyed...

That was before...when i began to let my guard down
well now its back up...& its stronger than before
no longer will i open the gates to my heart
so dont even start walking towards it...
as if you ever would...
ive lost my trust...so now i must...
be even farther away than i was before

~~~~if you were within those gates  
before and after my shield was destroyed  
ill do all that i can to keep you safe  
forevermore...~~~~

# Theyre Sorry

If they hurt you  
theyre sorry  
that was never theyre intention  
they arent proud of it  
and never will be  
but you need to know  
that making decisions  
isnt something they like  
and they chose.....  
they said theyre sorry  
if they hurt you

# This Emotion (Another Song By Me) ^-^

-dedicated to meh awesome weird sis ~nancy turner~ i loves u! ! -.....

You know.... when i look at you  
what i see  
what i see....is that you equal true love to me  
how im able to breathe  
when i see your face...i cant believe....  
Are my eyes tellin me lies  
is what i see true to me  
am i asleep  
is this one of my fantasies...

i dont know for sure...  
because...

When i am around you...i go crazy  
cant believe my eyes...its so amazing  
even when you're gone i still can see you  
cuz you're in my mind...ill hardly miss you

Ooohs  
i cant tell false from true  
cuz in my dreams  
i get the same reaction...in reality  
Dont you see that  
you are apart of me  
in and out of my dreams  
i love you...you love me  
what more cant i see  
i dont know for sure...  
because

When i am around you...i go crazy  
cant believe my eyes....its so amazing  
even when you're gone...i still can see you  
cuz you're in mind..ill hardly miss you

What does love even mean  
is it true if its apart of your dreams

yes or no it doesnt matter you see  
as long as i love you and you love me...

When i am around you...i go crazy  
cant believe my eyes...its so amazing  
even when you're gone...i still can see you  
cuz you're in my mind..ill hardly miss you  
Dont you see my love...i really love you  
i love you so much...i just had to tell you  
look into my eyes and you will see it  
that its not a lie you will believe it

# This Is Hate

Hate is a hurt that lurks within your soul  
An anger, a dislike that only one could know

Hate is a word meaning a very strong dislike  
To not care about the feelings of others  
because only the madness is in sight

When having hate towards whatever, why should it even be  
Why not just think it over so that you can see  
The true reason as to why hate is the answer in which you seek

To feel hate is like awakening a demon deep within the shadows of your soul  
If it cannot be tamed  
Then the beast that you have brought to life  
Will slowly eat away at the love and happiness that once lived in your heart  
And you will then be left with nothing but sadness

# This Time's Too Late

Its because of you  
I had to choose, if I should stay or go  
But now you're gone, its like a song  
Its over and I'm too late  
I cried and tried to let it go  
But it just wouldn't leave my mind  
Its all my fault you left me here  
And I feel like committing a crime

# Thoughts Of You Hurt

It hurts whenever i think of you  
i feel betrayed...i feel hurt  
walked all over just like dirt  
i cant believe i fell into this trap  
and you told me things that made me laugh....  
that made me smile  
but i guess they were just lies  
you're still disguised

I wish i hadnt been blinded  
by what i thought was real  
yet i was.....you dont even know  
how that makes me feel  
if you did you wouldnt do this  
that is.....if you cared  
but to me it seems that you dont  
and you're not even here to clarify

If you just tell me whats going on  
so that ill know....  
so then we could all move on....  
and put an end to this show.....

# To Have You Back

id risk my life for the ones i love  
& for u id risk it all  
id give up chocolate forever  
if i could have u back with us together  
id give up watching anime  
if i could have u here everyday

## To Me...Art Is...

To me...art is life  
art is love & dedication...  
art is creativity  
giving one the ability  
to express anything...everything  
from thoughts to feelings  
leading to actions...real things

Art is the music...  
those sounds that i hear  
the poems i read  
the sculptures i see

Art is the movement of dance  
the illustration of emotions...  
the photographer's view...freelance...

Art is education  
teaching nations...let them grow...  
art is that thought stimulator...  
giving birth to today's tomorrow...

# Townsite

Down is up when up is down  
Will someone please explain this town?  
Like out is in and in is out  
Can you explain what I'm talking about?  
This place of a place  
It seems like an illusion  
Its like a world of opposites  
Like a dimension with many fusions  
Yes to me this place be unknown  
Unknown is like the randomness which has already shown  
So show me the ways of this awesomely random town  
I'd appreciate this dearly  
And would be grateful that I was shown around

# Trueal Words

Day by day is how time goes by  
and each passing day  
i sit and i wonder 'why'  
i cant say.....because theres alot  
that i wonder about  
i just wish that how ive been feeling  
would fade away...including self doubt

I wish you were here with me  
or i were there with you  
if i miss a day of your company  
i go mad  
bcuz its what i am about you  
i cant believe im saying this  
but this is how i feel  
i want it to last forever  
dont make me take it back  
bcuz all that im saying is.....real

Your sweet words  
make me feel loved  
i feel like im important  
i am to you  
thats what you told me  
so those words ill hold on to  
bcuz they were true....? ?

# Unwanticipated

She feels unwanted and unappreciated  
Her feelings get hurt easily  
It seems like she's always frustrated  
She feels as if a piece of her heart has been broken  
A piece turns into many  
Her tears come down like a magic potion  
Sometimes when she smiles she feels like its a hidden frown  
She misses the times when she was once happy  
But its like all of those memories drowned

# Violent Thoughts...Beautiful Sin...

The rage has returned  
welcome back! !  
let it buern...  
through my blood  
through my veins  
violent thoughts once again

Cant control them  
so much funn  
the time...its yet to come

Kill you now  
kill you slowly  
make you suffer  
pain so holy

Take a sip of this deadly poison  
make it last awhile...  
thorns and blades  
rush through your skin  
let the blood drain from your body...

# Was It Realaste Of Time? ? ?

I thought i could love you  
could trust you....could care  
but when i needed you most  
you werent even there

You told me you loved me  
you and that one  
but while i was depressed  
you were out having fun

I was there for you  
during one of your hardest times  
according to you i always cheered you up  
but for some reason i now feel like  
you were lying.....like it was all lies

Those tears i cried.....  
for who? ? ? for you  
and what for? ?  
was it just a waste of time? ?

Did you plan this? ?  
the entire thing? ?  
did you intend to hurt me? ?  
because if you did....the bell should ring  
a point for you....your mission completed  
no point for me....i guess im deleted  
from your life.....if i was ever really there  
as in someone of importance to you  
someone whos worth the time to even care

It was nice while it lasted  
if it were even real  
wish i couldve seen you  
at least once.....  
what youve done  
is cut me deeply  
and so.....slowly shall my scar heal

# Well There Ya Have It

Well there ya have it folks  
lets watch to see if it grows  
lets have some fun! !  
my psychotic thoughts  
theyre trying to escape  
what i suspected is becoming real  
this top secret information  
being viewed by the public  
let it blow through the fields! !

First one then two  
& nows theres a third  
no longer should i have sympathy  
was i even gonna know of this secret word? ?  
i mean...was i gonna know it...  
directly from you? ?  
not a chance! !  
its the truth id say...is it not? ?  
whats wrong? ?  
am i a little to happy over this? ?  
no! ! im not! !  
its the perfect amount of happy! !  
sad well...because its mean  
but i dont care anymore! !

I gave you my trust  
my support...& i cared  
but now look at what youve done  
you stored it over there  
somewhere...where it can catch a cold  
how cruel can you get  
how many lies have & havent you told  
how many secrets do i not know  
since you claim to tell me "everything"? ?  
you know...i dont even think i wanna hear it

When youre done goin around  
telling your sad stories  
acting like some telemarketer

trying to persuade me into caring  
...'maybe' ill 'try' to believe you  
i knew from the start  
this wasnt good enough to be true

# What I Should Say Next

I didnt think that it could happen to me  
but when im talkin to you  
i think i get nervous.\_.

You see....  
i become speechless  
with your one word responses  
i sit in silence  
not knowing what to say next

Its like two locked doors  
and only one key  
but only one door  
can be unlocked

Its like i need some kind of map  
or a secret code  
like a game  
i must move on  
to the next level.....  
which is what i should say next

# Whats Left Of My Mind

I feel im of importance  
but at the same time im not  
I feel like no one cares of my existance  
to me it seems true  
No one really listens to what i say  
if they do it doesnt seem that way  
If i were gone would anyone care? ?  
nevermind...dont answer that  
just pretend im not there  
Im somwehat bored  
easily annoyed in life  
i think i just realized that im mostly depressed  
i act like im happy...? ?  
but that kinda adds to my stress  
I find myslef happiest when im alone....  
or talking to people who i think care...  
when im watching tv? ? ....not really...  
listening to music? ? ...most dearly....  
im not sure but i think i sorta strongly dislike my life? ?  
I tend to isolate myself from the ones i love  
the ones i live with...they dont seem to notice  
thats kinda nice? ?  
I keep being told 'i love you'  
but i find that hard to believe  
im not sure if when its said its meant  
i know that when i say it  
its true and its not pretend  
I try not to let  
my anger and sadness get the best of me  
but ive held them in so long  
that lately theyre almost controlling me  
Keeping the ones close to my heart  
is kinda hard to do  
i feel as if they may try to harm it  
so theres an invisible barrier  
if that barrier is destroyed i dont know what id do  
im already on the brink of losing  
whats left of my mind

.....

.....

so yeah.....i just felt the need to share this.....(srry its so long) .....

# Whats Wrong? ?

This hurt i feel  
i cant explain why  
its building up inside of me  
i just wanna cry  
whats gonna happen? ?  
or what already has? ?  
does this pain result to me? ?  
or is it someone else's? ?  
i dont know what to do about it  
but i may have a clue  
as to where or what this is...? ?  
is someone unhappy with me? ?  
you're not talking to me....  
is it you? ?

Launching grenades

wars with swords

# Who We Are

Its who we are not what we're trying to be  
if you could understand what our lives are like  
then maybe you would see...  
its like you're judging a book by its cover  
but instead you're judging another  
another as in we're people too  
but does that mean we're that much different from you? ? ?  
people with feelings such as you, you see? ?  
and just like you we solve our problems differently  
its who we are not what we're trying to be  
just accept us for who we are, and you'll make everyone's lives happy

within seconds  
ill be there eventually  
you didnt know it...but im magic  
so ill appear at your door  
with nothing...or something  
itll be a lovely present for you  
nothing too special  
just a little something  
to make u feel of some use  
but just remember one thing...  
no make that two...  
i enjoy my job of annihilating  
and that my view of lovely  
is way sweeter than your view

# You Feel Pain? ! ...Well So Do I! !

You feel pain  
well so do i! !  
because she left you? ?  
well look at what you put her through! !  
be happy shes even there  
that you even get to see her  
that you can even be  
in the same place as her

You and your unthought through actions  
have pushed me way over my limit  
have caused her to hurt more than you know  
i tried to help  
but appearantly you just dont get it  
you probably dont care...  
but so what youre gonna listen  
she hurts more than you do  
and its your fault  
i didnt get the chance to be with who i wanted  
theyre now forever gone  
you blew what you had  
and now you need to move on  
you say you cant take it anymore? ?  
well neither can i  
now the things we think about  
are pain and wanting to die

Ive already lost my mind  
and its only gotten worst  
im emotionally damaged  
and im living with it  
just because i have to  
because i dont know how to  
just say goodbye  
even though i feel like everything is a lie

I dont know your whole story  
but mine is kinda long  
and if shes the only thing your crying about

then i suggest you find a song  
one that speaks what you really feel...  
that once worked for me  
but only temporarily...  
theres so much i feel inside  
that i constantly hide  
because i feel its best for me  
to not let some see

But you...im sick of trying to help  
your not even really worth my time  
but its for her im doing this  
and because i cant and i wont  
allow her to be in more pain  
her pain is my pain  
and...i dont even know what more to say  
to you...or anyone  
i cant keep trying to fix what doesnt wanna be fixed...

# Your Meaningful Words Of Power (Dedicated To Sir Afzal Shauq)

Words with power and meaning behind them  
Fill my heart with joy  
With pride theres love  
And with love theres peace  
And with peace theres another land to enjoy

Inspiring and influential  
And with a great mind  
Sharing words of wisdom—expressed in what he writes  
Its never confidential, is that not the best kind?

Words with power and meaning behind them  
Fill my heart with joy  
Just like 'a rose by any other name'  
Or a work of art in 'the hall of fame'

I observe what I see  
I enjoy the art that was created by thee  
I'd say that indeed it is a masterpiece

Your words have power and meaning behind them  
They fill my heart with joy  
With pride theres love, and with love theres peace  
With peace theres a land that shall soon be seen and enjoyed
