## Jade Just me()

I am very random, I love to do the most [off the wall] things, but I am fun, and outgoing, and really easy to get along with! I despise war, and ususally dont use the word hate, I believe in Peace && Love... I love the beatles, plus all of the metal/screamo bands...

## &#9829; Friends &#9829;

Friends stay together  
through good and through bad  
Friends stay together  
through happy and sad  
Friends stay together  
through break-ups and tears  
Friends stay together  
over the years  
Friends stay together  
when different or alike  
Friends stay together  
through pain and through strife  
Friends stay together  
no matter the cause  
Friends stay together  
just because  
Friends stay together  
through love and through hate  
Friends stay together  
through destiny and fate  
Friends stay together  
they're just always there  
Friends stay together  
because they care&#9829;

## &#9829; Pretty Nothing &#9829;

My heart races  
I cant come up with words to say  
how did this happen  
how did things turn out this way

It's impossible  
It'll never be  
so why do I keep thinking  
of 'you and me'

It's stupid  
none of this will ever come true  
I know this  
so why do I keep thinking of you

This is just a dream  
a fantasy  
so why do I wonder  
about 'you and me'

It'll never happen  
I know it's true  
but I can't help but think  
what it'd be like with you

It's impossible  
It'll never be  
So why do I keep thinking  
of a &#9829; Pretty Nothing&#9829;

## &#9829; Skate... Dedication &#9829;

Slip on my shoes  
and walk out the gate  
grab my board  
and I'm ready to skate

Grab my friends  
and we're ready to go  
down the street  
and away we roll...

## &#9834; Enjoi&#9834;

Sometimes I sit here  
waiting for you  
watching the sun rise  
and watching me dreams fall

Sometimes I pray for you  
though I never pray at all  
praying that you will come back to me  
and losing all my faith

Sometimes I think I love you  
even when you're not there  
that maybe you love me  
and then I remember how you walked away.

Random doodles in my head&#9829;  
Not a meaning to anyone in my life that would care...

## &#9834; I Am Me &#9834;

I am different  
I am me  
I am everything  
that I can be  
I am weird  
I am strange  
I am me  
that will never change  
I am confused  
I am sad  
I am me  
is that so bad  
I am quiet  
I am loud  
I am me  
and I am proud&#9829;

## &#9834; Letting Go&#9834;

<font style='Arial'><font size='4'>I sit here in a daze  
Dont know why Im here  
All my dreams have faded  
And the end just seems so near

Ive lost all hope for someone  
to come help me on my way  
and slowly I fade away  
more and more everyday

I cannot hold on any longer  
Im letting go before its too late  
he said he'd come back to save me  
but I can no longer wait

Im tired of holding on  
to nothing anymore  
im just ready to let go  
I will take this pain no more.&#9829;

## &#9834; Myself&#9834;

By age twelve I was someone else  
Someone who wasn't herself  
Started to lose herself  
When she couldn't reach help.

Always ran away  
From the things that they'd say  
Day after day  
Always running away.

Hurting myself  
Disrespecting myself  
I couldn't reach help  
I was losing myself.

Never knew which way to go  
Faces to know  
Feelings to show  
I guess I'll just never know.

What to do with myself  
How to find myself  
How to reach help  
Until I know myself.&#9829;

## &#9834; Where Is My Friend &#9834;

Where is my friend  
that used to care  
where is my friend  
that was always there?  
What happened to the girl  
that I used to know  
what happened to that girl  
where did she go?  
What are these drugs  
what is this liquor  
just thinking of these things  
makes me sicker and sicker  
Who is this person  
that has replaced my friend  
this is not the girl  
that extended her hand  
When I needed someone  
when I was sad  
I dont like this girl  
I miss the friend that I had  
Where is my friend  
that I used to know  
Where is my friend  
Where did she go?

# A Sky So Blue

I never noticed how beautiful the sky  
is when you lay on the ground  
I never noticed until I opened my eyes  
and really looked around

I noticed the pretty white clouds  
and the sky so Beautiful Blue  
The innocence in the sky  
reminded me so much of You

I wonder if you're happy  
looking down from that great big sky  
I wonder if you remember me  
When you're sitting up there so high

I suppose everything will be okey  
looking up at the sky so Blue  
And I suppose the sky is happy  
having someone up there like you

We had to do a 'Notice' poem in my English class... So this poem is kind of  
ammiture... but I hope you like it anywyas.&#9829;

# Blue Eyes

Blue eyes cryin'  
daddy dont yell

I'm going through hell

Blue eyes dryin'  
daddy you're pathetic  
blue eyes dryin'  
shut up, I've got a head-ache

Blue eyes smilin'  
daddy I'm free  
blue eyes smilin'  
you ain't got ahold of me

them chains are broken  
them ropes are burned  
no more cryin' daddy  
you shoulda learned

## -cant Change Yesterday-

<font style='times new roman'><font size='4'>Your words cut into me like a knife

Those few words attempted to kill me last night

With the smell of alcohol on your breath  
You turned my whole night into a mess

I thought you were calling to say you were on your way  
Not knowing I would answer, hearing every word you would say

I am your daughter, did that not cross your mind?  
And me picking up the phone just ruined your good time

You told me I have played you, and that I am a fake  
And when you got home, I just layed there... layed there awake

I didnt sleep last night mommy  
And then you wake me up this morning to tell me you're sorry

You asked me to forgive you, and say its okay  
I did, mommy... but its been in my head all day

You killed me last night, in my heart and my head  
Your youngest daughter... walks around dead

Through school in a daze, lost in a trance  
Mommy, I cant love you, you ruined your chance

I cant look at you, let alone say those words,  
I cant forgive you, mommy... it hurts...

Im sorry, im sorry its this way  
Maybe you shouldve thought about what you were going to say  
cause you cant turn back time, mommy...  
You cant change yesterday.&#9829;

# Font Color='Black'Friends Dont Let Friends Date Killers.&#9829;

<font color='black'><font style='times new roman'>Do you enjoy hurting her  
the way you do

Do you like to see her cry?

Do you enjoy killing her the way you do

Are you wanting her to die?

Do you enjoy making her suffer?

Sitting there waiting for you?

You do enjoy making her suffer

Who knew?

I did, I saw what was happening

You have her waiting by the phone

While you are out cheating

And she feels so alone

Why would you do that to her?

Such a beautiful girl

Who put her trust in you

And gave love a whirl

I am her friend

And I saw what you've done

Just being you? !

Just having fun? !

You're killing her!

She's dying inside!

You thought you would get away with it?

But from me you can't hide

Friends don't let friends date killers

Or someone like you

So I'm telling you now

You're playing days are through

So stop playing her

For the fun and the thrillers  
Cause friends don't let friends...  
Date killers.&#9829;

## Font Color='Black'Is It Wrong?

<font color='Black'>Is it wrong to be falling  
for someone like you?  
If all the while I'm falling  
for someone else too?

Is it wrong to be missing  
someone like him?  
When you're sitting right next to me  
holding my hand?

Is it wrong to be smiling  
across the room?  
At someone like him  
if he isn't you?

Is it wrong to be wondering  
how it would be?  
If it wasn't Me and You  
if it was instead Him and Me?

Is it wrong to be wishing  
for things to go right?  
And wish he would call me  
his Sweet Heart every night?

It IS wrong, I know  
I just can't help but wish  
cause I have You by my side  
but it's Him that I miss.&#9829;

## Font Color='Dark Pink'&#9829; Daddy, How? &#9829;

<font color='Black'>How am I supposed to be myself, Daddy  
When you want me to be someone else?

How am I supposed to act like nothing fazes me, Daddy  
When you're the one that breaks me down?

How am I supposed to be strong, Daddy  
When you're the one that makes me weak?

How am I supposed to love, Daddy  
If you're the one that teaches me to hate?

How am I supposed to care, Daddy  
If you dont even care at all?

How am I supposed to spread my wings and fly, Daddy  
If you keep me in this cage?

How am I supposed to leave, Daddy  
If you never let me go?

Tell me,  
Daddy..... <font color='Dark Pink'>How?

# Glass Heart

You can see right through my glass heart  
broken and shattered from pain  
you dont believe that you broke it apart  
when you played your little game  
you can pick the pieces up off the floor  
as you plead down on your knee  
but dont forget the peices under the door  
that no one else can see  
you can tape the pieces together  
tape them well enough to stay  
i know the tape won't hold forever  
but it's better off this way  
how my heart is healing  
you did a good job my friend  
when it's done, i'll have back my feeling  
so you can play with my heart again

Jade Just me

# I Am Not Crying

I'm not crying  
the rest of my tears seep through the floor  
if you look in my eyes I'm smiling  
even though it looks like I'm dying  
my wounds are healing  
pain I am no longer feeling  
it has washed away  
with all of the hurtful words you used to say  
and the little games you used to play  
I'm not crying  
and I'm over all of your lying  
you were a waste of my time  
you have your heart, now will you give me mine  
I'm going to forget and forgive  
I have no more excuses not to live  
I am going to rise up and be strong  
even after all of the things that I did wrong  
I am moving on  
I will love again  
but right now all I need is my friends  
and I know my heart will heal  
because I know this is not a dream; its real  
so I am forgiving you  
will you forgive me too  
I am saying goodnight and closing my eyes  
and now I'm forgetting all of your lies  
and all of your hurtful goodbyes  
because I'm not crying&#9834;

# I Am Okay... For Now.

I sit here,  
Unseen.  
I speak here,  
Unheard.  
I write here,  
Unread.  
I stand here,  
Unwatched.  
I die here,  
Unmissed.

I am here,  
Not seen.  
Not heard.

I am alone.  
I am...  
Invisible.

But I am...  
Okay.  
Satisfied.  
Understanding.

I am  
Okay....

For now.&#9829;

# I Killed That Girl

Hello there  
how have you been  
I have come to you  
to tell you I've sinned

I've done a bad thing  
something I cant undo  
and now I am terrified  
so I have come to you

Seeking help  
and forgiveness too  
just let me talk  
because I dont know what else to do

I've killed her you see  
I know it was bad  
but ust looking at her  
it made me so mad

The person she had become  
wasnt who she used to be  
I just couldnt bear it anymore  
it was killing me

So I took the knife  
put it through her chest  
I know she is better  
for she is now at rest

Please dont be mad  
because I had to tell you  
that I killed that girl  
it's what I had to do

For she wasnt herself  
dont you see  
that I had to kill that girl  
and save myself from what I was becoming

So I destroyed the mirror  
with the knife stabbed through  
it was the only thing  
I knew to do. #9829;

# I Said No

The weight is heavy against me  
Hands like metal around my wrists  
I try to say NO  
But I cant

Helpless  
scared  
lost  
and alone

I couldnt stop him  
I was too small  
little compared to him  
he hurt me

I cant understand why  
I couldnt evern scream,  
my voice was frozen  
Im dead inside

Why couldnt I scream?  
I said no  
Why didnt he listen?  
he killed me  
Im dead  
he hurt me  
Im scarred  
for life  
forever  
Im alone.&#9829;

# I Want Out!

Ready to go  
run away  
take me with you  
take me far away

sick of this place  
sick of this life  
sick of being haunted with memories  
everytime I look at a knife

I want out of this  
to get away from here  
I don't want any help  
that's just what I fear

so don't take my hand  
or say 'it'll be okay'  
I'm just trying to make it  
through one more day

so kiss me good-night  
maybe tell me you love me  
if i make it through  
You'll see me in the morning

# If You'Re Suicidal Will Be Finished!

If you are suicidal  
and no one knows your name  
if something hurts inside you  
and no one knows your pain

dont let the world see you  
broken down from grief  
come to me, i'll help you  
we can find your peace

dont tell your parents  
dont tell a doctor  
or even the one you think loves you  
for they will turn their back or

spread it around  
for everyone to know  
then you cannot hide it  
for every cut will show

even if they're covered  
under layers of sleeves and bands  
act calm not jumpy though  
when someone takes your hands

for there they are  
under layers and layers of hurt  
and all the stains that you have made  
now lay upon your shirt

no time now, i will come back and finish it

# I'M Like A Flower

Its too late now  
its my time to go  
Im not 'leaving' you  
I hope you know

Im like a flower  
without enough sun  
losing more and more energy  
until I have none

I need my freedom  
like I need my light  
just like every day  
needs its night

I need to grow up  
and be on my own  
but dont worry daddy  
Ill come back home

I just need some time  
to find who I am  
I just need some time  
to come up with a plan

dont worry daddy  
Ill be okay  
just give me some space  
let me find my way

and Ill come back home  
after I give freedom a whirl  
and Ill come back home  
to be your little girl

so give me some light  
let your little flower grow  
open your arms  
and just let me go

I still love you daddy, and I always will... and I will [always] be your little girl, its just time for me to go...&#9829;

# I'M Sick

i'm sick if writing about love  
i'm sick of writing sorrow  
i'm sick of writing anything  
but that anythings all i know

i dont know of happy times  
when our family was alive  
when mom and dad weren't fighting  
and sissy and i were alike

i dont know of little picknicks  
where we lie down in the grass  
smile and pass notes  
in the back of class

i remember crying  
when you told me this was good-bye  
grabbing your hand  
asking you not to go

i remember bleeding  
after the sharp thing hit my arm  
after you said you loved me  
and that you would bring no harm

Jade Just me

# I'M Sorry

I'm sorry for what i did to you  
I'm sorry for what I've done  
I know I never should have  
Pulled the trigger on that gun  
But you were the only one standing there  
I was so alone  
This world is so empty  
This world is NOT a home  
I should've turned that gun around  
I should've shot myself to the ground  
That bullet should've hit me  
What you just saw I'm gonna see  
I was the one that wanted to die  
I was the one.....Good-Bye

# My Farewell Letter

To everyone I ever loved  
this is my farewell  
I might be going to heaven  
I might be going to hell

I can't take it anymore  
I can't endure the pain  
I'd rather kill myself  
than live this life of shame

You might say I'm a coward  
and talk bad when I'm gone  
you might say I was stupid  
but all of you are wrong

because who else would have the strength  
to take a razor to their arm?  
who else would be strong enough  
to bring all self harm?

good-bye mommy  
good-bye daddy  
you just didn't know  
I was hurting to badly

good-bye to my friends  
the ones that tried to help me through  
even though you couldn't save me  
I still appreciate you

good-bye brothers and sisters  
and all my family members  
do not bury me in a casket  
watch my ashes burn with embers

good-bye to everyone  
farewell to all  
please don't be here  
to watch me fall

One night I wanted to die, so i wrote a farewell letter, then I turned it into a poem

# My Little Boat

Slowly we drift away  
in the paper boats we made when we were small  
slowly the water eats at the paper  
until there is nothing left at all

The paper that seemed so sturdy  
and would hold anything when we were young  
is slowly desintegrating  
and sailing is no longer fun

Because we are constantly plugging holes  
and taping at the seems  
we're working so hard to keep afloat  
but we dont know what anything means

So slowly my boat desintegrates  
afloat I'll no longer stay  
I'll be left in the middle of the ocean  
to drowned and drift away

Jade Just me

# Not Backing Down!

Sometimes you feel rejected  
worthless  
unwanted  
used

It hurts me inside  
to see them point and stare  
they all cause me pain  
and they dont even care

turn evereyone against me  
because I am weird  
it almost seems they say these things  
because I am feared

Theres no reason for that  
to cause one person so much pain  
do you think that by putting me down  
all of this will cause you fame?

So now I am standing upfor myself  
and other emos and punks  
I am here to say, I'm not afraid  
And I'm sick of all of your JUNK!

So dont try to put me down  
it wont happen anymore  
so get away, out of my sight  
go back through that door

I am not going to back down  
not going to be coward  
I am standing up for myself  
I am stepping [[FORWARD]]!

# Not Excepted

It's not me anymore  
That's what they say  
I can't even shut my door  
for they don't trust me anyway  
i want to be treated like i used to be  
but since i came out of the hospital  
nothing will be the same  
they say it's impossible  
cuz they think i'm still insane  
all i did was cut myself  
and take a couple pills  
now i've got nothing left  
suicidal attempts left me ill  
no one excepts me anymore  
they say i'm not normal  
i can't stand my family anymore  
the whole thing has become 'formal'  
i am done with it all  
i can't hold the world on my shoulders  
the pressure and the weight is making me fall  
and i'll still carry it when i'm older

# Outside

I'm on the inside looking out  
I'm trapped inside this place  
I want out I want out I want out  
Because all I can see is your face

My hand is on the window  
trying to break free  
I see you walking out there  
I knock, hoping you'll see me

then the window breaks  
the glass has gone to shatter  
down lies my limp body  
all broken up and tattered

well, i got my wish  
now i am outside  
but to make it more specific  
they're layin me down tonight

please, feel free to tell me what you think of this poem.... no comments can hurt me.

# Shattered

Her heart is shattered  
the last petal of the rose falls  
it's time to take off the mask  
let people see your true identity  
even if you think it's not that pretty  
people will understand who you are  
they will understand you're in need of help,  
love,  
and friendship  
they will understand that you are broken  
and if they do not understand...  
i will  
i will be here for you when you fall  
a helping hand to hold  
and guide you on your way  
i will be here until your heart is mended  
and your rose grows new  
and i will be here, until your ready to take off your mask

## Sitting Here.&#9829;

Sitting here  
waiting for you  
hoping you'll come  
to save me

Sitting here  
crying for you  
wishing you wouldn't  
just leave me

Sitting here  
drying my tears  
because someone has come  
to save me

Sitting here  
with him by my side  
your too late  
I'm already his Baby

Sitting here  
smiling at him  
falling in love  
just maybe

Sitting here  
loving this life  
saying Im glad  
that you didnt save me.&#9829;

# Some Boy

Once again I got my hopes up  
just a sweet little boy  
didn't think he could hurt me  
or make me his toy

we flirted  
we laughed  
he even helped me  
when I fell on my ass

so cute, those eyes  
that hair  
didn't think he could hurt me  
so i took the dare

thinking he was different  
not like the others  
now he says he doesn't like me  
so why do i even bother

i took a chance  
to love again  
i guess it doesnt work  
with someone thats your friend

well I tried  
i guess I can't me mad  
i can't change his feelings  
so why I am so sad

I guess I'm just disappointed  
I can't help but to be  
but really I do like him  
I just wish he would see

Jade Just me

# Up There

How is it up there?  
Can you see me down here?  
Cause you're so far away  
But sometimes you feel so near

Tell me... did it hurt?  
Or was it just a walk in the park?  
Did you feel any pain,  
When you stopped the beating of your heart?

Did you think of me,  
As you began to close your eyes?  
Did you think of how you hurt me,  
And how you told me all those lies?

Did you think of how I would feel,  
Watching you ride away in that hearse?  
And when I got to read your 'good-bye note',  
Of how I would feel even worse?

No... You didnt think,  
You just wanted to die.  
But it kills me, too,  
That you didnt say good-bye.

So will you watch over me,  
And make sure Im safe?  
So that maybe sometime...  
I can see your face.

And maybe we'll be together,  
and maybe you'll be mine...  
But I know I'll see you again,  
It's all just a matter of time.™

# You Died On Your Birthday

The flowers are dead  
Lie limp upon your casket  
Everythings foggy in my head  
As rose petals fall from the casket  
I hear your mother sobbing  
As your father says 'it's okay'  
no one has forgotten  
that you died on your birthday  
I never got to say good-bye  
we had our problems but I loved you  
now all I can do is cry  
for the one lying in the casket is you  
It has been a year since that day  
your birthday to be exact  
happy birthday I must say  
&& soon I will have you back...
