Jocelyn Dunbar(03-02-1969)

I wrote poems when I was 15 years old. My experience motivate me to put it in words.

The pain and sorrow, the hurt of every circumstances and the adversity in all different stages of life. The people in my journey that brought troubles and difficulties and inspiration.

What amazing God! He permit all of this things to my life, to make me understand the deepest meaning of life and to show himself (God Almighty) how make things possible in his hand.

There is no such thing that we cannot do in the mid of despairing soul. Every trials and suffering that I've been through is a factor of who I am now.

Every unrighteousness that I've done in the past is already paid by the blood of Jesus Christ on the cross. Every mistakes in life is a step for me to climb. God make a way, he make things beautiful.

With my strong faith in him behind life experience
God is always at my side to lead me.

We must be open and observe what kind of life we want to be so that we can determine our action and concern.

I Hope this composition of mine will help you in your journey as you travel in life.

A Date With God

This is the day to connect to his higher ground,
An accord to view his wholeness being God.
The highest privilege to talk direct to him,
Be alone engage to his presence.

The spirit relax sitting and talking a lot of things to
Share and give to his hand. The mind goes away freely,
Move smoothly, feel the freshness of sight through thoughts
Occupied space. The eyes and vision combine
Absorb the distance.

The cleaning time, to hang loose
Every thing of matter in the mind,
Surrendering all things,
Laying my head in his side every thing feel in.

His loving arms works slowly cradle me,
Hanging in the air, feel free from any disturbing notion.
He shelter me put all the colors to my day
Inspire me and balance my life.

The resting time, love sound mind, present
Moment heaven by my side. I saw his creation,
I wonder his marvelous deeds!

He give the deepest full meaning of
Himself being God, Fabulous!

My deliverance set me up in the sky
To hold his hand someday and live with him;
Beautiful scene.

God provision, every day he offer.
I find my satisfying self to his care.
He given me reason to live and be happy everyday.
I give back my free will being human,
His will and way be in my life,
I surrender all and let him fix my life.

A Prayer For You

May this day gives you a better
Perspective that reflect the real
Beauty of life for you to be able
To experience the journey.

Love for you to remember that
Life is precious to spend with someone.
Wisdom for you to use to move
For a better tomorrow.

And life to savor in time to be
Happy and complete.

A Woman's Faith

'Ingest the words to stimulate the power from
Within to move and make it happen'.

The heart, the sensitive part of human being.
The manifestation of God to whom you belong.
The heart feels the deepest and the greatest sense
It expresses by words and action.

There are so many destruction
But be still, focus and have courage to face challenge.
Pray to drive away fear.

Believe,
An honest approach of the heart that everything comes to reality.

A woman's faith moves interceding to God.
The power has gone out to proclaim a miracle.
Faith has made you whole.

From here and now,
Your courage to believe will generates your system
Your mind, body and your soul
Into existence.

Abstract Of Life

This is the principle passage way of life
The distance between experience and time
Establish by planning and effort.

The resistance of physical and mental
Activities unyielding the distance.
The knowledge of what you believe, the whole
Existence living being.

The great duration of the surface body
Of life, to value the implication of the hidden
Power beyond compare to the knowledge
Of God creating human being to his image
Using his breath alone.

Abusive People

The individuals, self-satisfaction of they own
Needs, own desire, own agenda, in their own good.

They use people to step on, to corrupt, to abuse
Someone who has a good intention to help them
Because they needed.

People they do bad even you do good; to support
Them, to give the things they need.
There's nothing new under the sun, the story
In the bible exist even are harmful in the heart.

Helping people doesn't mean I am righteous, but
Being good and give affection in genuine action
Because I understand them, I have been in the same
Struggle that they have. But I realize, I can not trust anyone.

I humble and thankful for this people to know
Them in a way, to see the true colors of them.
A big blessing to me!

I hope that, I will never cross this kind of people again.
I stay within God's limit and focus to the things
He want me to do. The twisting of fate is around the corner,
Reaping what you just sowing.

Fools know no bounds.

All Because Of You

You build me up, makes me strong to
Tackle things that I hardly know how
To solve in my own deepest understanding.

You teach me to lay down every thing
In your hands. You ease my confusing and
Disturbing mind, losing energy inside and
Tiring thoughts to think things I worry of.

You are here to listen, open and watching.

You looking at me, smiling in distance;
Touching me with the sweet pure fragrance of the air.

You let me feel your embrace...
You healed my pain inside out, I am thankful.
Everything I encounter in my life,
I entrusted to you.

Oh God! All of these things,
Its all because of you.

All The Time

All the time, My heart and mind
Longing for you to be near here by my side.

All the time, thinking of you all over
And over again, day dream about you.

All the time, embracing the memory
We have share, our love to cherish every single day.

All the time, our coffee time together
To talk about our self motives in life.

All the time, loving one another,
Pamper our emotion in love.

I love you and I miss you, all the time.

An Extra-Ordinary Love

The wonderful spirit of love,
Glorify the soul to the deepness of self.
It lightens the heart of emotion,
Secure and free.

The glorious feeling produce the
Essential value of life.
The distance, the passion of time.
The moment, the privilege of life to love
To devote to someone.

Love without expecting in return.
Love showing it with passion, affection,
Devotion and with courage
In harmony of feeling to the essence
Of the heart emotion.

In a twinkling of an eye everything has change;
Love that moves in a right time,
In a right place, in a right someone
In a right destination of life
To experience the details of

Anxiety Of The Body

The life, in the beginning travel along road.
The body and mind moves to the wider
Direction, anywhere, everything goes.

The strength continues to the sense of action.
The body got tired, the mind thrown into confusion
To any point of direction.

The mind speaks and the body move.
The muscles continue trembling because of fatigue.

The body feeling restless need focus of attention
The mind needs relaxation, something similar to meditation.
To repose:

The spirit goes along way with body and mind to rest.
The main part that needs treatment and healing
With focus of attention.

At one time.

You are inside of my mind dreaming about you
Holding hands, happy times,
At one time.

Your face that shows charming gentle of you
Thinking over to bring back you and me,
At one time.

I feel you... holding you, touching me
Moments of love here in my side,
At one time.

Automatic Love

I can't imagine that I felt this kind of love
That I had right now; even in my dreams
I didn't expect it to happen, It just a feeling of
I can't explain in a word, but, I absolutely feel it.
It just not happiness but
It's complete feeling that I felt.

I didn't even think the problem that cause of this,
This is a matter of feeling, a genuine heart,
A happy event of life, a happiness that comes within.
I feel pure and clean to feel this way,
This is the first time I felt it.

Now, that the genuine love is here,
I don't want to lose it;
I cherish every bit of time to be with you.

'I love you so much'. I remembered when I first saw you;
I hear a song of my heart; I hear it in my ears,
Saying that, a ring of a bell, yeah its true.
Amazingly good feeling.

If ever I have a second life to live, I will spend it
With you, for the rest of my life, from this moment of my life,
I will love you and that's the 'magic of love.'

I can't live without you.

Minister with people,

Whatever effect that words to you
Will boomerang back to you,
May be not today but another day
Because we harvest what we plant,

The rewards of doing good
Are just around the corner.

Beneath My Senses

The world down load my intense part of my being
Include the people in my way life putting
Me down, rolled me; I am walking in the dessert
With nothing at all, I'm hopeless.
I dropped everything, let him do the rest.

The father God comfort me,
I cried and he listened, my pains and sorrows,
My struggles and hardships in life.
He carry my weaknesses, He hold my unclear future,
He set me free to all my uncertain thoughts,
He gave me strength to move on,
He takes away my grieving heart and sees me through,
He put me in the way everlasting.

The father God justified His power over me,
He moves and talked to me and whispers the words in my heart.
He gave me courage to face the obstacles in life.
He do wonder things in silence.
He lifts me up and shows me the deepest view of
His beauty through his creation.

He is moving forward to my life, to have a purpose
For my existence living in this universe.

Take responsibility of this matter.
This has a big factor reflection we have inside.

Our real self must be develop to work for life,
Either up and down. We need to go further, never give up.
We have a capability to move through in life, work for it.

We moving, give the best we can be to attain the higher goal
In life.

Corrupt Society

Injuries are in the state of calamities around the world.
How do injured people survived in this situation?
In the condition of implication, how do they manage in life?

The Lord knows how to rescue people from their trials,
In their deepest painful struggles, they suffered
Injuries for the rest of their lives.□

The corrupt society, to their position, they are
Trained to be greedy, lead weak injured person
Into a trap, their hearts are trained to be greedy.
They use their position and power out of untrue statement.
Their put aside the basic principles of being
Considerate to the workers, who are loyal
To their work being an employee.

Strategies and techniques, procedures and plannings
Are supposed to be maintained in order to prevent these happening.
Human powers are one of the powerful tools to minimizing this problem.
Giving encouragement for the people to work, giving them inspiration
And obligation towards their goal in life.

Caring to workers is one of the fundamental responsibilities of employers,
Stimulating the harmony between the employees and
Employers in business, uniting in one goal
And at the same time prioritizing the health of their workers.

In God presence, my deepest prayers is this,
Lead us into temptation of this world, In Jesus name, Amen.

Money and power, possession and position will someday
Defeated by the truth. God is God; he owns and rules the world,
All belongs to him. God has reserved a place for the weak and lowly.

Creator God

Amazing God!

He is really great and powerful.
He do the things perfect, He is awesome God.
Every time I see the beauty of His creation,
I am really blessed because I have an eye to see them.
I felt His great love to me, I am so lucky living here in the world
I have a big opportunity to live and feel the power of
His grace and mercy.

I cannot figure His great purpose to his people and
I cannot imagine how it's begun, every time that I am
In tune in Him, I felt his essence.

The cloud, trees, air, water, birds that singing,
All of this is enough to know that he is here.
Now, if trouble comes, I think about His promise
The beauty of His creation.

I remembered what God says to me;
' I have only one life to spend in this universe '
So whatever battle may come I know I am not alone to face it
God is with me and He is willing and able to help me.

I face my life today, and my deepest prayer is to know where
I'm going? I pray that 'pull me in the dark
And show me light ' never go back again to what I experience before.

I am willing to obey and help me to be strong
To whatever may come in my way, here in this planet earth.

Hoping for freedom of existence, letting go of all
Committed sins, asking forgiveness.

But do not forget the lesson it brought to your
Journey. Everyday is a new day when you wake
Up in the morning. Smile, it will give lights to you
And to your love ones.

Focus to your goal in whatever prostrations, trials,
Sufferings, tribulations, sicknesses, diseases may come
Your way, God will be at your side to conquer it all.
Remember, success has a lot of shapes, it is not
Always material possession.

Focus to your trials and errors to determine
Your mistakes for you to analyse something
To prevent you from falling. Be still, have a quality
Time to be quiet and feel the wind, God may
Whisper words to you. In a quiet time there is
A peaceful scene, an inner peace for cleansing.

Focus, it has a newest of understanding to your
Inner self a clear vision of who you are,
To the most important aspect of yourself.

To the most outstanding and important of all.
Getting God into focus will lead you to your
True destination.

Free Mind

This is the best time that I really like, to free my mind
To all my worries, I have the power to fly,
My imagination keeps me to go anywhere I can do anything.

I am in the top of the mountain, shouting, laugh to the sky,
Dancing to the tune of the air. I can see the beautiful world,
It is too big, I can't believe I'm here, I'm free.

I smell the scent of the flowers; I hear the birds singing,
I can swim in the deepest sea, could you imagine
I embrace the world and see the people walking
Here and there busy to their lives.

How do I look if I belong to the group of insects or animals?
Strange; or I think about I'm a mermaid swimming in
The ocean, Wow! I like it very adventure.
I can see all kinds of fish and their beautiful colours,
Pretty amazing yeah! Nice to swim.

Now I'm flying, I can't control my body in the air the
Pressure is very strong, but I feel the cloud hanging around me,
It's smooth. I feel that God is there he is there by spirit,
He is God who created the universe.
Amazing and powerful God!

In this very moment of my days, I know in my mind that
God is watching me all the time and I know I can oppose
Myself to any kind of battle in life.

I know he loves me; I will keep it to my heart.
I have a confident to my life today, believe that he holds me
And the gift that he given me.

'Thank you so much to give me the opportunity to live, God '.

Gif's And Bif's

GIF's - Good Influential Friends

BIF's - Bad Influential Friends

This two categories of friendship has a big impact

And has a huge contribution to our life.

We are surrounded by these types of people.

Individuals, parents, children, youngsters;

The new generation of today.

Our life is founded by our values, belief, and our origin;

Attitude toward life, character that open us to our point of view,

Include our experience; and base on the guidance and

Guidelines of our parent, and the people we

Encounter in our life journey.

These are impacted our being. We may need

A strong sense, awareness, caution;

Knowledge, understanding to detect the motives

And their purposes to our life. Our awakening spirit

For us to avoid, wake up; run away from BIF's that

Will lead us and cause us trouble and

Become a miserable human being.

Stay close to GIF's that brings us life,

Up close to the beauty and wonderful thing.

Every one's life is a promise, make it possible

To fulfill our meaning, our existence, to

Glorify God, first and foremost;

And to our family we belong.

There is always a second chance, a third chance,

For all of us, we do not give up to change for the better.

We have the beauty of life. The family, who is really

Supportive; loving, caring, always ready to embrace us

No matter what.

Help our self to get up, with the help of our

Family and GIF's.

God And His Poet

My life begins, the wisdom that
I acquire help me to take down
Through writing, the knowledge that God gave me
To see things eye to eye as I go further.

He uses my abilities through heart, soul, senses,
Thoughts, emotion, feeling; with pain, sorrows,
Struggles, difficulties in many form of experiences.
Places and people; my faith and belief.
All of this, has given for inspiration.

Until then, He teach me to recognize life
With pain and sorrow, troubles and hurt ache,
To feel others pain. To love, to be affectionate,
To be compassionate, and gives inspiration.

Life can express by many words, to ponder and wonder
Is remarkable. To enjoy it simplest is countless.
Every memory will mark in the heart,
To whatever things it has in life.

God Cleaning Time

The world is full of foolish and sinful people,
Lust, drugs, corruptions, adulteries, selling sex and
Playing sex in a crowded places out of control
Shameless and fearless.

Rapes, killing, worship the idols, hunger in
Power and money. Wars; different kinds of war,
War to rub territories and authorities,
War to get more power to use it for the evil purposes.

People thinking that there is no God or God may be in
Silence and doing nothing. But people didn't even know
That God is watching of what they been doing.
God is thinking, staring in distance, he is in pain of
What people have done. God move in time.

"It is God cleaning time all over the universe".

Disaster comes around silently unobserved,
Shaken all over he will pour out water to all places,
Strong and powerful waves, rains pour out anywhere
For many months continually, people will hungry
And thirsty without shelters.
People are shouting for help but no one can help them.
It is painful and dreadful cleaning time of God.
But he promise to his own people who love
God that he will provide a shelter, a safety place for
Them to start a new beginning of life.

But the question is, "are you belong to the people of God? "

Turn away from your sins, ask forgiveness,
Have faith and believe in God, accept him as your
God and trust him, that's the only way on earth and in
Heaven to enter God protection.

The Golden Sun appear to warm his people in reaches
And in glory to live on earth once again.

God Will Make A Way

To the teardrops every pain,
To my thoughts swaying in the mind
Thinking in life with all experiences I have.

Suffering, loneliness, struggles;
Happiness, smiles, laughter across my way.

God works on his way I cannot see,
But in each new day, miracle I wondered.

In dreams every night, I saw details of life
Unfolding the real beauty of pain and sorrow
That makes my soul awaken within the limit
Of the air flowing to my senses,
Every breath that I breathe.

Everything in me is more than a story,
A mystery of my existence.

From inside and outside of my well-being,
To all my experiences that I suffered,
Across the life I still walking by,
God will make a way.

God will make a way.

I Need You

I need you,
Every day I wake up early in the morning
And going to bed at night. To shelter our
Emotion and pamper our love.

I need you,
In times of my crying, my uncertain
Thoughts to speak up, to breathe in
And out to your presence.

I need you,
Our labor of love, to make me feel
Your embrace every essence of my being with you.

I need you,
The present moment we have to kiss and
Laugh together, to cry out when we sad.

I need you,
To the most of the time to be happy,
To feel our deepest being.

I need you,
Every day of my life fill with love,
Loving you.

The plane zooming in the sky, like the birds that fly on
High above gives sound distance.

My thought goes with you delighted me;
No words cannot express how amazing you are.
The whole substance of space open goes out in any direction.
Your hand moves working constantly,
Firmly, and surely.

What a wonderful beautiful you are.

You whisper words through the strong wind, through the
Thunder storm, with the blessing of the rain falls
Everywhere scattered.

My heart sings praises to you.

I views you God, in my senses thoughts in mind,
In myself to be near you. My heart to feel the
Essence of you, my emotion, feeling, my soul to think
Of you being God.

I get you in the hands of God
I'm ready to have you whatever it takes
The first time I saw you,
I don't know how to handle you in
My arms but I feel so different,
I love you.

You are not feeling well the first time
You came into this world. I am worried,
I hold you tightly in my arms and
Whisper a prayer for you. I offer you
To God to get you heal. it's amazing!
You are forcible child, strong and talented
I'm proud to have you.

You grow up without me in your side,
I'm so regretful; I missed the day you laugh
And you walk. The first of the words
You spoke. I've been absent for so many
Years in your side, all the moments to love
And kiss you, I've lost.

I pray you open your heart to me
And start all over again.
I still have life to spend with you.
I want you to be happy and love me, because

Lipad Sa Katahimikan

Lipad isip lipad, sa katahimikan nang isipan
Sa kapahingahan ng diwa,
Sa katauhan, sa damdamin,
Sa puso, sa ispiritu.

Lipad isip lipad abutin mo ang katiwasayan
Nang iyong katahimikan at lalim nang iyong kapahingahan,
Sa dagundong ng ingay nang walang hangang karimlan.

Lunurin mo ang iyong isip sa diwa nang katahimikan
Tamasahin ang katiwasayan sa hamon ng buhay.

Ikagalak ang paglalakbay sa kagandahan, kalinisan,
Kabusilakan at kaliwanagan nang katahimikan.

Magpasya ang puso sa kaibuturan at rurok nang damdamin
Sa lakas, sa tibay, sa katinagan at kalayaan nang isip at damdamin.

Maging Malaya, ikagalak ang yaman nang buhay

My God, How Am I Supposed To Live Without You

My heart, mind, thoughts, emotion, feeling, sense,
Sight and distance, will speak...

In any the same things day by day in life, in the past,
From the present and from then on, doing, acting, works,
Ideas, responsibilities, and dealing with many
Different things around, circumstances in a
Way, struggle, troubles in life.

How am I supposed to live with purpose and meaning,
Holding life in any situation? How am I supposed to live with it?
To value life in many activities in a different situation;
Difficulties, problems with powerless action and ideas,
With passion of life day to day in any reason and values
To step further in the middle of nowhere.

How am I supposed to live with many pain, sorrow and
Hurt, tension, stress and anxiety,
Where is the courage to take it and move
Forward, I'm human, I'm painted.

Thinking of you in my life, talking to you
And being a father in heaven watching me here on earth.
What a marvellous fantastic reason that you are here in my life,
I close my eyes and found myself at rest in you I never been alone.
People take my peace away but you bring it back to me,
Somehow...Oh God... someday... I will be free again to take
Me in a real journey of my life.

The finest hour, the finest moment to shine
And shout to say, "THANK YOU"
How am I supposed to live without you God?
I don't know... I even don't know.
But rather to holding on to you.

My Life I Give Unto You

In the sunny and coldness of life,
In happiness and sadness,
In trials and suffering.

In the highest passion of my heart,
In the nurturing spirit I have,
In silence and tiredness of life.

In all memories from beyond,
In the present and in the future I have,
To the wind blows high, the blue sky and
The sun shining up above.

In the quiet time sitting in the chair
Thinking and talking to you, teardrops fall feel
Your love inside my heart.

In my thoughts hanging around, to my
Eyes seeing the good view pleasant scene
To my sight, my heart feel the warm of
Your embrace that gives smile in my lips.

In all you do in my life, I can't imagine
How you fit and fix. In all I have from here and after
JESUS lives in me.

My life I give unto you.

My Love Will See You Through

In your hopes and dreams, to your goal and
Desire, to your happiness and love,
My love will see you through...

In every pain and sorrows hurt ache of
Emotion, heartache of heart,
My love will see you through...

In every storm and calamity, to the injury of
Experience, to adversity of life,
My love will see you through...

To the struggle of soul because of sins,
To the uncertain thoughts, to the heart that trouble,
My love will see you through...

In the coldness of night, in your loneliness and
In the darkness place you are hiding,
My love will see you through...

In silence, asking forgiveness, my eyes watching,
My ears listening, my hands is here to hold
And comfort you.

In everything, in anything, in everywhere,
I am God to you.

And, My love will always see you through.

My Own True Love

In a long journey of life by the wave water
Of the sea sailing here and then,
Blow by strong wind and thunder storm,
For my life at last.

I finally hold you in my arms that give
Heat of love to comfort and secure.
A song, sweet melody in my heart caress emotion,
Shine in my face.

Sweet kisses of your lip to my lips that tickles my
Body to move my fashion here by my side.

I never let you go, I hold you in my arms forever.
I thank the Lord He given me to you.

Oh! I love you so.

Old In Sin

An old era of sins in life,
Cripple state of human nature,

The mind thinking in thoughts
Moving in the body to act,
To respond and give the privilege to do
Things in the period of time life.

Every sinful deeds disfigure the
Wholeness of being, it shows from
The inside and outside self of one
Individual influence by the attitude
And character out of control.

Pagod Na Puso (Weary Heart)

Tila bagang namamatay ang lalim na rurok
Nang sarili sa pagod nang buhay dahil narin sa mga
Piniling gawin kahit mali, nagsisisi, pero nawala na ang
Magagandang pagkakataon upang mabago ang landas nang buhay.
Mahirap bumangon pang walang tumutulong at
Sumusuporta sa isang tao, nakakapagod ang mabuhay.

Napagod ang puso sa hirap nang buhay
Dahil na rin sa hibang na pagkatao at kahinaan sa sarili.

Ang buhay ay isang pangako na may kalakip na kaganapan sa
Tamang lugar nang buhay, isang munting paraiso na dapat
Pahalagahan at ingatan, samantalahing gamitin sa mabuting landasin.

Pagod ang puso dahil na rin sa kahibangan at mga piniling tao
Na nakasama sa buhay, nawaldas ang sarili.
Ang mga biyayang minsan lang dumating na dapat sana'y
Pinahalagahan at ginamit sa mabuti, at pinagsikapang lumago ang biyaya na
Bigay nang tadhana sa mabuting pagkakataon.
Ang Diyos umalalay sa tao kapag ang tinutunguhan na landas ay
Kagandahan, di sa kung ano ang gusto mo lang gawin.
Nawawala ang biyaya dahil sa di iyon ang kalooban niya sa tao.

Pagod at umiiyak na puso saan ka lulugar?

Ihiga ang sarili sa Diyos at magpalinis, humingi nang awa at ituwid
Ang sarili at magbago. Muling bumangon sa sarili mga
Hakbangin na ang gabay ay Diyos. Ito'y masalimuot ngunit kailangan
Magpakatatag sa sarili at pagsikapan muling mabuhay sa tamang landas.

Passing By The Wind

The distance between the two individual
Moving towards into life. The everyday responsibility
To one another in time of being there with someone.

The heart emotion uses by the words they speak,
The responses of thoughts follow by feeling in the

The two individual open to the opportunity to excel their effort

Always remind ourselves that all thing in here
Will banish even life we have right now.

Smile deep within our soul to views thoughts in mind
With the peaceful feeling in the heart.
To love life in a simple way, enjoying it with good things.

People Changing Me (Testimony)

I travel wide in unwinding journey with people I belong to, family,
Relatives, friends, and people who passed by in the circle of life.

With all experience, the attitude, character, life styles, culture,
Views of the people I related to in their own difference perspective in life
The people like family that I belong, struggle, pain, adversity
of life the upbringing, attitude and character the way they look at life.
I gave my share, my everything to this family but they buried me from pain,
Putting me down and rolled my being. I've learned a lot from them,
I saw they real being, I cannot trust.

Being a woman, I suffered for the thing I cannot handle alone.
People like my relatives open the help and support me in the way.
As I go on to this journey the door of opportunity came along to earn from life.
I gave and help in return. Things changing, the way they want from me
They become greedy in money. I ran away from them, people like them cannot
content.

A friend so dear and go for life share a lot from inside and outside of being
Giving hope to the heart despair, moving with pain, sorrow, hurt in a
Different struggle we experience. In time of race battle in life,
Everything's change in many different reasons. I let go this person,
For her to learn something, realizing the details of friendship.

The wonderful and beautiful person that connect to me Oh!
how good this person who accept me and my daughter helping me
Without asking in return. She loved us, taking good care of my
Daughter and comforting us in times of stormy weather of life.
She pushes me to go forward whatever it is, to walk and be brave,
Win the battle of life. She passed away with a smile in her face
Because, she knew, she has done a great effort to my life, given me a
A beautiful love. I treasure this special person in my heart.

A person, my partner in life that brought me joy and happiness,
Hope to survive. He help me, gave the best he can to support me
Being I am single mother of two kids. We succeed in
Everything we do, we share, we work to accomplished one
Big thing in life. What amazing miracle in the midst of struggle
The blessing appear like splash of the wave in the ocean.

We win the victory of life. Suddenly, he met a woman that change His being and threw the good things of himself. His attitude from Life change from nowhere, depending to return the good help he has Done to me. He became crook, possessive for money I saw the real Of his motives, I let him do his own. I will never permit anybody to Abuse me again in life.

Now, in my present life I marry a man who had bad experience in life like me. A man who live in century, an old fashion man. He's views and perspective Is from his past, the way he look and live life is old ways. What a shocking experience

I had in my life. I had a very hard time to live with this man. Every day he is sitting in the Computer 24 hours a day with his fantasy world. He stock with his pain, sorrow, hurt in

Many category of experience. He had a lot of his skeleton in his closet looking, staring Again and again. I am working for this man to change his life styles for beauty and more Productive to live happy in the way life.

I have also a past life more than he had experience, from beneath my sense Up to the inner being I have, from inside and outside of life experience Without everything, holding my two kids in the storm, in the cold weather, In the dessert, in the war of life without nothing at all. From pain, sorrow, Hurt that I can feel in the midst of everything, to the body, to my mind, to my thoughts,

To the whole being I am. Words cannot express the details of pain in my heart. So I look up to God and let go, he show me the way. I have only One life to consider to live every day to the best things I can.

I always look at in all different stages of life experience, to deal with it. Experience teaches us to become more aware, more mature, To stand up. We are responsible to our life destiny. It is in our hands, In our choices, in our perspective and views, in our action. It is our duty To ourselves to take good care of our lives.

In all this, I am learning every day, I am growing, I became more stronger, More open, more mature. In all I had now, is the power of faith, power to Look up to say a prayer, to believe. People through my experience changing me, Not being who I am.

'God grant me the serenity to accept the things I cannot ever change, But courage to change the things I can and the wisdom to know the different.'

It begins to my heart, the scent
Of my emotion. The thoughts

The passion of things given,
The magic of touch of one individual like me
Toward one individual like you,
Meeting in distance.

The feeling start to grow deep within
Me, somewhere; open, free, complete.

Intense of my soul through my emotion.
It is beautiful nothing can't compare
With it. Amazingly done by emotion
Feel inside the heart.

The intensity of my emotion formed to

Queen Of Lies

The true personality of evil one,
Her motives and intentions are evil,
Just for her own needs.
She used a person and deceived him
Just to get what she want. She victimized a
Person for her own selfish ambition.

She is trouble maker, arrogant.
She had a strong image to explore her lies to everyone,
She is proud of what she been doing.
She destroy people ruin their lives just to please herself.
Her intention to others is to control and use them.

Rainbow After The Rain

In hard times painted of hurt,
Frustration of life, discouraging
Experience and people around,

Life with full of adversity, struggles
Everywhere encounter, never ending
Passage of different stages of life battle.

Tears falling like rain, can't dried it
With affection, can't pamper with love,
The hurt deep as an ocean blow up like angry wave.

How long it goes in life?

Every dessert of life has something can't
Explain but there's a beauty in it,
Every side of things has an opposite;

Happiness to sadness, hate to love,
Hardship to enjoyable life, in this we
Have life to hope for and believe that we
Someday in time, we experience the life of
Good things and pleasurable day of time in life.

Raindrops In The Eyes

The water falling appear in the eyes control by emotion
Comes from inside feeling. The mind and the heart
Meet in distance bring up the emotion to yield the
Sentimental condition of the person. The heart follow by
Feeling hurt, continually moving in the emotion, heart grieving.

The whole body collapse, there's no energy to move.
The water of the eyes is running very fast. The shadow of
Thoughts connect to the heart that murmur that goes on... goes by...
The heartache feels deep, the mind cannot reach
The details of beings severely hold the pain inside emotion.

Anxiety participate to the troublesome of thing each day,
Intentionally drowning to the inner self of the person.
The eye drops keeps falling, swiftly drops over and over,
Freely run so fast, feeling restless and tired.

It takes letting go, let go this time
Until it dried up by God. Life continue carry on
By God the father almighty that moves in distance way.

Sense Of Self

The main part of who you are to the wholesome
Of yourself and to the world you are moving.

It is your inner sensitivity of your nature
Structure of who you are.

Do not neglect it, nourish it with your love.
Do not anyone abuse it, to dictate what you can do or not.
Do not anyone use it, to follow what they want
That they think it is good for you.
Do not ignore it, feed it with your kindness in the heart.

Show to anyone your sense and meaning, your own abilities,
Intelligence, technic, awareness, nature, effect and substance.

Speak up, let them hear what inside you
And do things what best for you.

Challenge yourself to whatever happen. Focus; reach your goal.
Challenge people around you by showing them that you have
Something more than they expected.
Do it with humility and with love.

She

She had a good friend for life, teaching her
To move, supporting her for everything.
She had a high pride, bitterness,
Hidden sin, unforeseen proud self.

She taking for granted of a gift,
Gift that is not only material things but people
That help her in a way road to survive.
Her views is self centered and blind to
Recognize the realization of life.

I let her go in my life, for her to learn
To value people in life who help her to grow,
To move, to settle, to support in whatever things
She needs and love her.
Loving her and caring for her is a waste of time.
She now carry and pulling her own tail.

Let see what faith she had to accomplish things
In life, to survive, let see how God moves,
Deals with her, let see the power of God works
For her, let see to prove something for her
Without people who cares around and help.

Let see how she can handle life alone in her
Own faith and belief. I let God moves
According to his purpose for her life.

In the end, She died with the overdose of drugs.

Lesson to learned:
When you have a dear friend who loves you,
In whatever storm in life you are experiencing
Recognize their love and give important of their presence.

Experience reversing in mind imagination through out scene,
Apparently flow to the sound sense of distance
Recurring in thoughts. The feeling emote empathize
Emotion absorbing in the heart.

Opportunity miss the time to flow

Pain trap by own mental obstruction of the past.

The mind absorb the wide distance of things,
Every stages of life are different from the others
To compare the past from the present, here and then.

Sleeping Giant

You have life, live in the past
You embrace, reminiscing again
And again in your thoughts. You love your past
Though it's hurt you.

One day in life, you meet someone very
Special individual to teach you and shows goodness
Of your being, your life.

She inspired you to go through life but you sleep
From your past and gaze it. For a long time no
Where to go, nothing to build up from life.

This very moment the dear someone left you behind
Tiring and confused. All this time you are hopeless,
People laughing, playing around you.

You are alone again forever until your life is ending,
No ones who cares truly, full of regrets because of your
Foolishness.

Your life is ending, living in the past with sorrows.

Tears In Pain

Along road of life, from time to time
Chances and changes come and go.
My feeling, emotion financial worry every day,
Love involved divided by time and effort.

My pain started to feel inside emotion, tears run out
Like fountain splashing continually blow out all over.
My heart aching from the deep of emotion, mind thinking
Thoughts asking question. "Why life is like this even though
You don't want it to happen ", why God permit all things
And never finish, for good things?

Tears has no ending every event added pain,
Heart emotion disappears, destroy by the way experience of life.
How long it will be victorious and taste the complete
Happiness of everything perfectly?

My hope is in the Lord, He will sustain me in the
Right track of life perfect journey, my true destiny.

Temptation

'Blessed is the man that endureth temptation
For when he is tried, he shall receive
The crown of life that God has promised to
Them that love him'.

Temptation doesn't come from God, in bible verse
'James 1: 13-15, 'Let no man say when he is tempted.
I am tempted of God, for God cannot be tempted with evil,
Neither tempted he any man. But every man is tempted
Then he is drawn away of his own lust and enticed.
Then when lust hath conceived, it is bringeth forth sin,
And sin when it is finished bringeth forth death'.

Temptation begins with a thought,
Thought gives birth to an action,
Action gives birth to habits once it is exercise
Habits makes your character and character
Becomes you as a person. Temptation is a matter
Of habits, sins may also a matter of habits
Once it is perform it is bringeth
Forth death, spiritual death and judgement.

Temptation can be good, can be bad.
It is opportunity to say no to prove who we are
To ourselves. God given us free will he does
Not violate it, so even the devil doesn't control us,
He had no power over us. Free will is ours once we exercise
That free will either bad or good we choose, it is opportunity
To win or lose, to a victory or to death.

Once you endureth temptation the fruits of personal development
Appear with power, perseverance, maturity and completeness.
The gift of joy that comes from God bringeth forth to men
with wisdom and abundance.

The God who is above all thing will
Deliver us from the lies of evil.

Of the hearts. It exposed and lies open in
Every single word.

God blesses us with so much beauty within us.
God word is good, is alive and active.
Whether you like it or not, whether you believe it or not
Everything comes from God. There is nothing
That can be hidden from God.
God promised will rest from our own work.
Let us, then, do our best to receive and
Fulfill that gift.

Whether happy or sad, whether bloom or withered
It is a solemn verse of a high quality of emotion,
A great intensity of the heart, a profound insight
Of the mind. The language of one particular
Individual that travels in the journey of life.

The Knowledge Of Sin

The devil rule the world
To destroy, He tease everyone
To do an evil task,
The intelligence of sin is
Weaken the heart to lose life.

The devil want to become the
King of all nations and hold
The people in his arms,
The mission is to crush
The world to His personal
Possesion, to His control.

The devil Himself dominate
The truth, He demonstrate His
Power over all creation,
He choose the money to be
The powerful tools through
Trials in the knowledge of sin.

But this things has an ending,

The Two Old Men

Best of friends share a lots of good times
in common and deeds, they enjoyed life
evil secret, uncontrollable.

Sex, liquor, cigarettes, they are playful in sex
in a different person at the same time,
minor age, very young and innocent, they are
adventure in wicked desire, sharing sex
all over, over and over with this young girl.

Their lust, their spirit, their whole being
are wicked, they are hungered in pleasure with
sexual desire.

God watching he brought disaster to this two men

The first man, he thrown his life in good times
He abandoned himself, whatever, no destination.
His body became rotten, shattered in pieces, time
to feel the pain of his foolishness, his stupidity.
the wound never heal, the worm eat his flesh
perished by the chemical of his committed sins
ruin his body. He is crying and shouting in his deepest
painful, worst situation, aching body
until he will die.

The second man, always waiting to feed his desire
depending to his man to pleasure his needs, his lust,
sharing their wicked enjoyable moment to share sex
with young and innocent girl, they are slave in their
wicked ways, they love doing it, again and again.
He throttled whatever he desire, pretending,
ignoring of what things they been doing.
Body became deformed aching all over,
he had disease incurable, curse with their
wicked deeds, they are fearfull of doing evil ways.

Crippled whole being they destroy in the fire of hell,
FOREVER....

The Wonder Of You

I am thinking of you, God;
what are you doing there in heaven,
looking down here in the universe?

You created all things, from distance to
distance. The galaxy, the amazing things
inside of it, the planet.
Wow! I wonder about you.

From country to country, exploring
from different system their are up to,
their effort and success, to their
difficulties to handle things every now
and then, the disaster comes we
experience in the whole. You are in
control whatever comes around
because if not the whole universe
become dust. What are you looking
for us God, for the whole things you created?
I wonder about you.

You see people doing their own things
in their own different ways, in defferent
rars, black or white. God, what this all
up to you, I wonder about you.

The sky, the sun brightly shinning in a day,
the stars and the moon in the night.
The ocean, the wave, the water, the fish
in a different kinds and colors. The trees,
the fruits, the plants. The lakes, the falls,
the mountains, this is only one big example
of your beautiful creation and its
absolutely amazing! I wonder about you.

Your gift that you given to one individuals
that we need to receive and discover,
the faith, the belief we have in our own.
God, what exactly you want us to do with this?

I wonder about you.

Amazing God, amazing love how sweet the
sounds, I've been thinking about you
in my life, how great thou art.

I am wondering, the wonder of you.

control, everyday of life is fundamental
element to dynamic resources of

We learned, we discover lots of things

Understand The Will Of God

We are created in the image of God, we are the people of God kingdom. God has a highest motivation to one individuals, he gave us freedom to do task in order to learn, we move to what we want to be, we take risk in any aspect of doing, to work toward in our own desire that most of the time produce a harmful effect to others, an aching pain that their suffer because of what we do, in any particular event of life.

What is life means in the world we are moving, in our lives in God connection, our belief and faith we have in ourselves?

We need our subconscious awake, breathing mind to intune in silence, the condition of life everyday, our well being. God has a wonderful plans for all his creation, our humanity moving the earth. We are here for a reason, but we lost it most of the time because of our stubbornness we have in our own will and desire. Our destination here in the world is depend to what we are going to be; God has plan better that we have for ourselves. If we put ourselves to God and trust him, we will understand the pathway of our life, in any trouble ahead from here and after God is sufficient to help and give things in any possibility of time and his way.

Undertaking In The Pit Of Life

Whatever you're undertaking or whatever
You have been trap by,
You can use this as a step to climb.
Use your freedom and free will to do things
While you are in that situation.
In this moment time ask God to guide you
And be with you.

In that passing time, God moves unnoticeable.
Be persistence and be good, do what's right.
Let the circumstances standing by at your side.
Meditate and concentrate of what you
Are doing today. Because, what's in your today,
Is what in your future be.

Whatever your devastation is, God is in charge.
God can transform it into a triumph.
Every word of God is pure, put your

What Kind Of Fool Am I

... to marry a man like you, sleeping

... the beautiful love, care and affection
I gave to you for the time being,
nothing to bear but hurt and pain;

fashion century way; past, present,
future, pretending you don't even care,

... I ask myself manytimes, whats wrong
with you, but I haven't got an answer
for my question, because you are hiding
a lot of things, everything inside of
yourself,

... you sleep, eat, playing in front of
your computer everyday with useless
games, cannot give any good things,
cannot carry to the other side of life.
this is your routine playing games with
no meaning to the beauty of life.

... you neglect that you have someone
alive not manikin, I have emotion,
feeling, mind to think of things, more life,
open and free.

... what kind of fool am I to choose you

You take away the coldness of my life.

In my struggle ahead in day to day activities;
Worry mind, finances matter include, relationship
Involve, in my moment time like this.
You take away the coldness of my life.

In every step of my way in a road I am walking by,
Don't know where I'm going, you point me to the
Direction you want me to go, in a daily step of the day.
You take away the coldness of my life.

In my silent moment, you teach me to sing a song
For you that gives me a delightful expression of
My heart. You open my eyes to the beauty of your
Wholeness that can carry through to my life destination,
Indeed: You take away the coldness of my life.

My loneliness, my distress, my pain and sorrow,
And my hopelessness. You are there, to take away
The coldness of my life.
