as you can tell i love to write. along with other things like painting/drawing,  
reading...

theres really nothing to say bout me. but if you want to know something. please  
feel free to ask.

# 1.

As he walked towards me  
My heart began to beat in furiously  
His walk seemed so quiet & graceful  
Everyone around me disappeared  
All the screams, slams of lockers,  
And whistles of words vanished  
For that one impassive moment  
As he reared near  
My heart beat turned into a thump  
Then it broke into a loud Boom!  
Our eyes talked silently  
In the one still moment...

## 2.

I stand there, in the dark corner  
Waiting for that glance  
For his eyes & mine to meet  
For him to realize I'm the one  
Or at least acknowledge my existence  
Wait, did he look?  
Is his eyes towards me?  
I look behind me to find someone else  
To my dismay, no one is to be found  
Is he walking towards me?  
Oh NO!  
This is a joke! !  
It has to be...  
'Hey' his angelic voice rings  
My cold hands pinched my skin  
I'm awake & this is real!  
I stand in the dark corner  
Staring at an angel...

### 3.

My eyes are lying  
I can't be here  
This can't be...  
I'm in a gorgeous, over flown wedding gown  
Walking down the isle  
Friends & family gawking at me  
Then my eyes meet his,  
This is real!  
I am with him for the rest of my life.  
My hand finds its way to his  
I am marrying my prince...

## 4.

Birds are chirping  
Kids are playing in the neighborhood  
& I'm standing beside my love  
My hand finds its way  
To my bulging stomach  
All my dreams are coming true  
My life is complete  
Nothing matters more than this moment  
My stomach begins to move  
'Soon, I will hold you soon'

# Because You Walked By

My day always seems to be missing something  
My heart seems to ache  
My mind tends to wonder  
My eyes stay glued to the floor  
My smile is turned upside down  
Then you begin to walk towards me  
My day has been fulfilled  
My heart pounds with excitement  
My mind only thinks of you  
My eyes fixate on you  
My frown is now a smile  
All because you walked by....

# Burnt Breakfast

a strange smell sneaks under my nose  
my face hides under the pillow  
sugar plum fairies continue their dance  
but the wretched aroma sneaks back

my legs carry me downstairs  
my heart is racing  
my mind is ran by confusion  
the smell becomes stronger

sighs come from the kitchen  
i see him, my son  
disappointment spread across his face  
standing over my burnt breakfast...

# Dirty Water

Everything is all smirky  
Only darkness is seen  
An object bobs in and out  
What could it be?  
Slowly, my pale hand reaches  
My hand disappears  
My heart begins to race  
My other hand begins to sweat  
Suddenly there is a grip  
My body jerks bringing out another hand  
Curiosity has the best of me  
The pale hand seems familiar  
My eyes dart to my own  
The hands are identical!  
My heart is about to race out of my chest  
My grip loosens...  
Thoughts swarm in my mind  
Curiosity and Fear begin to fight  
As the pale hand swats the air  
Curiosity turns her back  
And Fear takes hold  
My feet run like the wind  
Now I just wonder  
What is really in the Dirty Water?

# Don'T Forget

When our eyes first met,  
I knew you would be hard to forget.  
When you first smiled at me,  
My heart just melted.  
When you first told me you loved me,  
I knew you would honor that.  
Now I know I messed up.  
I let you go, but I won't forget.

lindsey kidd

# Falling

Tears fall down my cheeks  
As I think  
Why did I say yes?  
Will I get hurt again?  
Do I still have a heart?  
Because I don't feel like it  
My makeup is smeared  
And my eyes blotchy  
While my nose is runny  
The tissues are piling up  
Beside me  
Tears just fall down my cheeks

# Harsh Place

The world is a harsh place,  
But beyond this, is something greater.  
Something so spectacular words are not made to describe it.  
So why do people mourn when some leave?  
If it's better than here, why wish them back?  
Unless they are sent to suffer then, that's when you should cry.  
But how would you know?  
So would you cry or should you?  
Questions, go and go.  
Answers sometimes don't follow.  
The world is a harsh place.

# I Am

I am the girl who u call when everything goes wrong  
I am the girl who u come to for advice  
I am the girl who u tell everything to  
I am the girl who's heart is breaking  
I am the girl who wanted you  
I am the girl who needed you  
I am the girl who had all that I wanted at one time  
I am the girl who let u go  
I am the girl who let u go again  
I am the girl who your parents love  
I am the girl who has dreams that seem impossible  
I am the girl who will seek my dreams  
I am the girl who cheers for the losers  
I am the girl who believes anything is possible  
I am the girl who has confidence in your decisions  
I am the girl who will be saying go for it  
I am the girl who wants to give up but wont  
I am the girl who has answers for everything  
I am the girl who is your best friend  
I am the girl who will leave someday  
I am the girl who will say goodbye with tears in my eyes  
I am the girl who u will call when everything has went wrong

# I Am Calm

Don't sit there  
With your big green eyes  
And your mouth spilling bad news

Don't try to hold my hand  
With your reassurance  
After my world has crashed

Don't hug me  
With your black soul  
While my eyes drain

Don't stand there  
With the words  
'Be Calm' coming from your mouth

Don't just don't  
My heart may be pounding  
And my eyes leaking

Don't tell me  
To be calm  
Because I am calm, now that your gone...

# I Don'T Ever Do This

I tore down my walls  
All is left is a door  
No locks,  
No chains,  
Just a door...  
What is really the point  
Nothing is left to be guarded  
A stranger has came  
And stolen my precious  
Now all is left is a door  
But there is a secret  
Check your pocket  
There lies the key to the door  
So maybe my precious isn't gone  
For it now lies in your hands..  
To tell the truth  
I don't ever do this  
Fall for a stranger,  
Tear down my walls,  
Give away my heart,  
All because of one look...

lindsey kidd

# In So Deep

I use to not have a heart  
It was once stolen  
But I recently got it back  
Not for long  
My heart is drifting away  
To you  
I have fallen in so deep  
And can't get out  
You have some kind of hold on me  
But it doesn't scare me at all  
Please don't let me regret that  
Dont let me regret  
Having my heart given to you

lindsey kidd

# Isn'T Right

This just isn't right.  
I try to be happy,  
I try to smile,  
But it's just not happening.  
No one will help me!

This just isn't right.  
My mind goes in a circle.  
I feel dizzy...  
I think I'm falling,  
Someone, please catch me!

This just isn't right.  
I fall on the cold floor.  
My arms are spread out.  
I see pitch black, wait there's a light.  
Anyone there, please, help me!

lindsey kidd

# Just One

One look,  
One touch,  
And three words  
Had me know  
That I was yours.  
I knew when  
I first saw you  
We were meant to be.  
I knew when  
We first held hands,  
You wouldn't let me go.  
The first time  
You told me  
'I love you'  
I knew it was true.  
I just want you  
To know that  
I love you, too

lindsey kidd

# Just Remember

I look at the stars  
And see you staring right at me.  
Your brilliant smile when your looking at me.  
I can even hear you laugh  
Cause I have my head bent back  
Just so I can see the shining stars  
Then I turn and see the moon,  
Shining even more brightly.  
But while I'm just staring into  
the night sky,  
I just remember you.

lindsey kidd

# Last Time

I remember when I last smiled  
It was with you  
The last time I laughed  
Was because of you  
And the last time i cried  
Was over you

lindsey kidd

# Lost

You ask me if I'm okay,  
What am I suppose to say?  
That I am?  
But I'm not.  
Everything has gone wrong.  
My heart is torn,  
Because I've lost you.  
I've lost everyone I cared about.  
Nothing has gone right.  
You ask me if I'm okay  
What am I suppose to say?

lindsey kidd

# Mind

I feel like I'm in a daze  
Like I'm in a mere dream  
But not a nice one  
I'm falling off a cliff  
Wondering if I'll stop  
Or if someone will catch me  
I'm starting to get dizzy.  
My mind is in a daze...

lindsey kidd

# Mistake

I made a mistake  
By letting you go  
All because I was scared  
I made another mistake  
For not trying to get you back,  
Again cause I was scared  
I just wish you wouldn't  
Have let me say  
'It's over'

lindsey kidd

# Never

You say you love me,  
You say you care,  
But how come you're never there?  
Sure you call me..  
And talk to me for at least an hour..  
But you never listen.  
You say you love me..  
You say you care..  
But how come you're never there?

lindsey kidd

# No Longer

No longer can I cry.  
No longer can I feel.  
No longer will my heartache.  
No longer will I believe those three words.  
I have ran out of tears,  
crying over you.  
I have lost the ability to feel any emotion.  
I have lost my heart and  
can't put the pieces back together.  
And everytime I truly believe that  
someone loves me,  
It just gets blown up in my face.  
No longer will I hurt.

lindsey kidd

# No Return

Why did you leave?  
Leave me here all alone?  
Did it get to hard?  
Life I mean?  
But it's all over I guess  
For you no longer breathe  
Your heart does not beat  
Your sweet voice not heard  
For that keen blade  
Took you away  
With No Return....

lindsey kidd

# Nothing

My mind stays weak,  
While my heart remains broken  
Everything that was good  
Is unspoken.  
Nothing will ever be the same  
Maybe in another dimension  
Or another life.  
But this one has crashed  
And set on fire  
The ashes fly and fall  
I will go nowhere  
'Cause I'm nothing at all.

lindsey kidd

## Other Half

I want to give you all my heart,  
But part of my heart is missing.  
All I can say is I'm sorry.  
I know it doesn't help any,  
But please just take the other part of my heart.  
And I will find a way to give you the other half.

lindsey kidd

# Regrets&Memories

I don't know whats wrong  
There's a feeling in me  
That's telling me NO!  
I shouldn't have done that  
I shoudn't have said yes to him  
But to the other guy  
The one who listened to my complaints  
Who cared what I had to say  
I guess I'll never be happy  
I guess all I will ever have  
Is regrets and memories  
I don't know whats wrong

lindsey kidd

# The Feeling

I can feel the tears slowly,  
rolling down my cheeks.  
I can feel my heart slowly  
breaking once again.  
I wonder how I could have  
fallen in such a trap.  
The I realize, I was fooled  
into believing that me & you were true.  
It was all camouflaged.  
The tears just keep streaming  
down my blotched face.  
My makeup is smeared.  
My heart is beating faster & faster.  
I just can't believe it!  
It's over!

# Thinking Gets Me In Trouble

why is it that i think i want one thing,  
but turn around and want something else?  
why do i even care what i want?  
What about my needs?  
Arent those more important?  
Why cant i ever figure out any of those questions?  
How come i have so many wants?  
Why cant i just be happy?  
Why cant i stay with one want or need?  
Can anyone give me any answers or do i have to say in the dark?  
But now that i read this all i see is the word 'I'  
Maybe i need to stop thinking about me?  
But i do think of others  
And i want to help them out  
But i dont know how....  
My mind is spinning and i want it to stop!  
The questions are filling up even more.  
And there is still no answers! ! !  
nothing makes sense.....

# Tick-Tock

The clock ticks and ticks..  
The days are passing..  
My heart starts to ache..  
My minds starts to wander..  
When will I ever see you again.?  
Will it be tomorrow.?  
Or will it be next year.?  
I miss you..  
O' I miss you so.!  
The clock ticks and ticks...

lindsey kidd

## To Much? ? ?

i want to find a guy who loves me for me.  
not for what he wants or anyone else.  
Someone to think i look beautiful in just sweats,  
hair pulled back  
and no makeup on.  
A guy to love my intelligence and doesnt want me to be ditz.  
Actually listens when i want to put a point across  
or even when i want to complain about my horrid day  
who to show me off and take me out  
to tell me things i didnt even know about myself.  
to find a guy who just has to look at my eyes once  
and tell me what color they are  
I just want to FIND a guy who LOVES me for ME!  
is that to much to ask? ? ?

lindsey kidd

# Truly Do..

You write it  
You text it  
You email it  
You say it  
But do you mean it,  
Do you really, truly love me?  
Or is that something you feel obligated to do  
You just want to toy with my emotions  
I write it  
I text it  
I email it  
I say it  
And I do mean it,  
I really, truly love you!

lindsey kidd

# Try

I try to live  
And be happy  
Walk with a smile  
With my head held high  
But NO.  
Instead  
I'm dead  
And depressed  
My warm smile is turned down  
My head is towards the floor  
I try to live  
And be happy.

lindsey kidd

# Turning Pages

My life has a turned a page  
And started a new chapter  
New characters and schemes  
Different scenery and tones  
What is to come  
Nobody knows

My life has turned a page  
And is reaching the turning point  
More problems and solutions  
Are to come  
What they are  
Nobody knows

My life has turned a page  
And should be at the resolving stage  
But my life is still being written  
More pages are to come  
What they will say  
Nobody knows

lindsey kidd

# Wants

She sits there with her heart saying one thing,  
And her mind saying another.  
What she wants sits across from her  
What she has sits beside her.  
The one thing she needs is in front of her  
The one thing she doesn't want stays by her side.  
Her smile comes natural when looking forward  
Her smile is forced when looking to her side.  
And she wonders why she is unhappy.

lindsey kidd

# What Do You See?

When you look at me  
What do you see?  
A teenage girl  
With a heart filled with hope  
A smile that brightens a cloudy day  
Eyes that sparkle with joy

When you look at me  
What do you see?  
A teenage girl who is growing up  
too fast.  
With a broken heart  
A smile that is forced  
And eyes that glisten no more.

Are these two separate girls  
Or just one who has lost all hope  
One who was once happy  
When you look at me  
What do you see? ?

lindsey kidd

# You + Me= Forever

I don't want to feel knots in my stomach  
Or reach for that big gaping whole in my chest  
When I see you  
I don't want to run away  
Or frown every time I see you  
I don't want to feel as if I can't go on  
Without you.  
I don't want to be without you.  
I want to feel butterflies fluttering in my stomach  
And my heart pounding  
When I see you.  
I want to run straight into your arms  
And smile all day  
Because of you  
I want you with me forever.  
I couldn't stand to without you.  
Now the question is,  
Do you feel the same?

lindsey kidd

# You Told Me

You told me  
'I love you'  
And I said it back  
The scary thing is  
I meant it  
That's why I ran away  
But you didn't come after me,  
So did you really love me?  
Or did you want me to runaway?  
You told me,  
'I love you'
