I'm a 15 year old girl trying to find a place in this world.

## 7 Stages Of A Women

The entire world's a stage,  
And all the men and women merely players,  
They have their exits and their entrances,  
And one woman in her on time plays many parts,  
Her acts being seven stages.

Starting off as an infant,  
The cries and tears calling out for her mother's warm heart,  
As growing older and going to school,  
As she tries to race of,  
And her mother not wanting to let go,  
Older she grows,  
Her body changes and emotions go wild,  
Falling in love and heart brakes she stands her ground,  
Then she comes to a whole, for which she carries inside of her,  
A small special gift from god all mighty,  
She hears the gift cry as her heart begin to become warm, and full of light,  
She's growing older and cries alone,  
Knowing she's getting older she glances at the image staring back at her,  
Moaning and sighing she turns around,  
She says the older I get she gets,  
She can't believe life flies away so fast,  
Her pants are two sixes to big,  
She looks like she sat in her bath way to long,  
Her face sags to the ground,  
She tries acting as she was twenty again,  
Oh how she misses those days,  
As she grows cold and no longer take care of herself,  
Family gathers around when she is in need,  
She cries for the blessings she's been giving,  
As she slowly drifts away.

# A Bad Day

As I drug myself out of bed,  
I bumped my head,  
I ran to the bus to the ground I fell,  
Wrong words I yell,  
I'm so tired,  
I heard my friend got fired,  
I failed my test,  
My teacher is a pest,  
At lunch I dropped my plate,  
Know I really have a headache,  
I sing a sad song,  
People ask me what's wrong,  
I say leave me alone,  
My throat burns,  
I didn't water my fern,  
Man I'm really sick,  
My heavy books are thick,  
I forgot my folder,  
Someone hit my shoulder,  
I wish everyone would go away,  
I'm having a really bad day.

# A Choice In Life

A choice in life,  
To be married or not,  
To be with my true love,  
Sharing my passion with another,  
To be with forever and never let go,  
A choice in life,  
Kids or not to have to raise,  
To love with my heart,  
Knowing that I will have to let them go when I can do no more,  
Their for letting them spread their wings and source around the world,  
A choice in life.

# Abuse(The Way I And You Feel)

Mama (Daddy) please stop yelling,  
I can't stand the sound,  
Your fighting is painful and its killing me now,  
I hear glass breaking as i lie awake in my bed,  
Painful memories just running through my head,  
It ain't easy having to live life on shells,  
Always hear by myself,  
Always wondering where love could be,  
Can you see,  
Why do you have to destroy everthing about me,  
Can we work this out,  
Why can't we be a family,  
I promise i'll change,  
I'll do anything,  
Just please stop yelling,  
I wish you could see the scars within my soul,  
Your heart is so cold,  
I ran away today,  
Ran from the miserable life, no longer care, just ran away,  
Don't want to go back to that hateful place,  
But I have no choice anyway,  
A helping hand, no one will lend,  
Can you tell me, When will this life end?

(I want to dedicate this the all, whom are or have been in an abusive issue)

# God's Poem

All my life,  
I've been waiting,  
For someone to lift me high,  
All the lies,  
Through all the pain,  
No longer afraid,  
Cause I feel your love running through my veins,  
I now believe,  
Cause heaven has shined its lights down on me,  
You've opened my eyes,  
And now I see,  
What this life is meaning to be,  
No longer looking down,  
I'm looking up,  
You're everything I need,  
When you smile,  
The sun begins to shine,  
I hit my knees,  
And begin to cry,  
These gracious tears,  
You calm my fears,  
I know you are my savior,  
You Lord, up above,  
I write these words in favor,  
To show you my love and praise,  
I worship you Lord Almighty,  
I give thanks and prayers to you,  
For my soul you've saved.

# I Am Happy And In Love

I am happy and in love,  
I wonder what lies in front of me in the future,  
I hear the sound of my heart racing when i am around him,  
I want him to be with me through the good times and the bad,  
I am happy and in love,  
I feel his love running through my veins when he's holding me in his arms,  
I worry that someone will get between mine an his love,  
I cry when he is not around,  
I am happy and in love,  
I understand when he can not call,  
I say that I don't think of him but I do,  
I try not to worry about the thought of someone getting in between our love,  
I am happy and in love.

# Love You

I don't want to miss a single kiss,  
Who knew your love I can't resist,  
Baby never leave me,  
Don't ever let go,  
I want it to be forever,  
I really want to know,  
I've prayed all my life for someone like you,  
I thank God I finally found you,  
You see the true beauty within me,  
That non before you gave a chance to see,  
Baby I don't ever want to leave,  
To never be free,  
Never to move on,  
So let's just keep our love going strong,  
Baby I love you,  
Want you,  
Need you,  
Every moment I treasure,  
You're all I ever really wanted,  
I'm happy when we are together,  
A gaze in your eyes so blue and bright,  
My heart is never cold and dark,  
Because you are the light,  
Five words so strong and powerful,  
So I'll say them now,  
Like I'll do forever so,  
I want to say on our special day,  
Baby I love you so

# The Dream Of Love

I dream of love like heaven on earth,  
I feel his love racing through my veins,  
I love my baby,  
He makes me crazy,  
I promise to never hurt,  
Keep him first,  
That's what he deserves,  
We have a special thing,  
Can't let anyone come in between.

# The Heart

I am full of love,  
I rush when he is around,  
She feels me beating faster and faster as he raps her in his arms,  
Feeling for him to the top to the bottom,  
Sharing passion with the one she loves,  
I ache when I'm hurt,  
People use me as symbols of love,  
I hate when I ache for which I'm in pain and she is crying,  
When I am happy and full of light she is loved,  
She depends on me through good times and the bad,  
To show her the way to her true love.

# The Way I Feel

You look at me,  
I wonder if you can see,  
You are all I think about,  
I do not know what I would do without,  
You are just so perfect,  
I am wanting and needing everything we should be,  
You mean the world to me,  
No one will ever take you from me,  
Your eyes are like a jungle,  
You are so humble,  
I promise that I will stay true,  
I see my future within you,  
You are just so beautiful,  
Every little piece of you,  
I promise that I will never hurt you,  
Baby I will keep you first,  
That is the things you deserve,  
You're the only one I want in my life,  
My heart rushes every time we touch,  
You always find away to be the highlight of my life,  
It is hard to talk when you are taking my breath away,  
I love the way your eyes sparkle in the light,  
That is what I miss the most at night,  
You make me want to lose control,  
We got a special thing,  
Cannot let anyone come in between,  
I hope you are feeling the same way I feel,  
They will never understand the way I feel,  
You have taken me places no one's ever taken me before,  
I never want your love to stop,  
I would do anything for you,  
You know I will,  
That is how I feel.

# Valentine

What is love? Is it just a symbol of how you may feel towards someone?  
Can it be the way my heart flutters when you are around? As you walk closer,  
My breathing hardens, my heart gorged of emotion, the rush I feel when you are  
around,  
My heart beats abnormally fast as you grasp me in your arms,  
Emotions flow through my heart, top to bottom,  
Hoping you share the same passion, the way I'm as passionate for you,  
My heart aches when you are not with me, I long for your delightful love,  
I wonder, "Do you prolong for the same? " One may use a heart as his or her  
passion for someone.  
Therefore I give you the key to my compassion, to grasp my heart with a gentle  
touch.  
Take my heart with a gentle touch, as you please on this day. You have my heart  
and I wish  
You an exultant Valentine's Day!

# Wanting It To Stop In Its Tracks

It is murder,  
How could they bear the thought?  
Why do they not spare their lives?  
The sound of their first cry,  
No they want them to die,  
As they cry from above,  
Their tires fall to earth,  
We will never be able to hear,  
How could they dare?  
When they reach out and plead to their mother,  
Will the world ever see?  
Of someone who was never giving a chance,  
Never getting to go to their first dance,  
Some people look at it as if it was cruel,  
I look at it as how could someone be so cruel,  
It's like your mother hates you without giving you a chance,  
When will these rights be dropped?  
I wish all this will stop,  
Make a choice for once,  
Think about it your mother did.

# Whom Am I...Where Has Me Gone

The world is spinning,  
Where has my life gone?  
Hating and loving everything around me,  
But just not me,  
It's like me has just died,  
I'm just a lonely soul, who walks the earth,  
Can someone help me find the person was?  
What am I, who have I became,  
I hate the person looking back at me,  
But loved the person I was at one time,  
My pain no one understands,  
It's so hard to live in this life that I hate so much,  
Why can't anyone every see the pain people go through until it's too late,  
It's so painful,  
The walls are caving in,  
I'm in over my head,  
NO one will ever one,  
Because the person I was is dead,
