I was born and lived in Denver. I work at the consulate. I love to travel around the country and examine the poetry of different countries. I do not write much, I love reading poetry, studying them.

Hearts

I like being active,
I won't be alone.
This story that happened,
Is only my fault.

Emotions and feelings,
I'm crying a lot,
My life that I'm dreaming.
I'll write in my notes.

"Is it hard to be happy?"
I asked everyone.
It's maybe
This waiting for love
Will my heart
Won't be h.

Because of some things,
That will help to myself:
My mind and a cunning,
My spirit and strength.

I've left to the world
That I'm dreaming about.
I course.
I have grown. I'm adult.
I'm sixteen, however
Experienced enough.

And now I'm ambitious.
I've chosen my way.
I won't be a girl, who
Just tries to escape.

My problems were solved.
My past was forgiven.
I'm a person. I live
In a special era.

Yes.It`s I haven`t
Much time.It`s my life.
A lot of the trainings
And homework at night.

Sometimes I think over,
Strange thing finding out:
My heart will stop beating,
If love comes inside:

Inside of my feelings,
Inside of my mind.
That`s why I`ve decided
To change the result.

Excluding emotions
I won`t be such nervous.
I`ll reach the success.
I`M SURE.I PROMISE.
