Hello I'm kinda new to this all and just really doing it for fun. Not really good at making poems but it's one way i share how I feel. I like to make them when I'm bored or when I just get this deep feeling like I need to make something or share with the world my feeling because I have a hard time coping by myself.

I also do photography and like to make short storied or skits but never finish em ya know.

I know this isn't much but pls bare with me lmao-

I hope you all have a wonderful day, Love you no matter who you are<3

I Thought U Would Be Here Forever..

'Oh how, the darkness crept in,
And shattered our innocent grin.
One fateful day, the unthinkable happened,
And our world, forever shattered.

You, my dear friend, took your own life,
Leaving me with a pain so rife.
I'm left to pick up the pieces,
Of a heart, now broken and bleeding.

I wish I could turn back time,
To when our smiles were still on our minds.
But alas, fate had other plans,
And now you're gone, oh so grand.

Your memory, I'll hold dear,
And cherish it, year after year.
Though you're no longer here,
Your spirit, I'll keep near.

In my dreams, I'll see your face,
And hear your voice, full of grace.
And though we're apart,
Our bond, forever in my heart'

A Poem To My Lost Best Friend..

'In days of youth, when hearts were light
We ran and played, through sun and night
Our laughter echoed, our joy untainted
With the innocence of childhood's first sight

We shared our dreams, our secrets too
In a bond that only youth can do
We were inseparable, a duo
Two souls, one heart, a single hue

But time, it steals away our grace
And with it, our youthful pace
We grew apart, and lost our way
As life took us on separate days

Now, memories remain, a haze
Of laughter, tears, and endless days
Of a friendship lost, but never gone
A love that will forever be sung'

Can't Forget You.

'My heart beats for you my love,
I can't deny the feelings I have,
Even though you're no longer mine,
Memories of us still shine.

I remember the way you smiled,
and how your laughter filled the air.
We had our ups and downs, it's true,
But I never stopped loving you.

Now you're gone and I'm left alone
But my heart still calls out to you.
Hoping one day, you'll hear it too.
And we can start anew.

Until then, I'll keep loving you,
Holding onto the memories we knew,
Hoping that someday, somehow,
We'll find our way back to each other.'

One Day My Dear Friend.

'Roses are red, my heart is blue,
I feel so sad and I don't know what to do.
My tears fall like petals from a wilting rose,
my smile has faded and nobody knows.

I try to hide my pain beneath a mask,
But the weight of sorrow is such a task.
I long for comfort, a warm embrace,
To wipe my tears and kiss my face.

But for now, I'll hold my head up high,
and keep pushing on, though I want to cry.
One day my heart will blossom again,
and my sadness will be a distant friend.

Secret Behind My Words.....

'Silent tears falling like rain
Innocence stolen, never the same
Shadows haunt every step I take
My soul shattered, a heart that aches

A violated body, a wounded heart
A soul trapped in the dark
No voice, no choice, no escape
Violence forever reshapes

A crime committed, a life destroyed
A trauma that cannot be avoided
I am a survivor, but at what cost
Knowing that what was taken can never be lost

The pain lingers, the memories stay
But I am stronger, and I am okay'

Memories Of Us

'She lit up my world with her smile,
Her laughter made my heart skip a mile.
I loved her deeply, with all my heart,
Until we had to be apart.

But even now, I can't help but feel,
The love I have for her is real.
It's been so long since she's been mine,
But I still long for her all the time.

I miss her so, her warm embrace,
And all the love that filled that space.
I hope one day we'll find our way,
Back to each other, come what may.'

Oh To Be With That Girl...

'Her heart overflows with love so true,
For a girl who stole her heart anew.
In her eyes the world reflects,
A beauty she never forgets.

Her laugh, her smile, her every word,
Fuels a blaze that she has stirred.
From her soul, love bursts and flows,
Every second she's near, her love grows.

Her touch, her scent, her every move,
Makes her heart skip with a groove.
For this girl she'll cross any sea,
Just to hold her and her heart set free'

Stay My Girl

'Her smile melts my heart like butter,
Her touch sends shivers down my spine.
I never thought I'd find another
Whose beauty matches mine.

I love the way she laughs so loud,
And how she dances in the rain.
She's the one I want to spend my life with,
And share all my joys and pain.

With her, every day is special,
Full of love and magic that's true.
She's the girl I'm so proud to call mine,
And I'll never know what to do without you.'

Music In The Hearts

'Her heart beats like a drum,
As she thinks of the one she loves,
A girl with eyes like the sun,
Whose touch fits like a glove.

She never thought it could be,
This way, her heart aflutter,
But when she's with her beloved, she's free,
Her soul unchained, uncluttered.

Their love may not fit the norm,
But it's pure and true and real,
And though others may be scorned,
They're stronger for how they feel.

For love is love, in every form,
And no one can deny,
That when two hearts are warm,
They light up the night sky'

Dancing Souls

'Her heart beats fast, her pulse races,
As she gazes into her lover's face,
The girl she loves with all her heart,
Their love a flame that can't be torn apart.

They hold hands tightly, sharing kisses,
Their bond unbreakable, full of blisses,
Though many may judge and try to hate,
Their love is strong and won't dissipate.

They dance together, lost in the moment,
Their love a treasure that's truly potent,
And though society may not accept,
Their love is real and must be kept.

So they hold tight to one another,
Withstanding any storm or weather,
For their love is pure and true,
A girl in love with a girl, and nothing more to do'

River Boswell

Soulmates

'Two hearts entwined, a love so true
A girl in love with a girl, who knew
Their bond so pure, their feelings strong
Their love enduring, no matter how long

Hand in hand, they walk side by side
Sharing their lives, with nothing to hide
Their love may be different, but just as real
A connection so strong, nothing can steal

No judgment, no hate, just pure love
These girls found solace, like two doves
Their love knows no boundaries, no gender nor race
Just two souls intertwined, in a loving embrace'

A Thief Of My Heart

'Wounded, my body carries the weight,
Of a secret so heavy, it's hard to relate,
Innocence stolen, a thief in the night,
Leaves bruises and scars, an unforgivable blight.

Months later, a joyous life I did embrace,
But from me it was taken, without a trace,
Alone in my sorrow, I mourned in pain,
The life that was taken from me.

Until one day my sweet willow tree'

The Betrayal Of A Friend..

'I cannot write of it explicitly,
But my words drip with hints of agony.
A betrayal of trust, a loss of control,
A forceful violation of the soul.

The weight of shame, the fear to speak,
The scars that linger, the wounds that leak.
A haunting memory, a never-ending ache,
A life forever changed by one brutal mistake.

This is not just a poem, it's a cry for help,
For those who suffer silently, whose pain is deeply felt.
May they find a voice, may justice prevail,
And may their healing begin, their wounded hearts prevail'

She Loves Her

'She's a girl with a heart full of love,
for another girl that she dreams of.
Her eyes light up at the sound of her name,
Her heart beats faster, it's never the same.

She loves her with every inch of her soul,
Her love for her, she can never control.
Every moment spent with her is bliss,
She feels alive with just one simple kiss.

She's filled with joy, and her love never fades,
For the girl she loves, her heart forever sways.
She knows she's found her one true love,
Her girl, her everything, sent from above.'

Let You Go

'You're the one I can't let go
Even though we said our last hello
Memories of us are still so clear
And I wish you were still here

You were the love of my life
And I don't know how to survive
Without you by my side
I miss you every day and night

I hope someday you'll see
Just how much you mean to me
And maybe we can find our way back
To each other, where our love never lacked

Until then, I'll hold on tight
To the memories that keep me alive
And hope that we can make things right
Until the end of time.'
