Silent Listener()

An Unending Love

Shall I compare you to a night Princess....
a blooming flower by edge of a river side
a sweet devil of mine...
my heart knoweth no joy nor love
if your kindness departs me.....

may flowers refuse nourishment,
moon denies it smiles upon us
and the sun sun forgets its shining
nights never beckon
the day we part

Dear woman of joy and love abound,
how am contained in the earth of your soul,
I can't fathom
Your solemn heart, my kingdom
where I'm the king

Am beguiled by your enchanting beauty
which prevails and beclouds my dreams all night long
forever am bound to your unending passion
your love my elixir,
your thoughts my relief.

Now that I love you,
I can't love another
Blissfully I shall pronounce to the world
of our yearning love.....
this lingering affection have come to an end.

Now our wishes are wished by the gods
Birds envy us because we fly without wings
our love like that of the gods of love
Transcending all that have ever loved
A love well loved
Our love no end! ! !

SACRED TEMPEST.....

Dear Bossom

even with a thwarted moon,
even if the lands wears naked and fallow,
with a cursed future,
even when the sun refuses to
shines its rays upon us,
our love won't be doused with this
thunderous rhapsody.

I will love you beyond worlds
we would share
both pains and good times together
if fates be on our side....
our love shall transcend all
love ever experienced
our lingering affection shall
prevail that of
'Romeo and Juliet'

if the moon recommends me,
Tonight,
I shall engulf you with a Golden Sapphire
A sapphire
even the blue sky cannot defeat by color...

I'd dropped a veil of decency.....
My Twilight Lady

Endless Love

endlessly,
so endless just like the love story of the goddess
when she was still mortal.
our memory shared for years
was like 4 secs ago,
lived together and
wished to die together.
Endless,
utterly
our endless love
prevails amongst all creatures.
we were cursed with blessings
the Angels envied us because
we flied without wings,
the flying birds could not withstand the shame,
then they crowned us
with a golden crown,
having silver linings and rubies
with diamonds all around the crown.
Inside it was a pure sapphire,
even the blue sky
could not defeat
the precious sapphire by colors.
Our love grew rapidly
like a passing infatuation,
drenched in lust,
but eventually ended in love,
we became mesmerized by our love
drowned ourselves together
in our dream of reality all night long.

we sing the song
'FORGET ME NOT',
the memories we had became immune to Death.
Our outlasted the love of so called
Romeo and Juliet
and became an
ENDLESS LOVE! ! !
NO END.....

Happy Val

here comes another season of love!

a love so pure and profound, like a wing it spreads and beckons us..

like a tree, it spreads its roots so deep and vast to fulfill our ardent wishes. when
resentment beckons, love abounds beclouds our lives with joy in abundance.

My Home, My Paradize

an Isle of bliss
a paradise where paths are strewn with roses
a garden flourished with ambrosia
a place of songs and symphony hearts the heart composes;
echoes of sweet melody,
tents of naked virgins
a home the stars forged
from the charts of the lifelong dreams
of love in our heart.....
i yearn to live in this paradise
with you by my side
a paradise beside a lake alot pleasure
there our endless love prevails

Nameless Pain

Am a joke
of my own entangled paths...
Where i go and where I don't go,
only I know.
What is pain?

Why doesn't it pass away?
Like a red flames once blue.....
Like a beautiful morning
After a lonesome night.....

Why doesn't it pass and flourish like
A blossom flower
in its first day of bloom?

Like an unborn baby
I yearn to be
Why shan't I be free like the
Beckoning wind.....
why shan't d world, my wishes agrees?
why shan't my heart love expresses...

Oh! My Nameless pain.

Pure Love

may love kindle your path with an unending passion.....like a bosom flower
in its first day of bloom shall your day flourish. happy val friends.....for your
ardent love prevails

'Tears Of A Lifeless Virgin'

Alas her tears reached Heavens where immortals prevail...

her soul was bereft of life in such an ungodly throes....

her blood used in cleansing an unworthy land

upon the sins of the fathers...

who knows what becomes of her underneath....

D world known not to mortals?

The pains she feels.....D rage that burns out of her solemn heart

the resentment she harbors....

Her dreadful laments

' save me mother..save me'

'what was my sin'?

Life raped her out of wickedness to humanity...

while she was asleep....

Yet sees and thinks herself a Virgin

Now 'her quest for vengeance beckons and beclouds my dreams..

the time she courses every soul on earth

It is the time every soul departs from its flesh

A moment a child seeks peace and countless ire betides

Gothic moments'

Dear Heavens,

As her mournful cries,

Rain not upon d earth seraphic but crimson-like tears
for her quest to be fulfilled.....

Although dead but still lives with my heart.....

Adieu Bosom! ! ! ! !

Worlds Unknown

A relentless bird in my heart

hovers around as I bid farewell to thee.....

flanked by an endless emotion

which beclouds my every being.....

freely as you wallow into the worlds unknown,

may my thoughts be the arms and voices that

caresses thy soul and skin.....

my woman of love and Joy
