# Tin Mouse(june 4 1994)

Age: 20

Gender: female

The reason i write poems is because i have so much emotions built up inside me that this is the only way to get them out. to me when people say they cant write poetry i just say that everyone is a poet its just their poet is hiding deep inside you. i grew up in a very small town in oregon the town was called Umattila and everyone hated me their. but when i am on here i can be free and just be myself and do one of the things that i love the most and that is writing poetry. some of teh words that i write capture people into reading it more but with these poems i know what to expect cause without my poetry i would be a bloody rotten mess.

## \*\*\*\*i Love You\*\*\*\*

I love you,  
With every day that passes by! !

I love you,  
For who you are deep inside,  
It doesn't matter to me on what other people think of you,  
As long as I know your mine! !

I love you,  
Because you have a heart to share! !

I love you,  
Not only for who you are,  
But who I am when I am with you! ! !

I love you,  
For how your smile dances  
When you look at me!

I love you,  
Because you bring out a part of me  
That I never knew! !

I love you,  
When you know how I am,  
When I am sad and ready to cry,  
And all you do is hug me and hold me tight! !

I love you,  
When you overlook all my  
Foolish and weak things that try to devour me  
And that you can't help dimly seeing there! ! !

I love you,  
With all my heart for always! !

I love you,  
For always drawing out the light in me! ! ! ! !

I love you,  
For all the beautiful things that you found in me,  
That no one else looked hard enough to find! ! !

I love you,  
For being yourself  
And no one ever changing you! ! ! ! !

I love you,  
For your smile and your deep eyes match  
With your deep safe serenity! ! ! ! !

I love you,  
For everything that you have become! !

I love you,  
For the way you have made me  
Feel like a long lost temple,  
That only you were able to find! ! !

I love you,  
Because without you,  
We would never be a song! !

I love you,  
Because our song  
Will play on and on! !

I love you,  
Forever and always! ! ! !

I love you,  
For the only person ever  
To get me to blush! ! !

I love you,  
For always laughing with me  
And not at me! ! !

I love you,  
For always putting my head up,  
When I want to put it down! ! ! ! !

I love you,  
Because your heart and soul,  
Touched me deeply! ! ! !

I love you,  
Because when we are apart  
I never feel like myself! ! ! !

I love you,  
Because my heart will always be yours! ! ! !

I love you,  
For loving me! ! !  
And with this all,  
I just wanted to let you know,  
~\*~\*I LOVE YOU\*~\*~

## **\*just Kiss Me Again\***

Please kiss me again,  
Your lips are soft,  
Like angel wings,  
But when you leave me I die,

Pull me close to you again,  
And kiss me softly,  
With your passionate lips,  
That left me breathless again,

My cheeks get hot,  
And my heart seems to flutter,  
When your lips meet mine,  
I just seem to go under,

Just kiss me again,  
If you love me you would,  
Just kiss me and I will be fine,  
I will never die, if you just kiss me again,

Embrace me,  
I don't need you inside me,  
Just to know you love me,  
All I need to know that is when you kiss me,

Just kiss me pleas,  
I love you,  
Just kiss me,  
I will never hurt,  
I just need your lips on mine once again! ! ! ! ! ! ! !

Tin Mouse

## ~the Wolf And The Dove~

Shining sun through the unbreakable trees,  
Glistening on the moving stream,  
Wolves hunt under the moons gaze,  
Howling with love throughout the night,

Watching you as I head down the path,  
A path towards you,  
With a loving gaze,  
Waiting for a warm embrace,

You stand there your hair perfectly done,  
A smile plays on the corner of your lips,  
As I walk down the forest aisle,  
The moon rays down and carves your face,

Big dreamy brown eyes,  
So warm and inviting,  
So deep and full of love,  
Unmoving and unchanging from mine

Our love is deep connected,  
Connected throughout an eternity,  
Long and living,  
Even through Death,  
To be reborn again with us in the next life,

The water glistens in the rays of the moon,  
I walk closer and closer to you,  
The love of a Dove,  
And the Wolfs strong bravery,  
The two will never change the course,

Coming closer I smile,  
Love envelopes me as I see you smile back at me,  
Never wanting to change,  
You complete me, As I complete you,

Can't wait to say those words of I Do~!  
My wolf, As I am the Dove,

A love intertwined within the words of I Do~!

Tin Mouse

# A Dream

When I look into the ocean blue  
I think of you,  
I see your tousled black hair,  
And your dreamy brown eyes  
Looking at me,  
I see in the moon  
And it's smiling at us  
And I see the stars  
Dancing with delight  
I try to focus on  
One thing to make sure  
My thudding heart stops pounding  
I thought I was meant to be lonely  
For no one to care for me  
But here you are inside my dream,  
And know I can see  
Someone does care  
Inside this dream I am asleep  
But in reality I'm more than awake! !

Tin Mouse

# Abby

Abby I remembered your name,  
I remembered your face,  
I remember the tears you cried that day  
Don't leave me, I don't want you to leave me  
But it seems I was too late to save you and keep you safe with me

Abby I remember what you told me  
You told me to look at the stars  
And you would be there waiting for me  
Up there so far away

You in the wind, you in the stars  
You in the trees, waiting for me  
You in the flowers, you in the water  
You are the Sun to me, Bright enough to see

Abby you are my sister  
Even though you're saying it's your time to go  
I will keep you here as long as I can  
Even though you will be fighting me  
Don't leave me, please don't leave me

You in the wind, you in the stars  
You in the trees, waiting for me  
You in the flowers, you in the water  
That we see  
You are the Sun to me, Bright enough to see

Holding you close, never letting go  
Keeping you safe in my arms today  
Abby you mean the world to me  
A thousand roses on your doorstep  
Waiting and saying the words of I love you

Abby you mean the world to me  
You in the wind, you in the stars  
You in the trees, waiting for me  
You are the Sun to me, Bright enough to see

Abby just remember I will never forget you and  
The life we shared  
When we first meet  
We were laughing and playing and singing  
We did everything we could

Abby you mean the world to me  
Your in the tree's, waiting for me  
Your in the flowers, your in the water  
You are the Sun to me, Bright enough to see

Abby I will never Forget the fun we had  
Abby just remember the times we had  
I will always remember you and don't forget me please  
And I will Always Love You  
Abby I remember you.... But do you remember me your sister  
Abby I remember you  
I remember you Abby my sister !

Tin Mouse

# Agony

Drowning in the tub  
Of pain and sorrow  
My heart is missing  
For you to find  
Opening the closed door  
You walk in  
And step in a shallow pool of blood  
You see a knife at the sink  
And you scream in agony  
You had words to say  
And words you'll never get to  
You're hoping your missing  
Lover will be found soon  
Not waiting any longer  
You take your own life  
To be with your lover  
But the pain never stops  
In the end with agony

Tin Mouse

# Always Under

Under this cold and damp water  
With no way to breathe  
Because you are always suffocating me  
No way to run  
Or no way to hide  
Always falling and you never catching  
Despair is always around the corner stalking me  
In this never ending quake  
Falling hard for something that is out of my reach  
Reaching but never touching  
Always in fear  
Always in a tempest ball  
Being controlled never being let out  
Deep inside falling in the dark  
Reaching for your hand to pull me out  
Touch only once  
Slip and fall in this ending despair  
No more breathing in these condensing walls

Tin Mouse

# Another

Another Knife

Another Dagger

Another life to hurt again

Pains dark wings shatter again

Hearts bleed with burning agony

Tin Mouse

# Bleeding Wrist

Another time has come  
For me to cut my wrist again  
You left me in the dust  
Said I was cheating  
But I never was  
You had my only heart and  
You broke it again  
My wrist are bleeding because of you  
You broke me down until I was nothing  
More than a memory of your Raping Dream  
Caught in the middle  
Of a terrible nightmare  
Bleeding with broken pain  
Caught inside this fog of fear  
Listening to your voice  
Which was once soothing to me  
Time and time again is but  
Just now a memory  
Of you and the warmth of your hands  
Pain and pain  
Of agony once again  
Bleeding wrist of concurrent pain

Tin Mouse

# Bloody Rain Drops

You make me feel so alive  
Even though you keep breaking me down  
Like a shattered heart  
In a million pieces

The rain drops  
Of a bloody heart  
Broken down the middle  
Lost for eternity

You said you wanted  
To mend it, but no you don't  
You just keep breaking it apart  
Like the devil you are

The rain drops  
Of a broken heart  
The rain drops  
Of a shattered dream

Lost in your melody  
Of a lost faith across  
A dream long ago  
Broken down forever gone

The rain drops  
Of bloody lightning  
Thunder clouds  
Of hearts bloody middle

Bloody heart, bloody dream  
Bloody nightmare don't come again  
Long lost love of hearts desires  
Bloody heart broken in the middle

Long lost tears are bloody  
Bloody tears gone and wiped away  
Now that you're here and never to leave again

## Tin Mouse

# But You Always Leave

I just wanted you to know,  
That you are the melody,  
That's inside of me  
And it's bursting at them seems

I know you know  
By the way you look at me  
And I look back at you  
Ain't nothing as it seems

The stars their shinning  
And I know you see them to  
And I just wanna hold your hand  
And be by you  
In a never ending day  
But you always leave me alone

Their's this that I must tell you  
I will always be your angel  
And I'll stand by your side  
And let you hold me close forever  
Just promise you won't leave  
But you always end up anyways

I always see a smile  
Spread across your face  
And your eyes filled with a gleam  
In a never ending gaze  
But you're always waving goodbye

The stars their shinning  
And I know you see them to  
And I just wanna hold your hand  
And be by you  
In a never ending day  
But you always leave me alone  
And a Kiss good bye

Sometimes I wish  
I will never leave your side  
But I know I can't do that  
Because one day we will both have to leave and pass away  
But I will never forget your blues eyes today  
And you always leave my side

And don't you see the stars  
But you always leave me alone  
Your always leaving my side.....

Tin Mouse

# Can You Hear Me

Are you here?

Or are you there

Can you hear me singing?

Can you hear me screaming?

Can your hear me laughing?

Or can you hear me at all?

Tin Mouse

# Consoling Pain

Consoling pain,  
Is what I am in,  
Until I am inside your skin,  
Living, breathing,  
Just for you,  
This consoling pain,  
Is no longer more! ! ! ! ! ! !

Tin Mouse

# Crimson Blood

Dancing in this pool of blood,  
And drowning in crimson love,  
Crimson blood,  
That never flees,  
Only when you put a stab wound in me,  
Close to death,  
I hope you know,  
That crimson blood,  
Is not mine anymore,  
You let me die,  
In front of everyone  
That I love,  
I hope you know  
That I am no longer full of  
CRIMSON BLOOD! ! ! !

Tin Mouse

# Darkness Waters

The life I see  
Is the life that is drowning me?  
I can't seem to see  
From the pool of water that surrounds me

Tin Mouse

# Death

Death to die  
Right to left  
All is gone  
Inside of me tonight

Tin Mouse

# Death Will Never Be The Same

Long Gone Living Heart  
Thought life was good  
Until You died in my arms  
Why did you leave?  
Why did you go?  
Maybe you will know  
When the time comes

Blood rolling down  
The arms of you drop  
Cold nothing left  
Trying to pull myself together  
Trying to bring you back  
Nothing good will ever come  
Not when your gone

Letting go, Letting life slip  
Death Drawing near  
Close enough to touch  
Bloody Claws  
Blood drawn eyes  
Darkness Srounds you  
He grabs you  
I grab you and wont let go

Taking me by the hair  
The darkness wins  
Pulls me with you  
Working hard to save  
HUMANITY  
Winning by an inch  
Winning by lifes brave soul

Dark cloke of heavy fog  
Dark cloke of heavy storm  
Dark life of lost loved one  
Dark evil Taking her  
Wont let her go  
My best friend

Living in dawn living in slow time

Death to blood in hands

Bloody Claws Scartch again

Death of breaking toll

LIVING WITHOUT YOU WILL NEVER BE THE SAME! !!!!!!!!!!!!!!!!!!!!!!!!!!!!!

!!!!!!!!!!!!!!!!!!!!!!

Tin Mouse

# Deep With In

Take what you need  
Out of the ground  
To a world that is unknown  
That I can only see  
For my eye's are so perfectly  
From site to see  
My blood flows equally  
As a dragon breathes fire  
It burns me up  
As a sea of water  
It cools me down  
And a kiss from you  
Smooth's me equally

Tin Mouse

# Despair Crawls

My life is down  
And my heart  
Is shattered  
I can't see  
In this dark abyss  
That surrounds me

What I feel  
Is not a touch  
But the touch  
Of whom is pulling  
Me back into reality

I try to hear  
But my ears are blocked  
By the sound of your voice  
It hurts too much

I can see your eyes  
As they follow my lead  
Into the corner  
Of leaisue and misery

I want to hold you  
And feel you  
But it feels  
You are out  
Of my reach forever

Please can I see?  
You one more time  
From the dark we go to the sun

Let the rays  
Take you in  
You are the  
Son of the Devil  
And Son of God

What can I do?  
To help you realize  
That life is of  
Taking chances  
And not a price

Come with me  
And you will see  
The Darkness Pain  
Of misery  
And he pulls you under

Into the dark abyss  
Of no return  
For life fades  
And goes Away

Tin Mouse

# Follow Your Heart

Follow your heart to what it wants,  
Find the soul that's close,  
To the one you want to share,  
Just listen to your hearts whispering words,

Never falling apart,  
Because your heart doesn't,  
Know you at all,  
Just let your heart grow wings and fly,

No pain in wanting to know,  
Just only pain in never letting it show,  
Just let it explode,  
And it will find your soulmate that shows,

World will let you know,  
When you find your heart,  
It will never break,  
It will just only glow,

Fly,  
Just let it fly,  
And be free and it will find,  
The heart that fits your soul the most,

Follow your heart,  
Is all you need to know,  
To find your other heart,  
All I am saying is Follow Your Heart,  
It will show you the way,  
Just Follow Your Heart! ! ! ! ! ! ! ! ! ! !

Tin Mouse

# Forever Lost

Forever lost because of you  
You hit me with one forbidden  
Swoop of your fist  
Black eyes and bleeding  
And screaming in agony  
Buried deep in the  
Ground because of you  
I start to fade  
You cry one night  
And you dig me up  
And hold me close  
And scream "Y DID I EVER LET YOU GO"  
But dawn has come  
And darkness fades  
Life has given me what I've prayed  
The tombs of darkness and light  
You lay a rose out in the light  
And sing a song soft and hard  
Praying and living hard  
The ghost of me  
Will haunt you for an eternity

Tin Mouse

# Friends & Betrayal

Your heart is sore  
From the pain you see  
Because your friendship  
Is not what it used to be?  
She wants the love of the  
One that loves you  
So she tries harder  
To pull him away from you  
But his love is too strong  
To get pulled away from you!  
And your heart is too cleansed  
To feel DESTRUCTION

Tin Mouse

# Heart Gone

Prying my fingers open  
Holding out my heart  
Half but not whole  
Never to feel our love  
Never to hold you  
Im your fallen angel  
Kicked of the cloud  
God told me to tell you  
To live your life  
And to make you see  
I am alright  
You take my heart  
And never to give it back  
You know its not right  
Breaking the solid words  
Of words lost forever  
Living in pain and fear  
Falling from the Dark could  
Black wings swallow me whole  
My back in scorching pain  
Darkness shines down  
Forever know and never meant to be  
And heart Gone forever

Tin Mouse

# I Bleed

I bleed through pain  
As you bleed through mine  
I want to love you  
But I can't because of the time  
What more could happen?  
Between you and me  
I play the words  
Across my tongue  
As they dance on the edge  
Of my flute  
What more is there to see?  
Without you beside me  
I bleed through pain  
I bleed through the pain  
That's on my sides  
But everywhere I know you are beside me

Tin Mouse

# I Can't

I cant be with you  
No matter how hard I try  
You are always with someone  
To my dimise  
I try to think of you  
But you can't get into my mind  
Because you are already their  
I love too see you  
I love to give you hugs  
And be by your side  
But the palce that is inside my heart  
Because you are already their  
Not place for me to hide anymore  
You had to move on in  
But with no place to stay  
So you made my heart your home to stay  
I can't love you  
Like you love me

Tin Mouse

# I Feel

I feel like the  
Space is closing in  
The air around me  
Is going down  
I can't feel your touch anymore  
What is wrong with me?  
I want to feel your breathing on me  
What more could I possibly do  
I want to feel  
And be alive  
But how can I  
When I am almost close to death  
And then the space close  
I can't breathe no more  
And no more to feel  
I leave

Tin Mouse

# I Remember

I always remember the times,  
That we always spent together,  
Me running away from your loving grasp,  
And you always laughing when you catch me,

I always remember the times when we laugh,  
Laughing when I clearly want to cry,  
I always will remember you,  
And nothing will ever take that time,

I always remember the distant past,  
When the day you kissed me,  
I decided to let my self be trapped,  
I just hope I will never forget,

I always remember the days in your car,  
Nothing bad ever happened,  
But I remember how it felt holding your hand,  
Your hand was warm and it always will be,

I remember my birthday and when you came,  
It just made my world happier then ever,  
You always know when to make me feel special,  
And wanted when nobody ever wanted me,

I remember the night I spent in your arms,  
And how safe I always felt,  
Like are wings were spreading,  
And we could just fly,

When you had me in your arms,  
Everything was gone and so was everybody else,  
Like we where the only ones their,  
And the world decided to pass,

I remember the klub,  
Where we used to hang out,  
I remember every text message that was sent,  
And they always ended in 'I Love You'

# I Trusted You To Protect Her

I trusted you to never hurt her,  
But here you are claiming that you loved her,  
If you loved her, then why is she in pain?  
She trusted you to never leave her,  
But it was my mistake to Trust You to Protect Her,  
She is my sister, and you let her down,  
My mistake to give her to you,  
Because you lied to me you fake,  
You're a fake that's what you are,  
But it was my mistake,  
Because I Trusted You to Protect Her! ! ! ! ! ! ! ! ! ! !

Tin Mouse

## If I?

If I bleed,  
Will you be there?  
To stop this bleeding river,  
That's running inside me! ! !

If I die,  
Will you save me?  
From the monsters  
That are tearing me apart! ! !

If I scream,  
Will you be there?  
To hold me tight  
And say everything will be alright! ! ! ! !

If I cry in the middle of the night,  
Will you be the one?  
That is always there  
When there's nothing to fear! ! ! ! !

If I trust you,  
Will you trust me?  
To never hurt you  
Or to never run away! ! !  
Only If I love you! ! ! ! ! ! ! ! ! ! !

Tin Mouse

# Inside My Dreams

Once upon a dream  
I dreamed of where I would be,  
Then I woke up and found myself  
Laying next to you! ! ! !

Inside this hollow room  
I won't cry without you,  
Holding me close please stay  
I will try my best for my love to grow inside you! ! !

Upon your loving hand  
That caressing the face of mine,  
I will look inside  
Those eyes that have me entrapped  
And locked in one your gaze! ! !

Falling hard in love with him  
Won't he see that I can't breathe  
Without him,  
He has my heart,  
And my longing soul,  
Please tell me you will never leave  
This dying soul alone! ! !

Once upon a starry night,  
The moon it shines with a smile  
Upon me and you  
The light in your eyes  
Are fallen great without anything beside you

You are my dream inside the night  
When I wake up beside you

Tin Mouse

# It Starts With A Kiss

It starts with a kiss,  
That brings the world down,  
A kiss,  
That makes my body give in,

It starts with a kiss,  
And your hands,  
Slowly moving down my back,  
And lifting me up to put my legs around you,

It starts with a kiss,  
Our lips will do what they do,  
My lips will part,  
When yours do,

It starts with a kiss,  
With my hands through your hair,  
And with your hands on my waist,  
Man this world seems to quake,

It starts with a kiss,  
Man this is so fair,  
Your lips feel so good,  
On mine that just sit their,

It starts with a kiss,  
That makes the whole room stop,  
They see sparks fly,  
And the room glow in a light so pure,

It starts with a kiss,  
But when your lips leave mine,  
My neck feels their company,  
Then my body gives into you,

It starts with a kiss,  
Your lips seem to know what to do,  
Cause they are moving up and down my neck,  
Once that ends they find my lips again,

# Just Remember

Why do you say things?  
Things that make me think,  
But the things you say,  
Make me think that,  
That you really don't know,  
How much I think of you,  
And how much you truly really mean to me,

I sit here every day wondering,  
When will I ever see you again?  
Looking at the stars and always smiling for you,  
Because I have a sense of feeling,  
That you seem to see them too,

The sun always setting,  
And leaving us in peace,  
You always looking at me,  
With the smile that I always truly love,  
You're amazing to me in every single way,  
You say 'Love is something that will never find you, '  
But look right beside you and you will see someone,  
Someone next to you that does not hate you,  
A person that just wants to be with you,  
I am that person,

You try to always hide your feelings in,  
And keep thoughts hidden,  
But time says that you will open up,  
When your time comes to let someone in,  
Not everyone hates your guts,  
Not me anyways,  
I look over everything,  
And look at the pure sweet serenity light,  
That is hiding deep inside,

Don't listen to the whispering words,  
The whispering words of despair,  
Because love will find you,  
But I don't know if it will be me,

Not saying that my heart ain't already yours,  
And my soul sitting softly on your shoulder,  
And not being crushed by a thousand pounds of regret,  
I never regret the mistakes I made,  
And the times I always spend with you,  
Are never regrets?  
They are memories that will stay with me,  
Just remember not everyone is out to get you,  
Just remember that I love you, for who you are inside,  
Just Remember! ! ! ! ! ! ! ! ! ! ! !

Tin Mouse

# Life With You

Loving you is all I need,  
To breathe inside this hollow dream,  
Your mine I love you,  
With you, is my dream?  
Seeing you is day dreaming to me,  
But being inside your warm embrace,  
Is all I need to feel safe,  
This is always my life with you,  
You are my safe serenity,  
My living dream in this endless night,  
This will always be my Life With You! ! ! ! ! !

Tin Mouse

# Lines Forever

The line of life  
And the line of you  
Draws me close to you  
My heart it beats  
My heart it speaks  
Of my love for you  
I want you close  
I want you near  
The pain is hard to bear  
My lifeless soul speaks to you  
I'm living, I'm breathing  
For you to hear  
My heart is crazy for you  
My dear

Tin Mouse

# Lingering

Pulling my hair back  
Behind my ear  
Looking in your eyes  
There is no fear  
Only desire remains in sight  
Across the sky  
In endless flight  
Eyes so deep and pure  
You drive me crazy  
With your lingering touch  
Across the neck or back  
This sensation a striking one  
That makes me want to pounce on thee  
Just glad you don't know  
My worst one  
But I'm not saying it in this  
Poem right here  
It's a spot  
That you need to figure out I fear  
I just pray you won't find it  
If you do then I am in crap outta luck  
In this game with you

Tin Mouse

# Living Void

Forever void  
Lost in dawn  
Forever known  
My faith is closed  
In a sleepless dream  
Lost in you  
From sea to ocean  
From wick to flame  
Ash to cold  
I whisper words to you  
From heart to soul  
The angel falls hard  
Waiting, looking for you  
Close thee eyes  
And kiss them softly  
For only known once  
A Forever Void

Tin Mouse

## Tin Mouse

# Look In My Eyes

Why the words they keep playing,  
Inside the heart of mine,  
I can't get away the sound is too loud,  
The words they are speaking again,  
Saying the words to you,  
The words of I love you,  
Sleeping in a never ending time,  
Will you ever come and wake me,  
I want to be your Sleeping Beauty,  
But will that ever happen I guess I just need to breathe,  
Come save me,  
Don't let them take, I just want to be with you,  
Will you ever see what you mean to me,  
Just look in my eyes and you will see,  
What my life will be without you by my side! ! ! ! ! ! ! ! ! !

Tin Mouse

# Lost

Lost in dawn  
Lost in time  
From faith to heaven  
Come entwine  
Life and death  
Both unwritten  
Come to me a life to be

Tin Mouse

# Miss You

We will miss you here  
And we will miss you there  
In the other world it's not so fair  
And we will miss you anywhere

Tin Mouse

# My Christmas Miracle

Well here we go again  
I'm standing beneath the mistletoe alone  
Waiting for you again  
Every Christmas time  
I'm always sitting and waiting for you

I see you across the room  
I look at you with a smile playing at my lips  
Words waiting to say  
But nothing ever comes out this way

Its Christmas time  
Why are you waiting,  
For a Christmas miracle today  
When I'm standing right here close enough for you to reach

The snow is falling  
Come sit by me  
Everything is great you will see  
That miracles happen with me

So come on you're my miracle  
Come with me outside we will play  
Time to breath in the cold air to be  
You're my Christmas miracle today

Its Christmas time  
Why are you waiting,  
For a Christmas miracle today  
When I'm standing right here close enough for you to reach  
So take my hand lets dance away in the snow

But theirs this year that's still to come  
But instead of me beneath the mistletoe  
I see you standing there waiting  
For someone to come along  
And take that fresh sweet kiss

You see me, I see you

You smile, I smile back at you  
We both take a chance  
Never to break

Its Christmas time  
Why are you waiting,  
For a Christmas miracle today  
When I'm standing right here close enough for you to reach  
So take my hand lets dance away in the snow  
Into the midnight sky  
So take my hand.....

Tin Mouse

# My Dna Angel

I love how you know,  
When I am always in pain,  
I love how you see my DNA flow in me,  
You are My DNA Angel too me,

Your eyes they shine,  
Such a beautiful Hazel sight,  
So bright and pure,  
You are My DNA Angel,

Your short brown hair,  
Is so soft to touch,  
I love your smile,  
Of every Angels thoughts,

DNA Angel,  
Oh how I sub come to thee,  
And oh how I dream,  
Of being in your embrace again,

DNA Angel,  
My heart beats for you,  
When will you see that I was created for you?  
My heart belongs to you,

DNA Angel,  
You are strong and tall,  
My every essence,  
Was just made for you to only breathe,

DNA Angel,  
So light and pure,  
But even though you dress in black,  
You'll never hurt a deer,

DNA Angel,  
Please come fly too me,  
I want you, I need you,  
I need my angel's lips to breathe,

You are my DNA Angel! ! ! ! ! ! !

Tin Mouse

# My Intoxicating Dream

Here we are once again,  
Inside a place,  
Where my dreams begin,  
Inside my head,

Your touch,  
Is making my blood boil,  
And my lips tingle,  
And my checks turn cherry red,

My Intoxicating Dream,  
Is when you are with me?  
I love your smile,  
With every word you say,

My dream begins in a place,  
That my head has created for me and you,  
Your smile warms my heart,  
And makes it grow wings forever more,

Intoxicating Dream,  
Where a bed once laid,  
Don't ask me why,  
Because my dreams are never tame,

Your kisses sets my body on fire,  
In a flame that just engulfs us both,  
Intoxicating Dream,  
Just never disappear from me,

With a room that quakes,  
With every passionate kiss we make,  
Is an Intoxicating Dream to me,  
Just because you are right beside me,

Kisses that move slowly,  
From my mouth to my neck,  
You have awakened,  
A girl that was never inside me,

Intoxicating dream,  
Please never end, I beg and I plead,  
That this Intoxicating Dream,  
Will never Shy Away From Me! ! ! ! ! ! !

Tin Mouse

# My Ranger Knight

My Knight in shining armor  
Covered in silver plated gold  
From head to toe  
When night comes he gleams in the moon  
He shot his cupid's arrow through my heart  
My Knight in shining armor

My Knight in shining armor  
Can't see his face because it is covered  
By a deep dark Ranger's cloak  
Hiding in the shadows  
Of time in pain and  
Deep concentration  
My Knight of a Ranger

My Knight in shining armor  
When will I unmask thee?  
I can't hold back thy urge  
To take thee hooded cloak off  
Waiting for the time of sleep  
So I can shudder thy man  
In a graceful light  
My Ranger of the night

My deep and longing desires  
Are coming soon  
And I will never see his face  
From the dark of the moon  
Because of his cloak  
Hiding the desire of the race  
The chase begins in uncharted space  
Water rising to the sound  
Waves licking and raging like the salamanders around

Reaching for my Ranger Knight  
But he is holding back in the night  
Taking me with his adventure side  
My heart and body belongs to him tonight  
Covered in towering kisses

But his face is still covered in his cloak  
This man is my Ranger Knight

Deep shadows of darkness blue  
Still in the arms of my Ranger Knight  
Wanting to unmask this man  
And I will beg him to never let me  
Go from his site  
Cause he is my Ranger Knight  
From the NIGHT

From the night and to the sun  
I long and wait  
For his touch that brings longing sensations  
From day to night  
He took my soul  
With his Rangers side  
Smothers me in deep de found Kisses  
From Night to day  
I am his to stay  
From here and today  
He will always be my  
Ranger Knight of the dark of today! ! ! ! ! ! ! ! ! ! !

Tin Mouse

# My Sleepless Angel

Sleepless angel is my twin,  
She means so much to,  
Me in the very end,  
I will not lose her in a fight of life,

We are twins can you see,  
That my sleepless angel means so much to me! ! ! ! !

Tin Mouse

# My Soul

I try to find something,  
Something deep within me,  
I know it's not in my heart  
Cause it is shattered into a million pieces  
I don't know where  
My soul is because it is gone  
Is it floating above your head?  
In the midnight sky  
I do not know where it is  
Because I have no  
Control over it any longer! !

Tin Mouse

# Never Ending

Living in this void  
Is just a crime  
Never good enough for you  
Is my demise  
Never equal in anyone's part  
Treating me like someone different  
Tears me apart  
Never good enough for anybody  
Tears always roll down my face  
Trapped in this eternity  
Is never ending to me! ! ! ! ! !

Tin Mouse

# Never Stop

Blue eyes so deep  
And touch so warm  
Security breathes from  
Your very essence  
Always caring  
And never leaving  
Only joking in time being

Always holding me  
Close to your heart  
Never stops beating  
When we are apart  
Close and always touching  
I will never stop beating for you!

Tin Mouse

# On A Peaceful Night

Peace to all the people  
That can stay with me  
One to stay  
Out of the darkness  
And into the light  
To look at the stars  
They are all so bright  
Out shines the moon  
On Christmas night  
Here comes Claus  
Down the chimney  
Into the room of fire light

Wish you could  
Stay on Christmas day  
With all the people that love you  
To light the Christmas tree

Look at the snow that's on the ground  
Look at all your wishes fly to the ground  
Waiting for you to give the go  
To walk the world that nobody knows  
To live for freedom  
And peace and tranquility  
From the different dimensions  
The worlds are the same  
On Christmas day  
To wanting to land  
On a peaceful night like this  
Watching the stars dance  
Listening to the moon sing  
To the soft song of the sky  
On this peaceful night

Tin Mouse

# One World With My Friends

Books to bind  
Flowers to grind  
Everything in the world  
Is to collide into one  
And one world to believe in

For as my life is there  
Or as my life is to be here  
I can not stay  
I have no doubts  
And my ups and downs  
I always know I have my friends to be there  
When I need them  
Or whenever I am down  
Through the hard times and the good times  
I always have one world with friends to believe in

Tin Mouse

# Pain

Always in pain,  
Never to regain,  
You beat me down,  
Instead of raising me up.  
I was a doll that's all I ever was,  
I live in fear with bruises  
Covering my skin,  
I try so hard to hold it in,  
But it never listens with what was in  
Pain inside with blood exploiting  
In every crevice inside my head,  
You left me to die,  
With all this pain,  
You know I'm just small,  
With nothing to care  
About this lifeless body on the floor,  
I hope you're happy  
That I will never be alive again! ! ! ! ! !

Tin Mouse

# Praying

Praying again when  
And where will I find  
You this time  
Lost for eternity  
The life I once lived  
I took the life I once had  
Long and lost forever  
You bring me back  
And I cry all night in your  
Caressing arms  
Agony coming to live  
In my heart to play  
God I dream of  
A life that will let  
Me live for him  
And live long without  
To much pain  
Playing this game  
Forever and always  
I want to live  
And be with you  
Playing this game  
That hurts the two  
Pain and pain again  
Of heart break  
Always around the corner  
Of a sharp edge of a brick wall  
Just wanting tender hands  
And a tender heart  
Always praying to you  
God almighty make  
My life's dream come true  
And I will live for you

Tin Mouse

# Savior

My Savior  
My regaining light,  
Dark blonde hair,  
And lovely aqua eyes,  
Soft hands that touch mine,  
You made me believe  
That I could live again,  
With no more pain  
Bringing me back from  
The wondering death  
That I once was in,  
Safe with you in  
Your warm embrace  
Save me form this?  
Dying chase,  
Of lovers sprawl  
And lovers fate,  
You're my savior,  
My only one,  
That I will love! ! ! !

Tin Mouse

# Scarlet Dream

Sleepless in Ash  
I see a face  
Long Before the time  
Of wasted space

Living in dreams  
Close to tears  
From Dawn to spec  
Of dirty nothing

Wasting Away  
From space and time  
Living in fear  
For a long time

Love is far  
Love is near  
But to close to reach  
And to Far to fear

Living from fallen nothing  
Fallen clouds  
Waste Away from  
Traveling air

Spring to life  
A distant fear  
From lifes  
Drawing Scars are near

Dust and ash  
Living Ghost  
Take away the pain I fear  
A Scarlet letter

Living Dream  
And Waiting fear  
A sleepless Ash  
To disappear

For the signal  
Of light of you to bear  
Fallen wings  
I dream to see

Walking along  
The bloody shores  
Scarlet sea shells  
Dance along

Scarlet dream  
Wake me  
From this  
Night Mare to be

Tin Mouse

# Seeing Him Again

Seeing you again,  
From the day I left to California,  
I was gone and thinking of you,  
You always make my heart sing,

Gone to Cali and taunting you their,  
But you always taunted me back,  
So it was just only fair,

With you and your kisses,  
And a long sleepless night,  
When we saw each other,  
We kissed until night,

I didn't want to leave your arms again,  
But I had to go home,  
And face my terrible fight their,  
Time and time again my fox is with me to the end,

Loving him with all my might,  
He makes me smile,  
In my endless night,  
I loverz him and I hope he loves me to! ! ! ! ! ! !

Tin Mouse

# Shadows

The time that I see  
Is nothing but a memory  
Trying hard to see  
But you are blocking me  
The shadows you create  
Are pulling me in  
Changing my life again  
Taking away what I have once loved  
Why do you make me bleed?  
Why won't you let me be me?  
Taking this pain and never going back  
Time fades away from me  
And your shadows are just a memory

Tin Mouse

# Share My Life With You

When will you notice?  
That you are a friend too me,  
That decided to be a brother,  
Now you mean so much more to me,

You mean so much more to me,  
More than a friend ever should be,  
You kissed me,  
And now my heart is trapped,

We shared a kiss,  
But it felt so much more than that,  
But now all I want to do,  
Is share my life with you,

But I want to ask you a certain question,  
Do you still have feelings for her?  
The one that trapped you,  
And broke your heart in two,

Can I ask you another question?  
Would you let me mend that heart?  
I want to keep it safe for you,  
Not all girls are as bad as her,

Like me even though you broke my heart once,  
Saying that you didn't love me like that before,  
But know look at you,  
You asked and you kissed me,  
And my heart is pounding through every kiss,

And know my heart is fluttering,  
And it will never stop,  
Every time I think of you,  
My heart just wants to stop,

When I think of you,  
My heart flutters,  
And turns my cheeks pink,

Now all I want is to be yours,

I love you,

And I figured that out not to long ago,

Just hope you figure it out soon,

Before you fall with her again,

Just let me share my life with you! ! ! ! ! ! !

Tin Mouse

# She's Yours To Hold

Look for the girl  
Who's sitting alone  
With no one to hold  
Except for her sanity

Look at the stars  
Their shining for her  
And she's waiting for you  
To come along and hold her close

So take her hand  
And pull her close to you  
Give her a kiss that she'll never forget  
Cause you know she's yours to hold  
And never to let her go

So come on lets go  
Look for the girl who's been crying all night  
Next to the fire light  
And with eyes stained red  
From never sleeping again

She's wearing a bow  
And she's ready to go  
And all she's doing now  
Is waiting for you to come  
And hold her close

So take her hand  
And pull her close to you  
Give her a kiss that she'll never forget  
Cause you know she's yours to hold  
And please never to let her go  
No more crying for her

Just look in her eyes  
They are as deep as the sky  
No sins to over take her  
She's just waiting for you

She's sitting by the fountain  
Wishing for her dreams  
And wondering  
Will they ever come true  
You know what to do

So take her hand  
And pull her close to you  
Give her a kiss that she'll never forget  
Cause you know she's yours to hold  
And never to let her go

Yeah you know  
She's yours to hold  
Will you please never let her go  
Never let me go

Tin Mouse

# Take My Life Away

Take my life away  
No more to breath  
Loving you was hard enough  
Time and time again  
So take the pain away  
No more to bear  
No more to fear  
Take this pain  
To heart to bear

Slicing and dicing  
My skin so fair  
Scars are left  
Where my heart did tremble  
Quaking in fear  
Falling in the dark  
For darkness to swallow me whole  
So take my life away

Pain gone  
Pains come again  
No where to hide  
No where to run  
No where for me to be with you  
You shot me down again and again  
Life's to pain  
So TAKE MY LIFE AWAY! ! ! !

Tin Mouse

# The Boy

One boy, two girls  
One says hi  
The other says bye  
And all two entwine  
They say we go together  
But that's not true  
When he leaves I cry  
When the boy turns  
This way I wipe them away  
The two girls say goodbye  
I cry, I live, I die  
I turn away and say goodbye

Tin Mouse

# The Keeper

A keeper that's what I am,  
Who's heart has been shattered again,  
The moon was my home,  
But now it seems so far,

To the beginning to the end,  
This fighting never ends,  
The fire is burning,  
Totally consuming,

Eating me alive,  
The dagger I see it shine,  
In the fading moonlight,  
That once was and that will never be again,

The heart me,  
Is fading slowly forever and eternity,  
The blood that once filled me,  
But now just consumes me,

I am the Keeper,  
A soul I must protect,  
Even when my heart is in distress,  
The crimson moon drowns out the Keeper!

Tin Mouse

# The Last Kiss

The last kiss  
Saved for last  
When I pass away  
Through the light  
That's waiting for me

The light is bright  
I hear people  
Calling me  
Waiting for my time to come  
Waiting for you to let me go

My last kiss  
Will not be your last  
It's my time to go  
Not yours to pray  
Please don't follow me this time

The last kiss  
You gave me  
I feel again and  
I didn't want to go

Holding my hand  
I hear a soft whisper  
"I love you please don't leave me."  
But passing this light  
But it won't let me go through

The lovely guy that I once known changed  
His heart let go and grew wings  
The last kiss of mine  
Was from my lovers lips again

The last kiss  
Of my eternity  
Never leaving  
My lover's lips from mine  
My last kiss gone forever

## Tin Mouse

# The Pain You Left On Me

How many times do I have to say?  
That I don't want to suffer anymore,  
I hurt and I'm tired of everything,  
I'm tired of the scratches,  
And the bruises that dance on my face,

How many times can you make one person suffer so much?  
When you make them want to pass away,  
Scratches on my arms,  
And bruises on my face,

You threw me like a doll,  
With pain stricken across my back,  
When I hit the wall,  
Bleeding tears of pain that's rising,

Throwing me on the floor,  
Bones are breaking down,  
And this heart is shattering to the ground,  
You just let the devil run me down,

You're supposed to love me,  
Not hurt me or let me drown,  
Why do you do this to me?  
When you see my face hit the ground,

Bleeding inside this peril,  
Of dying monarchies,  
My life is just a lonely doll,  
That only gets thrown to the ground,

I try to hide the pain,  
So no one will ever see,  
But how can I hide?  
The scratches you left on me,

I see the hellhounds,  
I guess I'm close to death,  
When I try to breath,

It just only hurts me more,

Only one person knows,  
The pain you have given me,  
I guess you don't care,  
Because my friends always see,  
The pain you left on me! ! ! ! ! ! !

Tin Mouse

# The River Of Blood

I slowly see my heart float away,  
As it drifts down the stream of agony,  
Why must you keep ripping it out,  
As the day goes by my blood from my heart slowly fills the river,

The tears they slowly fall,  
As I look at the stars,  
As they slowly go,

The words they leave me,  
In my time of need,  
Why must you do this to me?  
Why must my heart Suffer and bleed?

The words you said,  
Are pounding in my head,  
Falling apart,  
Is about to begin,

My heart it breaks,  
No its not a fake,  
I watch it fade,  
Down the rivers way,

The river makes my heart float away,  
To become an empty shell,  
Never to be whole again,  
I thought we were to be,

The river takes my heart away,  
Taking it down very far away,  
Out of mind and out of sight,  
Never to be seen again,

The River is Full of my bloody Heart,  
Bleeding its way down the way it once came,  
The river full of blood,  
Once was clear but no more to be for it is,  
Now a Bloody River To Be! ! ! ! !

## Tin Mouse

# This Is What You've Done

I'm gone,  
You drove me to go,  
I hate that I can't stay any longer,  
My grave will call again,

No heart,  
Just pain that beats on and on,  
The only thing that beats,  
Is the heart of my friends,

They keep me alive,  
Alive and well to breathe,  
And they always see the pain,  
That you scatter on me,

Why, why must I scream?  
Scream in agony,  
I can't handle this,  
Will you just let me leave?

You're the reason I drive myself to cut,  
You're the reason I want to die,  
The only reason I won't die,  
Is because my friends keep me alive,

You drive me in pain,  
And let the worthless words regain,  
Just bury me,  
And let this suffering come to an end,

You never wanted me,  
All you did is let me bleed,  
You're supposed to love your child,  
Like all parents should,

This is what you've done,  
You just let me bleed,  
So there is no more blood inside of me,  
I hope your happy because,

# To Be

Love is death  
Love is life  
I tried to forget  
The unwinding road  
Of love that's passed

Life it hurts  
Death is pain  
For all we know  
Of loving pain

Distant past  
Distant future  
For life to be  
That comes to me

Living life  
Living death  
It hurts too much  
To see your faith

Loving eyes  
That looks in mine  
Pain to bear  
When you disappear

Living with you  
Is pain enough  
From chirping birds  
To crashing cars  
Life with you  
Will disappear

Tin Mouse

# To Dance In Crimson Red

The moon that once was full,  
Fades slowly away into the night,  
It was nothing but a memory,  
Of a heart that once was so whole,

The pain of yesterday caught up to today,  
Bring her to her knee's,  
And try to save her,  
As they watched her bleed,

With her heart in her hand,  
She was never whole again,  
Though she tried,  
The pain just kept seeping in,

The pain of yesterday,  
Is shrouded by today,  
Causing vision to dance,  
To dance in Crimson Red!

Tin Mouse

# Trapped

Life can be harmless  
And life can be great  
But life right now  
Is hard to contain

I try to hold in  
My unusual thoughts  
That grind against  
My mind

I try to find a place  
Where I belong  
But its hard to find

So you see me  
Know I disappear  
For no place to go  
I cry you hear

I can be  
A person with  
My own personality

No matter how  
Hard I try  
The words are demissed

The feelings are  
Washed away  
From me once more

No matter  
How hard I try  
I fall to pieces

No matter  
What life says  
I will always  
Be trapped inside

## Tin Mouse

# True Lovers

When I see you  
My heart flutters

When I miss you  
I think of you

When I die  
My heart burst for you

When I think of you  
Many things to my wonder open up

I wait to see you  
I wait and long for you

I wait for your smile  
I wait for your eyes to look deep in mine

I wait for you and  
My hurting soul wants you close

My heart yearns for you  
My lips long for your kisses

My soul fits yours  
As yours fits mine

Many days and many nights  
I wait to be with you

My lover your mine  
My lover I am yours

So take me  
The world I'm yours

Tin Mouse

# Twin

Never apart,  
Only when you moved,  
It hurts my soul never seeing you,  
I try not to cry,  
Because you are part of my life,  
Never fighting with one another,  
Always there when we need each other,  
One of the people in the world,  
That brought me back to live in this world,  
My twin you see  
Even though we were almost apart  
From both are realities,  
She has my heart and soul  
Living on with her as she goes,  
My Twin I LOVE YOU AND I MISS YOU WITH EVERY SOUL: (

Tin Mouse

# Using Me

Using me  
You made me bleed  
I confessed my love to you  
And you buried me  
Using me

Using me  
Was your loving quarrel  
No fault in you  
Not no more to me  
Using me

Using me  
I thought you loved me  
And you broke my wings  
I was too blind to see  
Using me

Using me  
Just a tool to you  
Nothing more than that  
I was flying and then you shot me down  
Using me

Using me  
Nothing more than a doll  
To be played with,  
To be thrown away,  
To be burned,  
Your just using me.

Tin Mouse

# What

My life is down  
And my heart  
is shattered  
because you  
are hurt  
and i cant do anything  
to help u through  
your pain  
you know i love u  
but this distants is hard  
so please  
stay safe  
whatever we are

Tin Mouse

## What Is This

The places I have been  
Are calling me and you  
To come to where we belong  
I love you  
And you love me  
They know that  
Is why they want us  
To go to them  
To where we belong  
They wont let us leave  
They want us to stay  
But where can we go  
They are trapping us  
They wont let us go  
There should be a passage but there is not one  
The pain is coursing

Tin Mouse

# What Is This Feeling

My heart races,  
With every thought of you,  
My lips tingle at the,  
Thought of your lips on mine,

What can this be?  
Is it imaginary?  
Did I make it up?  
Or is it real that it can never be forgotten?

I love you,  
That's all I know,  
But when you are gone,  
I end up falling through,

When I see you,  
My heart rises to my throat,  
And my cheeks turn red,  
What could this possibly be?

When I try to forget,  
When I am going to bed,  
My mind just races,  
But in the end I don't want it to end,

Please don't leave me,  
I don't want you to go,  
Is this what true love is?  
I just want to know!!!!!!!!!!!!!!!!!!!!

Tin Mouse

# Where Do I Begin

This blood is flowing,  
But it wasn't mine,  
The moon is crying,  
It wasn't my time,

The screaming begins,  
And the walls cave within,  
I'm falling and slipping,  
On the blood running,

The darkness is coming,  
I feel its hungry growl,  
Searching for the blood,  
Of the lost fallen souls,

I was shining once with you,  
The moon screams and calls for me,  
As I slowly fall and fade,  
"Come back to me! "

I hear the words of everyone around,  
Holding my ears tightly shut,  
When will the sound drown out,  
I want and long to be free,

The blood flows down the walls,  
Come chase these chains away,  
Im chained and falling,  
Drowning In this pool of blood,

What the hell is going on,  
Who are you?  
Where do you end?  
And where do I begin!

Tin Mouse

# Which One?

I was kissed,  
By a guy,  
By one that is not supposed to love me,  
But he is tearing my heart in two,

I love someone else too,  
Someone besides him,  
One is my wolf,  
And the other is my fox,

My fox kissed me,  
And he asked me before he did,  
Does that mean he loves me?  
I just wish my heart would choose,

My wolf I love him,  
But I have know idea if he loves me too,  
He only teases me, like little children do,  
I just wish my heart would choose,

My heart thuds for both,  
But I don't know which one to choose,  
They both protect me like lovers should do,  
I only just wish my heart would choose,  
Which one will it be?  
I just hope they are not memories! ! ! ! ! ! ! ! ! !

Tin Mouse

# Why Must I Always Get Hurt

Why must I be told these things?  
Why must it hurt me?  
I guess because the reason it hurts me,  
Is because you're not the one telling me,

They are the ones telling me,  
They are telling me that you kissed them,  
Why are you kissing them?  
The only thing I wonder is,  
Do those kisses mean anything to you?

Well I wouldn't know if they mean anything,  
Because I am not their to see your reaction,  
It hurts me that you do this,  
When I thought you liked me,

I already have issues of trusting people as it is,  
But when they keep telling me these things,  
It just makes my trust diminish more,  
Keep diminishing more till nothing is left,

Why does this always happen to me,  
When I think I could be happy,  
It just makes me bleed,  
But I will never leave you,

Even when you do this stuff to me,  
I will never leave you,  
One day you will figure out soon,  
That somehow some way,  
You will see that you are kinda hurting me!!!!!!!!!!!!!!!!!!!!!!

Tin Mouse

# Why Must I Cry

How can I confess my love to you?  
When you don't even want to see,  
Inside this pain, I will cry,  
For what you are doing to me!

How can I breathe a life with you?  
When all you do is run away,  
In what life do I have to show you?  
That I am no longer afraid! !

How can you say I don't love?  
When you are the one I dream about,  
How can it be proved?  
If you won't even open your heart to me! ! !

Why must I cry in pain every night?  
If you won't shed me some light,  
Shed me some light,  
Don't leave me here alone to fight! ! ! !

How can this battle be won?  
When no one wants to give up,  
Don't let me die, inside this night,  
Not in your arms tonight! ! ! !

How can this be over?  
When nothing was ever started,  
When I love you and  
You just decide to run away! ! ! ! !

How can you now just start loving me?  
When I turned away and walked,  
I cried when you didn't stop me and,  
Now I live astray! ! ! ! ! !

How can I show you I truly care?  
This isn't fair, why do you keep running?  
Are you too afraid to show your love?  
Why must I die for you to show your love! ! ! ! ! ! !

I have tried with all my might,  
But you never seem to care,  
Only when I disappear,  
Why must I fight! ! ! ! ! ! ! !

You are my knight when will you see?  
That you mean so much to me,  
Why must I cry every night?  
When theirs nothing for me to fight! ! ! ! ! ! ! !

I will fight for you,  
When the tears go away,  
Hold back the pain that,  
I hold inside me forever more! ! ! ! ! ! ! ! ! !

If there's a chance,  
I will take it,  
For right know the question is,  
Why must I cry without you?

Why must I cry?  
When I don't know how to fight,  
I want my knight,  
Forever in his armor! ! ! ! ! ! ! ! ! !

Tin Mouse

# Why You Shouldn'T Love Me

Why should you love me?  
You should not love me at all,  
All I bring is destruction,  
To us all,

I don't bring happiness,  
Just only pain,  
Just only chaos,  
In this world of pain,

Do not love me,  
I don't deserve your love,  
Because if I get your love,  
Then instead of dying destruction,  
I will cause my death instead! ! ! ! ! ! ! !

Tin Mouse

# Will You

I cant ask you to stay  
but you can do the same  
stay here  
or not  
will you be here to save me  
from all the dangers  
in the world  
i think not

Tin Mouse

# With You

with you today  
with you tonight  
stay with me  
and i will be alright

Tin Mouse

# Words Without Flowers

Words without Flowers in my time of need,  
I just want you close to comfort me,  
I want to cry, I want to die,  
Please come save me from this night,  
Words without Flowers,  
Is what I try to be?  
But I want you by my side always,  
For an eternity,  
Flowers are sometimes sweet,  
But I want the words to dance across my cheeks,  
Never to hurt me and never to cry,  
You are my lover of the night,  
Words without Flowers,  
I will never die,  
Because you always will be with me,  
Words without Flowers is what I want to be,  
No pains, no lies, just my love by my side and  
Always to be Words without the Flowers! ! ! ! ! ! ! ! !

Tin Mouse

# Worthless

Worth nothing to you so I cry  
Inside this night, I want to die  
You said you cared,  
But you really don't  
Always at fault  
With one single note  
Beaten with bruises,  
And beaten with pain  
How can you say I'm always to blame?  
When you only see the bad,  
It always puts me to shame,  
Worthless to you,  
Nothing to live,  
I want to die,  
But you won't let me leave  
This life is mine to live  
Let me die inside my pain  
Your always ashamed of who I am  
Why do I have to be worthless?  
You told me you can't wait until I am gone  
Make your life easier to drawn on and on  
I'm hurting inside can't you see  
That you are always letting me bleed  
Always at fault,  
With nothing to give,  
Please just let me die again and again! ! ! ! !

Tin Mouse

# You Always Mean Everything To Me

You are the stars  
That I see  
Across the sea  
You mean a lot to me  
So don't runaway  
Just stay with me  
And I will hold you close  
Until the time may end  
But you will always mean everything to me

Tin Mouse

# You Are

You are the love  
And you are the light  
You are my friend  
Through this fight  
You have my soul  
Wherever you go  
Love is you  
Life breathes you  
You walk the shores  
Of the ocean floors  
You walk the moon for you  
To roam  
You like the air  
That you and  
Only you breathe alone  
You are my soul and you are my mind  
I love you with all that's mine

Tin Mouse

# You Deserve To Be Loved

I look at the stars every single night,  
And always think of you,  
In my endless sleepless night,  
You are everything that is inside my dreams,

Most people think I am crazy,  
They think I am crazy in the tone,  
That I talk to anyone about you,  
My voice is always kind and gentle,  
When I talk about you,

I love the way we talk about things,  
Like there is nothing ever between us,  
We talk, we laugh, and we never cry,  
I love everything about you,

People try telling me things,  
They try to make me stay away from you,  
Because they say that you don't deserve anyone's love,  
But I believe you do,

I believe that you deserve love,  
And that love will always find you,  
When I am right next to you,  
I want you to know you deserve to be loved,

YOU DESERVE TO BE LOVED,  
And never to be hurt,  
You deserve the smile and the giggles of a loved you,  
YOU DESERVE TO BE LOVED!!!!!!!!!!!!

Tin Mouse

# You May Look Like Him But Your Not Him

You are not my dad,  
You may look like him,  
But she has changed you,  
Into someone I do not no anymore,

You said you hated me,  
That's not what my dad would say,  
You told me to get out of your face,  
So I did,

I did get out of your face,  
I hid I hid in the basement,  
Where I cried,  
Until I almost fell asleep,

If you were my dad,  
You would be by my side,  
Not by her,  
And you would protect me,  
Like a real father should,

But you don't protect me,  
You don't want me anymore,  
You say I disappoint you,  
Well guess what you disappoint me to,

My heart is tarring,  
When I am writing this,  
Because you are my father,  
And I am your flesh and blood,

But I guess that doesn't matter anymore,  
Because both of you guys,  
Take my Crimson Blood,  
To where there is no life to bear,

You are not my dad,  
You still may look like him,  
But she has changed you,

# You Will Never Let Me Die

Trying to fill,  
This empty void,  
That is always inside me,  
When you are no where to be found,

I eat that's what I seem to do,  
Because there is nothing filling me through,  
Standing alone,  
My love for you always seems to grow,

I am always sitting alone,  
Hiding my feelings,  
While they grow,  
I don't want to hide them anymore,

You make me strong,  
Instead of weak,  
You make me smile,  
When I can't even speak,

You make me laugh,  
When I want to cry,  
And never come alive,  
You are everything to me,

You make the tears go away,  
Every time I think of you,  
You bring me peace,  
You are everything to me,

I love how your hair,  
Seems to do what it wants,  
I love how you speak to me,  
Like no one else does,

Your voice is always smooth to me,  
You treat me like a lady,  
Even when everyone treats me,  
Like a tom boy, Ain't no one every so sweet,

# You, Me What Does It Mean

The words that I  
Write and the songs  
That I sing  
Are nothing  
But a memory  
You are here  
With me  
The angel that  
I see  
You become  
A part of me  
I see your eyes  
The way they  
Glisten in the  
Moonlight it  
Loves your eyes  
It sees your face  
I love your smile  
As you love mine  
You are a part of  
Me  
From the divine  
You're with me  
My divine Spirit,  
My Soul,  
My Princess,  
My Heart, My Soul,  
My Heavenly Sister  
From above  
You are my life  
And my soul to become  
As one through the  
Eternity the life  
We seek is but a dream but what if it is  
Real from the dreams we breathe

Tin Mouse

# Your Always Missing

Something Strong is living on  
Even though you're gone  
When I cry my tears  
They create rain for you  
Because you're gone

I'm sitting by the bed side  
Where you once laid  
Many days I cry myself to sleep  
And the rain comes to play with me  
All I want is just you near

Missing everything that I want to share with you  
Every time I close my eyes  
I close my eyes with you  
And I see your face next to mine  
And the rain is above my head tonight

Missing words of lullabies  
Sweet tender voice is silent  
Rain comes to play  
With lightning always striking  
And your always missing

Walking in the park  
Clouds always gray  
Time with you was gone too soon  
And there's only tears and rain  
So what is left to say today

Trees never swaying  
Plants never growing and dancing with you and me  
The rain is always here  
It's never that comforting to me

Missing words of lullabies  
Sweet tender voice is silent  
Rain comes to play  
With lightning always striking

And your always missing

I just want to see you again

Singing a song with me

Never again to dance in the rain not without you I won't

No more playing for me

But the rain is playing with me

Missing words of lullabies

Sweet tender voice is silent

Rain comes to play

With lightening always striking

And your always missing

Never to hear the silent cries

Only angels seem to hear

I'm guessing your up their too

But is the rain playing with you

Missing words of lullabies

Sweet tender voice is silent

Rain comes to play

With lightening always striking

And your always missing today

Your always missing from me

And the rain is crying with me

Tin Mouse

# Your Mine

You are my wolf  
You are my heart  
But wherever you go  
You will always have my soul

Tin Mouse
