Troy Ulysses Davis(08/23/70)

Forty two years old. Avid reader and amateur poet.

Alphabet Ode

Twenty-six characters, worthy of marriage.
Enlightened factors, ignorance embarrassed.

Managed to summarize the ways and means
of our loves while keeping us entertained.

Taken for granted, parents of languages,
ours, others. Legitimizes laments.

Essayist, becoming saviors with their appraisals
Bless us vestibules of verses

Still treasure, thus value, captivity's comfort
'Savages' sounding so eloquently triumph.

Troy Ulysses Davis

Arachnids

Gestapoism
Tyranny, Nazism
Aryan casted

Litigators, Leins
that border on extortion
Judicial dragnets.

Sudtle surveillance.
A threat to capitalism,
landowners, profits.

And even tarantulas
have inspired odysseys.
Survive Web intrigue.

Education

Majors that could of made you president.
Bachelors and bachelorettes now worthless.
So urgent the credit at the start
of the financial trek into slavery.

Generally worthless and overhyped.
Approaching midlife and desiring privacy.
Preferring research and personal academia.
Still continues, these skirmishes to ponder.

Troy Ulysses Davis

Enjills

Persian serpent surplus lust
overtook the colored, became the dusk.

Asher and Lestat, Anne Rice matters.
Werewolf triads, solidarity with Vau empires.

Tyrants misfire silver bullets throughout the millinium.
Cures to resolve illness, death, rival delinquents.

All in unison owe their existence to the Elohim

Exegesis And Expository (Sonnet)

Zeal for God is still somewhat frightening.
Abandoning worldly appreciation.
Temporary thrills, cherished sensation.
Adversaries yoked, contained fighting.

The power of the word is enlightening.
Diasporas of a chosen nation.
Ingredients for new occupation.
Abba desires even in writing.

As startling as triage statistics.
Coexistence amongst new pestilence.
Healing radius hunger by fishing.

Pondering, reading as scientific.
Scholars insisting, remain vigilant.
So many ways to raise a physician.

Troy Ulysses Davis

Exiles (Acrostic)

Exiles extorted.
Xenophobia eliminated
Independence of indigenous habirun.
Lords glorious even
Echelons whom extorted
Surplus under alleged Lord's order.

Troy Ulysses Davis

Faux

The poems are cards.
The game is Bard.
You're dealt a pen,
Papyrus, longhand ability.

You can journalistic
or paint a picture of
beautiful confusion.
Place percussions in your lines.

Trumpets challenging guitars
to a duel. The tempo is get up
and bard dude. It suits you.
Lightweight ruse.

I canvas manga
titan tango.
Monie Love, Slick Rick.
Coming to America.

Def leopard's Hysteria
not far behind them.
The Wee Papa Girls
lost in the shuffle.

Dorchester gets all that
just Ester. Every Joker,
Jester angled up and
Molested.

Tarantulas, widows, arachnids.
Defunct TWA business.
New planes. Old webs.
The watch it is to catch Spidey.

Diplomacy is now a felony.
Macys sued and won!
Scholars of etymology yell
Retreat as rad lore is born.

Troy Ulysses Davis

Fit Nuisance □ (Sonnet)

Poetry is the new relay races.
The six mile treks, crosscountry running.
The new stress release finally coming.
Stretching ready to perform, tight laces.

Reviews and new poetry appraisal.
All the while babysitting younguns.
Municipal concerns the next summons.
Extortionist can legally face us

Yet wondering whose on the track now?
Six month dodging fitness for family
How does one hundred calistetics sound?

Warriors returning to training found
protesting occupation candidly.
Forty miles weekly, so now I lounge.

Troy Ulysses Davis

For Labor Advances

We abandon poets, dancers,
singers, preachers.

In our labor advances
there were breaches.

We abandoned soldiers, politicians,
fitness enthusiast,

beauty queens, thespians,
cheerleaders gone grassroots.

We abandoned athletes, drummers
focusing on numbers, peridot line colored.

Copper, silver, democratic Demetrius.
Silliness, we abandon leaders.

Acrostic protest sign creating
for labor advances gladly.

We abandon social workers
trying to save us, patriotism.

Directors capturing moments of life,
Vaudevillians, media musing, scribes.

Premature hospice practitioners, abandoned.
Fellow philanthropic, enchantment analyst.

We abandoned champions, managers,
for labor advances, glamorous ships, admirals.

Troy Ulysses Davis

Golden Terminology

Cants sophia, air and papyrus.
Perfect balance of translation.
Candid manuscripts on canvas.
Outstanding usage of the English language
in all our grammar abandonment.

Only knights of Queen Elizabeth lament.
Under trees for days, raking in September
to themselves later laughing.
Basking in moments that we loved forever.
Recorded by time, the angel's treasure.
An infant, keeper of ledgers.
Autumns being golden terms,
possible misspellings.

Troy Ulysses Davis

Howard Be Thy Name

I'm Aaron with an inkpen Moses without it.
Too easy to demonize, little time for dictionary memorizing.

The irony of poetry refining the monster that is Mister Hyde.
Monsieur Hadith? Augure from ogre? Diamond mining, etiquette practitioner.

Last to write on fiction, fascinated with new diction, wisdom, style, substance.
No reason to desire wanting to sound like an idiot.

Twenty years for a crime you didn't commit because you sound like you did it.
Typecasted and stigmatized as ignorance and violence

Tyrants capitalize on the obvious and insist it's our natural selves.
When even bodybuilding and fitness enhances discipline.

You would think the smartest is the best conditioned.
Handled the most resistance, mastered the principle.

Psychological jujitsu just to tolerate?
Sounds like something that'll inspire poets

Troy Ulysses Davis

I don't want to
hurt with words.

I don't want to

It's just too much

If I had a quarter for every encounter
with an extortionist I had to self monitor,
I would of already built an orphanage.

Labor (Cinqku) #2

Working
hourly
for survival.
Almost obtained my
Freedom.

Troy Ulysses Davis

Labors Of Scribe Treats.

Writing poetry, graffiti, cartoons.
Fantasies of writing manga looms.
Development of graphic novels
in one take, rough draft desires.

New circus act, working jack
evolution to productivity max.
Workaholics never grow exhausted.
Nonsense is being employed, empty coffers.

Aloftness desires, rebuttal jaded.
A manuscript walking through city slums.
Assessed by buzzards who would love to
charge for the appraisal, plugs.

Chaos and Charleston, ostracizing.
The citadel revived and colored.
Policy driven, economically deficient.
Monarchy or Monastery, extortion mechanism.

Lamentations layered in luxury
Comfortable cants, craving a certainty
that has always be obtained
Redirecting myself, mindful of casting blame.

Love Poems (Mirrored Acrostic)

Lamentations over historical evil
Oligarchy an eyesore of the barrio
Venus, the planet, the temperature, Dev
Earth, the ear, embryo, trimester, safe

Performing the ritual of labor. Cramp.
Oh so close to an inferno
Eros works for NASA ire.

Troy Ulysses Davis

Major Declared (Senryu)

More than note taking
Justifying ourselves.
Readers rejoice.

Troy Ulysses Davis

Marathons (Mirrored Acrostic)

Muses inspiration in preparing a poem.
A length of time. A certain agenda.
Reading to improve, registering on the radar.
A poetic troupe from Europe, Africa, Asia.
Theatrics magic, an intellectual treat.
Homage, honesty, romance, a bash.
Open the heart to a different improv.
New poets done? Gone too soon.
Such is the stage, an everchanging class.

Troy Ulysses Davis

Meanwhile In (Tercet)

Czar ousterism.
The modernization of
Zoroastrianism.

Troy Ulysses Davis

Memorial Days

Memorial Days are for writer's block.
Journalistic spirits that lost their gust.
Gymnasium visits that lost that D Amato, Cus.
Not being Carl Lewis tough any longer.
The spirit of Olympia, world on your shoulder.
At last you can throw boulders via script.

Pens that saved lives. Cured stage fright.
Monitored bickering with short measurements.
Balking at ten dollars a pen prices
as laughing chairman consider that cheap
at poetry readings. As sharp as you dress?

Memorials. Thirteen orals and you're touring.
Oracles memorizing memories. Membranes
that just hum triumphantly when you change.
Adrenaline doesn't drain. Writers just recuperate.
Recuperation should never need memorial.

Molech Practitioners

So far away from the Atlanta child murders
yet I remember em solemnly.
Hysteria era and young male coloreds.
Sermons on Pharaoh and Herod and
the importance of listening up
as if your life depended on it.

Our murder somehow ordained.
Found in the Lord's word. INSANE!
Revered in some circles these lynchings
similar these Molech sacrifices, pro-lifers.
PRO-CHOICE from this boy. Compromising
voice. It never occurred I'd be responsible
or unresponsive when my own offsprings were
on the line. A random Knight in Atlanta. Another
panther economically cancerous. Sell drugs and
Thug. Initiation, security. The arguments that there wasn't any GOD to help us
louder than
Gangster Rap records. Yet our murders made us
consider why were we the necessary sacrifices to
secure the houses of others. Pharaohs, Herods, Americas.

Troy Ulysses Davis

Mp (Acrostic)

Magician jaded.
Performance perfection.

Mastered jargon.
Physically, effortlessly.

Multiple renditions.
Plagued, ritualistic.

Major jazz.
Pleiades awarded.

Troy Ulysses Davis

New Jersey (Mirrored Acrostic)

Not a bad place to become a man
Escape the lore of fast money, exercise.
Work helps us escape hardship's window

Justice usually charges a short Hajj.
Emerging into a small empire.
Ready for the world afar.
Sometimes feel you're stuck in Genesis
Entrance is easy and escape
yearns are usually abandoned early.

Troy Ulysses Davis

Nightshifts (Haiku)

Calm and serene
moments during sunrise
measure my blessings.

Troy Ulysses Davis

Nineteen Hundreds

The sixties were faster
cause the thirties were mastered.
World Wars, natural disasters.
Courageous ran to catastrophe.
It should be that way naturally.

Korea so soon after World War 2.
A few bolts and screws loose.
A new Hiroshima wouldn't do.
So many skirmishes to choose
America tired of soldier blues.

The eighties were faster
cause economics were mastered.
Political minds thought as capitalist.
On every level of politics, doors opened.
Ready for business, company decisions.

The power of the inkpen.
The remedy for labor
in the red too long, needing saviors.
The capitalist and his successes.
Rivaled communism, questionable oppression.

Troy Ulysses Davis

Demonstrate staying power.
Entering at will.

Older writers outraged!
